SUPPLEMENTARY INFORMATION: Title:

Enhancing Completion Rates for SNAP (Supplemental Nutrition Assistance Program) Quality Control Reviews.

OMB Number: Not yet assigned.

Expiration Date: Not yet determined.

Type of Request: New collection of information.

Abstract:

Section 17 [7 U.S.C. 2026] (a)(1) of the Food and Nutrition Act of 2008, provides general legislative authority for the planned data collection. It authorizes the Secretary of Agriculture to enter into contracts with private institutions to undertake research that will help improve the administration and effectiveness of SNAP in delivering nutrition-related benefits.

States conduct monthly quality control (QC) reviews of a statistical sample of households participating in SNAP to assess the validity of SNAP cases and, ultimately, the error rate for SNAP. This requires completing as many reviews as possible. However, beginning in 1985, the completion rate of sampled QC reviews decreased nationally, reaching a low in FY 2006. The completion rate has increased somewhat since then, but not to previous levels. Completion rates vary considerably among States as well. This research will identify the factors associated with incomplete reviews in active SNAP cases and recommend ways to enhance completion rates for SNAP QC reviews.

Primary data collected from persons involved in conducting and monitoring the QC reviews and extant State administrative data, will be analyzed to compare information across the States; provide descriptive estimates of the contribution to payment error associated with incomplete reviews; and assess the need to adjust the current procedures for treating incomplete cases.

The information collection includes site visits at six State agencies, in-depth (semi-structured) interviews with SNAP

QC staff during those site visits, and Web and telephone interviews with SNAP QC staff in the remaining 47 States not being visited. The SNAP QC director, up to two SNAP QC supervisors and up to five State QC reviewers from each State will be interviewed.¹

The specific research objectives are to: describe the process of conducting a QC review at the State and Federal levels; describe the characteristics of incomplete cases and compare them to complete cases using extant administrative case file data; describe the challenges and best practices in the QC review process at the State level; determine whether incomplete cases are being reviewed and processed correctly; determine the impact of incomplete cases on overall payment error; and determine the extent to which incomplete cases bias the data in the QC database.

Affected Public:

State Employees: Respondent groups identified include (1) State QC directors, if the position exists or State SNAP directors, in all 53 SNAP States; (2) State QC supervisors in 53 SNAP States, up to 2 per State (if more than 2 in a State, selected as a sample of convenience); and (3) State QC reviewers from 53 SNAP States, up to 5 per State (if more than 5 in a State, selected as a sample of convenience).

Estimated Number of Respondents:

The total estimated number of respondents is 424. This includes 53 State QC or State SNAP directors (1 in the pretest, 100 percent of whom will complete interviews; 6 in person, 100 percent of whom will complete interviews; and 46 online or by telephone, 78 percent of whom will complete surveys); 106 State QC supervisors (3 in the pretest, 100 percent of whom will complete interviews; 12 in person, 100 percent of whom will complete interviews; and 91 online or by telephone, 81 percent of whom will complete surveys); and 265 State QC reviewers (5 in the pretest, 100 percent of whom will complete interviews; 30 in person, 100 percent of whom will complete interviews; and 230 online or by telephone, 81 percent of whom will complete surveys).

Estimated Number of Responses per Respondent:

¹ Additional information contributing to this research will be collected from FNS regional offices and staff acting in their official capacities (not subject to OMB approval) and SNAP participants sampled for QC with incomplete reviews (OMB approval previously granted for the QC Review Schedule (0584-0299) and Worksheet for QC Reviews (0584-0074)).

All respondents (State SNAP QC directors or State SNAP directors, State SNAP QC supervisors, and State SNAP QC reviewers) will respond once each, either one in-person interview or one Web or telephone survey. In addition, all SNAP QC directors will be contacted with an advance letter and six will receive follow-up communications to arrange site visits.

Estimated Total Annual Responses:

The estimated total annual responses is 1,040, including initial recruitment and coordination communications, pretests and completed interviews and surveys.

Estimated Time per Response:

Response times may vary from 0.05 to 1 hour depending on actual activity and respondent group. The estimated time per interview is 0.5 hours to 1 hour, depending on respondent group and

interview mode, as shown in the table below.

Estimated Total Annual Burden on Respondents:

The estimated total annual burden on respondents is 255.60 hours (including recruitment communications and completed and attempted interviews and surveys). See the table below for estimated total annual burden for each type of respondent.

Child and Adult Care Food Program: National Average Payment Rates, Day Care Home Food Service Payment Rates, and Administrative Reimbursement Rates for Sponsoring Organizations of Day Care Homes for the Period July 1, 2013 Through June 30, 2014

AGENCY: Food and Nutrition Service, USDA.

ACTION: Notice.

SUMMARY: This notice announces the annual adjustments to the national average payment rates for meals and snacks served in child care centers, outside-school-hours care centers, at-risk afterschool care centers, and adult day care centers; the food service payment rates for meals and snacks served in day care homes; and the administrative reimbursement rates for sponsoring organizations of day care homes, to reflect changes in the Consumer Price Index. Further adjustments are made to these rates to reflect the higher costs of providing meals in the States of Alaska and Hawaii. The adjustments contained in this notice are made on an annual basis each July, as required by the laws and regulations governing the Child and Adult Care Food Program.

DATES: These rates are effective from July 1, 2013 through June 30, 2014.
FOR FURTHER INFORMATION CONTACT: Tina Namian, Section Head, Policy and Program Development Branch, Child Nutrition Division, Food and Nutrition Service, U.S. Department of Agriculture, 3101 Park Center Drive, Room 640, Alexandria, Virginia 22302-1594, 703-305-2590.

SUPPLEMENTARY INFORMATION:

Definitions

The terms used in this notice have the meanings ascribed to them in the Child and Adult Care Food Program regulations, 7 CFR part 226.

Background

Pursuant to sections 4, 11, and 17 of the Richard B. Russell National School Lunch Act (42 U.S.C. 1753, 1759a and 1766), section 4 of the Child Nutrition Act of 1966 (42 U.S.C. 1773) and 7 CFR 226.4, 226.12 and 226.13 of the Program regulations, notice is hereby given of the new payment rates for institutions participating in the Child and Adult Care Food Program (CACFP). These rates are in effect during the period, July 1, 2013 through June 30, 2014.

As provided for under the law, all rates in the CACFP must be revised annually, on July 1, to reflect changes in the Consumer Price Index (CPI), published by the Bureau of Labor Statistics of the United States Department of Labor, for the most recent 12-month period. In accordance with this mandate, the United States Department of Agriculture (USDA) last published the adjusted national average payment rates for centers, the food service payment rates for day care homes, and the administrative

reimbursement rates for sponsoring organizations of day care homes, for the period from July 1, 2012 through June 30, 2013, on July 24, 2012, in the **Federal Register** at 77 FR 43229.

Adjusted Payments

The following national average payment factors and food service payment rates for meals and snacks are in effect from July 1, 2013 through June 30, 2014. All amounts are expressed in dollars or fractions thereof. Due to a higher cost of living, the reimbursements for Alaska and Hawaii are higher than those for all other States. The District of Columbia, Virgin Islands, Puerto Rico, and Guam use the figures specified for the contiguous States. These rates do not include the value of USDA foods or cash-in-lieu of USDA foods which institutions receive as additional assistance for each lunch or supper served to participants under the Program. A notice announcing the value of USDA foods and cash-in-lieu of USDA foods is published separately in the **Federal Register**.
