

assess antidumping duties pending resolution of the associated litigation.

For any individually examined respondents whose weighted-average dumping margin is above *de minimis*, we will calculate importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of dumping calculated for the importer's examined sales to the total entered value of those same sales in accordance with 19 CFR 351.212(b)(1).

We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review when the importer-specific assessment rate calculated in the final results of this review is above *de minimis*. Where either the respondent's weighted-average dumping margin is zero or *de minimis*,⁴ or an importer-specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

The Department clarified its "automatic assessment" regulation on May 6, 2003.⁵ This clarification will apply to entries of subject merchandise during the POR produced by Ehwa and Shinhan for which these companies did not know that their merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate involved in the transaction. For a full discussion of this clarification, see *Assessment Policy Notice*.

Although the HTS subheadings are provided for convenience and customs purposes, our written description of the scope of the Agreement is dispositive. For a full description of the scope of this Agreement, see *Suspension of Antidumping Duty Investigation: Certain Cut-to-Length Carbon Steel Plate From Ukraine*, 73 FR 57602 (October 3, 2008) (Agreement), Appendix A.

Methodology and Preliminary Results

On September 29, 2008, the Department signed an agreement under section 734(b) of the Tariff Act of 1930, as amended (the Act), with Ukrainian steel producers/exporters, including Azovstal and Ilyich, suspending the antidumping duty investigation on CTL plate from Ukraine. See Agreement. On November 30, 2012, Nucor Corporation submitted a request for an administrative review of the Agreement for CTL plate produced by Metinvest or any of its affiliates. Metinvest owns the Ukrainian CTL plate producers, Azovstal and Ilyich, and sells the companies' products to the United States.¹

¹ See, e.g., the Public Version of the February 4, 2011, "Verification Report: Metinvest International, SA" at pages 1 and 2 and Public Version of Metinvest's September 7, 2012, Narrative Section A Questionnaire Response at pages 8-10.

The review was initiated on December 31, 2012, for the November 1, 2011 through October 31, 2012 period of review. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part*, 77 FR 77017 (December 31, 2012). On January 22, 2013, the Department issued its questionnaire to Metinvest, the common parent of Azovstal and Ilyich (collectively, the companies). The companies submitted their joint response on March 1, 2013.

The Department has conducted this review in accordance with section 751(a)(1)(C) of the Act, which specifies that the Department shall “review the current status of, and compliance with, any agreement by reason of which an investigation was suspended.” In this case, the Department, Azovstal and Ilyich signed the Agreement suspending the underlying antidumping duty investigation on September 29, 2008. Pursuant to the Agreement, each signatory producer/exporter individually agrees to make any necessary price revisions to eliminate completely any amount by which the normal value (NV) of the subject merchandise exceeds the U.S. price of its merchandise subject to the Agreement. See Agreement, 73 FR 57602, 57603. Our review of the information submitted by the companies indicates that they have adhered to the terms of the Agreement and that the Agreement is functioning as intended. For a full description of the methodology underlying our conclusions, see “Decision Memorandum for Preliminary Results of Administrative Review of the Agreement Suspending the Antidumping Duty Investigation on Certain Cut-to-Length Carbon Steel Plate from Ukraine” from Lynn Fischer Fox, Deputy Assistant Secretary of Policy and Negotiations to Paul Piquado, Assistant Secretary for Import Administration (Preliminary Decision Memorandum), dated concurrently with these results and hereby adopted by this notice. The Preliminary Decision Memorandum is a public document and is made available to the public via Import Administration’s Antidumping and Countervailing Duty Centralized Electronic Service System (IA ACCESS). IA ACCESS is available to registered users at <https://iaaccess.trade.gov> and in the Department’s Central Records Unit, located in room 7046 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be found on the Internet at <http://www.trade.gov/ia>. The signed
