**SUPPLEMENTARY INFORMATION:** This ICR contains policies and application and reporting procedures for State and local entities, to enable them to access funds for National Emergency Grant (NEG) programs. A NEG is a discretionary grant intended to complement the resources and service capacity at the State and local area levels, by providing supplemental funding for workforce development and employment services and other adjustment assistance for dislocated workers and other eligible individuals as defined in Workforce Investment Act sections 101, 134, and 173 and in the Trade Act, as amended by the Trade and Globalization Assistance Act of 2009.

This ICR has been classified as a revision, because a number of changes are being proposed. Specifically, the previous submission inadvertently included a Trade Adjustment Assistance Certification Report. The report is not a form generated by the NEG program. In addition, changes are being proposed for several forms covered by the ICR. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on May 29, 2013 (78 FR 32277).

The current approval is scheduled to expire on July 31, 2013; however, it should be noted that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. New requirements would only take effect upon OMB approval.

- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.
