DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[IDI-29793]

Notice of Proposed Withdrawal Extension and Opportunity for Public Meeting for the Grays Lake National Wildlife Refuge Headquarters; Idaho

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: The Department of the Interior proposes to extend the duration of Public Land Order (PLO) No. 7130 for an additional 20-year term. PLO No. 7130 transferred jurisdiction of 37.5 acres of public land withdrawn from settlement, sale, location, or entry under the public land laws, including the United States mining laws, from the U.S. Forest Service (USFS) to the U.S. Fish and Wildlife Service (FWS) to protect the Grays Lake National Wildlife Refuge Headquarters in Bonneville County. PLO No. 7130 will expire on March 30, 2015, unless extended. This notice gives an opportunity for the public to comment and request a public meeting on the proposed withdrawal extension.

DATES: Comments and requests for a public meeting must be received by October 23, 2013.

ADDRESSES: Comments and meeting requests should be sent to the U.S. Fish and Wildlife Service, Realty Branch, 911 NE 11th Avenue, Portland, Oregon 97232.

FOR FURTHER INFORMATION CONTACT:

Laura Underhill, Bureau of Land Management (BLM) Idaho State Office 208-373-3866 or Wayne Hill, Realty Branch Chief, U.S. Fish and Wildlife Service, 503-231-2236. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 to contact either of the above individuals. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question with either of the above individuals. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The withdrawal created by PLO No. 7130 (60 FR 16585 (1995)), which transferred jurisdiction of 37.5 acres of public land withdrawn for use by the USFS to the FWS to protect the Grays Lake National Wildlife Refuge Headquarters, will expire on March 30, 2015, unless extended. PLO No. 7130 is incorporated herein by reference. The FWS filed a petition/application to extend PLO No. 7130 for an additional 20-year term. The PLO withdrew 37.5 acres of public land from settlement, sale, location, and entry under the public land laws, including the United States mining laws. The land has been and remains open to mineral leasing.

The purpose of the proposed withdrawal extension is to continue to protect the Grays Lake National Wildlife Refuge Headquarters capital investments and will cover the same area currently withdrawn.

The use of a right-of-way, interagency agreement, or cooperative agreement would not adequately constrain nondiscretionary uses which could result in permanent loss of significant values and capital investments.

A water right with a priority date of 1969 is in place for stock water, domestic, fire protection, and administrative purposes. The current owner is listed as FWS.

You may examine records relating to the application by contacting the FWS Realty Branch at the above address or by telephone at 503-231-2236 or Laura Underhill, BLM Idaho State Office, 1387 S. Vinnell Way, Boise, Idaho 83709 or by telephone at 208-373-3866.

For a period until October 23, 2013, all persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal extension may present their views in writing to the FWS, at the address noted above. Comments, including names and street addresses of respondents, will be available for public review at the U.S. Fish and Wildlife Services, Realty Branch, 911 NE 11th

Avenue, Portland, Oregon 97232 during regular business hours, 7:30 a.m. to 4:30 p.m., Monday through Friday, except Federal holidays.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Notice is hereby given that an opportunity for a public meeting is afforded in connection with the proposed withdrawal. All interested persons who desire a public meeting for the purpose of being heard on the proposed withdrawal extension must submit a written request to the FWS Realty Branch Chief at the address indicated above by October 23, 2013. Upon determination by the authorized officer that a public meeting will be held, a notice of the time and place will be published in the **Federal Register** and a newspaper having a general circulation in the vicinity of the land at least 30 days before the scheduled date of the meeting.

This application will be processed in accordance with the regulations set forth in 43 CFR 2310.

The temporary closure area comprises 14,153 acres, more or less, in Pershing County, Nevada.

The public closure is necessary for the period of time from August 12, 2013, through September 16, 2013, because of the Burning Man event activities in the area, starting with fencing the site perimeter, final setup, the actual event (August 25 through September 2), initial phases of cleanup, and concluding with final site cleanup.

The public closure area comprises about 13 percent of the Black Rock Desert playa. Public access to other areas of the playa will remain open and the other 87 percent of the playa outside the temporary closure area will remain open to dispersed casual use.

The event area is contained within the temporary closure area. The event area is defined as the portion of the temporary closure area (1) entirely contained within the event perimeter fence, including 50 feet from the outside of the event perimeter fence; and (2) within 25 feet from the outside edge of the event access road; and includes the entirety of the aircraft parking area outside the event perimeter fence.

The temporary closure and temporary restrictions are necessary to provide a safe environment for the participants of the Burning Man event and to members of the public visiting the Black Rock Desert, and to protect public land resources by addressing law enforcement and public safety concerns associated with the event. The event is expected to attract approximately 68,000 participants to a remote rural area, more than 90 miles from urban infrastructure and support, including law enforcement, public safety, transportation, and communication services. During the event, Black Rock City, the temporary city associated with the event, becomes the tenth-largest population area in Nevada. This event is authorized on public land under Special Recreation Permit #NVW03500-13-01.

While a majority of Burning Man event participants do not violate event rules or BLM rules and regulations, a few participants at previous events have caused law enforcement and public safety incidents similar to those observed in urban areas of similar-size populations. Incidents that have required BLM law enforcement action in prior years include: Aircraft crashes; motor vehicle accidents with injuries

both within and outside the event perimeter; fights; sexual assault; assault on law enforcement officers; reckless or threatening behavior; crimes against property; crowd control issues; possession and unlawful use of alcoholic beverages; endangerment of themselves or others; possession, use, and distribution of controlled substances; and increased use of public lands outside the event perimeter.

The Burning Man event takes place within Pershing County, a rural county with a small population and a small Sheriff's Department. Pershing County has limited ability to provide law enforcement officers to work at the event. The temporary closure and temporary restrictions are necessary to enable BLM law enforcement personnel to provide for public safety and to protect the environment on public lands, as well as to support State and local law enforcement agencies with enforcement of existing laws.

Use of the Black Rock playa by up to 68,000 participants creates potential impacts to public resources associated with disposal of wastes and litter. Implementation of the temporary restrictions will increase interaction with and education of users by BLM law enforcement and educational staff which will indirectly increase appreciation and protection of the public resources.

A temporary closure and temporary restrictions order, under the authority of 43 CFR 8364.1, is appropriate for a single event. A temporary closure and temporary restrictions order is specifically tailored to the timeframe that is necessary to provide a safe environment for the public and for participants at the Burning Man event, and to protect public land resources while avoiding imposing restrictions that may not be necessary in the area during the remainder of the year.

The BLM will post information signs and maps about the temporary closure and temporary restrictions at main entry points around the playa, at the BLM Winnemucca District Office, at the Nevada State Office, and at the Black Rock Visitor Center and on the BLM's Web site: www.blm.gov/nv/st/en/fo/wfo.html.

Under the authority of Section 303(a) of FLPMA, 43 CFR 8360.0-7, and 43 CFR 8364.1, the BLM will enforce a temporary public closure and the following temporary restrictions within and adjacent to the Burning Man event on the Black Rock Desert playa:

I. Temporary Restrictions

A. Aircraft Landing

The public closure area is closed to aircraft landing, taking off, and taxiing. Aircraft is defined in Title 18, U.S.C., section 31 (a)(1) and includes lighter-than-air craft and ultra-light craft. The following exceptions apply:

1. All aircraft operations, including ultra-light and helicopter landings and takeoffs will occur at the designated 88NV Black Rock City Airport landing strips and areas defined by airport management. All takeoffs and landings will occur only during the hours of operation of the airport as described in the Burning Man Operating Plan. All pilots that use the Black Rock City Airport must agree to and abide by the published airport rules and regulations.

2. Only helicopters providing emergency medical services may land at the designated Emergency Medical Services helicopter pad or at other locations when required for medical incidents. The BLM authorizing officer or his delegated representative may approve other helicopter landings and takeoffs when deemed necessary for the benefit of the law enforcement operation.

3. Landings or takeoffs of lighter-than-air craft previously approved by the BLM authorized officer.

B. Alcohol

1. Possession of an open container of an alcoholic beverage by the driver or operator of any motorized vehicle, whether or not the vehicle is in motion, is prohibited.

2. Possession of alcohol by minors

(a) The following are prohibited:

(1) Consumption or possession of any alcoholic beverage by a person under 21 years of age on public lands.

(2) Selling, offering to sell, or otherwise furnishing or supplying any alcoholic beverage to a person under 21 years of age on public lands.

3. Operation of a motor vehicle while under the influence

(a) Title 43 CFR 8341.1(f)3 prohibits the operation of an off-road motor vehicle on public land while under the influence of alcohol, narcotics, or dangerous drugs.

(b) In addition to the prohibition found in subsection (f)3, it is prohibited for any person to operate or be in actual physical control of a motor vehicle while:

(1) The operator is under the combined influence of alcohol, a drug, or drugs to a degree that renders the operator incapable of safe operation of that vehicle; or

(2) The alcohol concentration in the operator's blood or breath is 0.08 grams

or more of alcohol per 100 milliliters of blood or 0.08 grams or more of alcohol per 210 liters of breath.

(3) It is unlawful for any person to drive or be in actual physical control of a vehicle on a highway or on premises to which the public has access with an amount of a prohibited substance in his or her urine or blood that is equal to or greater than the following nanograms per milliliter (ng/ml):

(a) Amphetamine: urine, 500 ng/ml; blood, 100 ng/ml

(b) Cocaine: urine, 150 ng/ml; blood, 50 ng/ml

(c) Cocaine metabolite: urine, 150 ng/ml; blood, 50 ng/ml

(d) Heroin: urine, 2,000 ng/ml; blood, 50 ng/ml

(e) Heroin metabolite:

(1) Morphine: urine, 2,000 ng/ml; blood, 50 ng/ml

(2) 6-monoacetyl morphine: urine, 10 ng/ml; blood, 10 ng/ml

(f) Lysergic acid diethylamide: urine, 25 ng/ml; blood, 10 ng/ml

(g) Marijuana: urine, 10 ng/ml; blood, 2 ng/ml

(h) Marijuana metabolite: urine, 15 ng/ml; blood, 5 ng/ml

(i) Methamphetamine: urine, 500 ng/ml; blood, 100 ng/ml

(j) Phencyclidine: urine, 25 ng/ml; blood, 10 ng/ml

(c) Tests:

(1) At the request or direction of any law enforcement officer authorized by the Department of the Interior to enforce this closure and restriction order, who has probable cause to believe that an operator of a motor vehicle has violated a provision of paragraph (a) or (b) of this section, the operator shall submit to one or more tests of the blood, breath, saliva, or urine for the purpose of determining blood alcohol and drug content.

(2) Refusal by an operator to submit to a test is prohibited and proof of refusal may be admissible in any related judicial proceeding.

(3) Any test or tests for the presence of alcohol and drugs shall be determined by and administered at the direction of an authorized law enforcement officer.

(4) Any test shall be conducted by using accepted scientific methods and equipment of proven accuracy and reliability operated by personnel certified in its use.

(d) Presumptive levels

(1) The results of chemical or other quantitative tests are intended to supplement the elements of probable cause used as the basis for the arrest of an operator charged with a violation of paragraph (a) of this section. If the alcohol concentration in the operator's blood or breath at the time of testing is

less than alcohol concentrations specified in paragraph (b)(2) of this section, this fact does not give rise to any presumption that the operator is or is not under the influence of alcohol.

(2) The provisions of paragraph (d)(1) of this section are not intended to limit the introduction of any other competent evidence bearing upon the question of whether the operator, at the time of the alleged violation, was under the influence of alcohol, a drug or multiple drugs, or any combination thereof.

4. Definitions:

(a) Open container: Any bottle, can, or other container which contains an alcoholic beverage, if that container does not have a closed top or lid for which the seal has not been broken. If the container has been opened one or more times, and the lid or top has been replaced, that container is an open container.

(b) Possession of an open container includes any open container that is physically possessed by the driver or operator, or is adjacent to and reachable by that driver or operator. This includes but is not limited to containers in a cup holder or rack adjacent to the driver or operator, containers on a vehicle floor next to the driver or operator, and containers on a seat or console area next to a driver or operator.
