

purposes. The written description of the scope of the order is dispositive.

Methodology

The Department has conducted this review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found countervailable, we preliminarily determine that there is a subsidy, *i.e.*, a government-provided financial contribution that gives rise to a benefit to the recipient, and that the subsidy is specific.¹ For a full description of the methodology underlying our conclusions, *see* the Memorandum from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations to Paul Piquado, Assistant Secretary for Import Administration, titled Decision Memorandum for the Preliminary Results of Countervailing Duty (CVD) Administrative Review: Polyethylene Terephthalate Film, Sheet and Strip from India (Preliminary Decision Memorandum), dated concurrently with these results and hereby adopted by this notice.

The Preliminary Decision Memorandum is a public document and is on file electronically via Import Administration's Antidumping and Countervailing Duty Centralized Electronic Service System (IA ACCESS). IA ACCESS is available to registered users at <http://iaaccess.trade.gov> and in the Central Records Unit, room 7046 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly on the Internet at <http://www.trade.gov/ia>. The signed Preliminary Decision Memorandum and the electronic versions of the Preliminary Decision Memorandum are identical in content.

Preliminary Results of Review

As a result of this review, we preliminarily determine a net countervailable subsidy rate of 2.84 percent *ad valorem* for SRF, for the period January 1, 2011, through December 31, 2011.

Assessment and Cash Deposit Requirements

If these preliminary results are adopted in our final results of this review, 15 days after publication of the final results of this review the Department intends to instruct U.S. Customs and Border Protection (CBP) to

liquidate shipments of subject merchandise produced and/or exported by SRF entered or withdrawn from warehouse, for consumption from January 1, 2011, through December 31, 2011, at 2.84 percent *ad valorem* of the entered value.

The Department intends also to instruct CBP to collect cash deposits of estimated CVDs at the rate of 2.84 percent *ad valorem* of the entered value on shipments of the subject merchandise produced and exported by SRF, entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this review. We intend to instruct CBP to continue to collect cash deposits for non-reviewed companies at the applicable company-specific CVD rate for the most recent period or all-others rate established in the investigation. These deposit rates, when imposed, shall remain in effect until further notice.

Disclosure and Public Hearing

The Department will disclose to parties to this proceeding the calculations performed in reaching the preliminary results within five days of the date of publication of these preliminary results.² Interested parties may submit written comments (case briefs) within 30 days of publication of the preliminary results and rebuttal comments (rebuttal briefs) within five days after the time limit for filing case briefs.³ Pursuant to 19 CFR 351.309(d)(2), rebuttal briefs must be limited to issues raised in the case briefs. Parties who submit arguments are requested to submit with the argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities. All briefs must be filed electronically and received successfully through IA ACCESS.

Interested parties who wish to request a hearing, or to participate if one is requested, must do so within 30 days of publication of these preliminary results by submitting a written request to the Assistant Secretary for Import Administration, U.S. Department of Commerce, using Import Administration's IA ACCESS system.⁴ Requests should contain the party's name, address, and telephone number, the number of participants, and a list of the issues to be discussed. If a request for a hearing is made, we will inform parties of the scheduled date for the hearing which will be held at the U.S. Department of Commerce, 14th Street

and Constitution Avenue NW., Washington, DC 20230, at a time and location to be determined.⁵ Parties should confirm by telephone the date, time, and location of the hearing.

Unless the deadline is extended pursuant to section 751(a)(3)(A) of the Act, the Department will issue the final results of this administrative review, including the results of our analysis of the issues raised by the parties in their comments, within 120 days after issuance of these preliminary results.

These preliminary results of review are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(4).

Lemon Juice From Mexico: Termination of Suspended Investigation

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the determination by the International Trade Commission (the "ITC") that termination of the suspended antidumping duty investigation on lemon juice from Mexico would not be likely to lead to the continuation or recurrence of material injury to an industry in the United States, the Department of Commerce (the "Department") is terminating the suspended antidumping duty investigation. As a result, the Department is also terminating the Agreement Suspending the Antidumping Investigation on Lemon Juice from Mexico (the "Agreement").

⁴ See 19 CFR 351.310(c).

Background

On August 1, 2012, pursuant to section 751(c) of the Tariff Act of 1930, as amended (“the Act”), the Department initiated the first sunset review of the suspended antidumping duty investigation on lemon juice from Mexico.¹ On August 1, 2012, pursuant to section 752 of the Act, the ITC instituted the first sunset review of the suspended antidumping duty investigation on lemon juice from Mexico.² As a result of its review, on June 28, 2013, the Department found that termination of the suspended antidumping duty investigation on lemon juice from Mexico would likely lead to continuation or recurrence of dumping.³ The Department thus notified the ITC of the magnitude of the margins of dumping rates likely to prevail if the suspended investigation were terminated.

On August 1, 2013, the ITC published its determination, pursuant to section 751(c) of the Act, that termination of the antidumping duty suspended investigation on lemon juice from Mexico would not be likely to lead to the continuation or recurrence of material injury within a reasonably foreseeable time.⁴

Therefore, pursuant to section 351.222(i)(1)(iii) of the Department’s regulations, the Department is publishing this notice of the termination of the suspended antidumping duty investigation on lemon juice from Mexico.

Scope of the Suspended Investigation

The merchandise covered by the suspended investigation includes certain lemon juice for further manufacture, with or without addition of preservatives, sugar, or other sweeteners, regardless of the GPL (grams per liter of citric acid) level of concentration, brix level, brix/acid ratio, pulp content, clarity, grade, horticulture method (e.g., organic or not), processed form (e.g., frozen or not-from-concentrate), FDA standard of identity, the size of the container in which packed, or the method of packing.

Excluded from the scope are: (1) lemon juice at any level of concentration packed in retail-sized

containers ready for sale to consumers, typically at a level of concentration of 48 GPL; and (2) beverage products such as lemonade that typically contain 20% or less lemon juice as an ingredient.

Lemon juice is classifiable under subheadings 2009.39.6020, 2009.31.6020, 2009.31.4000, 2009.31.6040, and 2009.39.6040 of the Harmonized Tariff Schedule of the United States (HTSUS). While HTSUS subheadings are provided for convenience and customs purposes, our written description of the scope of this suspended investigation is dispositive.

Termination

As a result of the determination by the ITC that termination of the suspended antidumping duty investigation would not be likely to lead to continuation or recurrence of material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, the Department is terminating the suspended antidumping duty investigation on lemon juice from Mexico. Pursuant to section 751(d)(2) of the Act and 19 CFR 351.222(i)(2)(i), the effective date of termination is September 21, 2012 (i.e., the fifth anniversary of the effective date of publication in the **Federal Register** of the notice of suspension of investigation).⁵ Because the Department is terminating the suspended antidumping duty investigation, the Agreement will also terminate, effective September 21, 2012.

Administrative Protective Order

This notice also serves as the only reminder to parties subject to administrative protective order (“APO”) of their responsibility concerning the return/destruction or conversion to judicial protective order of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Failure to comply is a violation of the APO which may be subject to sanctions. These five-year (sunset) reviews and notice are in accordance with section 751(d)(2) the Act and published pursuant to section 777(i)(1) of the Act.
