purposes. The written description of the scope of the order is dispositive.

Methodology

The Department has conducted this review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found countervailable, we preliminarily determine that there is a subsidy, i.e., a government-provided financial contribution that gives rise to a benefit to the recipient, and that the subsidy is specific.\(^1\) For a full description of the methodology underlying our conclusions, see the Memorandum from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations to Paul Piquado, Assistant Secretary for Import Administration, titled Decision Memorandum for the Preliminary Results of Countervailing Duty (CVD) Administrative Review: Polyethylene Terephthalate Film, Sheet and Strip from India (Preliminary Decision Memorandum), dated concurrently with these results and hereby adopted by this notice.

The Preliminary Decision Memorandum is a public document and is on file electronically via Import Administration’s Antidumping and Countervailing Duty Centralized Electronic Service System (IA ACCESS). IA ACCESS is available to registered users at http://iaaccess.trade.gov and in the Central Records Unit, room 7046 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly on the Internet at http://ia.access.gov/ia. The signed Preliminary Decision Memorandum and the electronic versions of the Preliminary Decision Memorandum are identical in content.

Preliminary Results of Review

As a result of this review, we preliminarily determine a net countervailable subsidy rate of 2.84 percent \(ad\ valorem\) for SRF, for the period January 1, 2011, through December 31, 2011.

Assessment and Cash Deposit Requirements

If these preliminary results are adopted in our final results of this review, 15 days after publication of the final results of this review the Department intends to instruct U.S. Customs and Border Protection (CBP) to

\(^1\) See sections 771(5)(B) and (D) of the Act regarding financial contribution; section 771(5)(E) of the Act regarding benefit; and section 771(5A) of the Act regarding specificity.

Background

On August 1, 2012, pursuant to section 751(c) of the Tariff Act of 1930, as amended (“the Act”), the Department initiated the first sunset review of the suspended antidumping duty investigation on lemon juice from Mexico.1 On August 1, 2012, pursuant to section 752 of the Act, the ITC instituted the first sunset review of the suspended antidumping duty investigation on lemon juice from Mexico.2 As a result of its review, on June 28, 2013, the Department found that termination of the suspended antidumping duty investigation on lemon juice from Mexico would likely lead to continuation or recurrence of dumping.3 The Department thus notified the ITC of the magnitude of the margins of dumping rates likely to prevail if the suspended investigation were terminated.

On August 1, 2013, the ITC published its determination, pursuant to section 751(c) of the Act, that termination of the suspended antidumping duty investigation on lemon juice from Mexico would not be likely to lead to the continuation or recurrence of material injury within a reasonably foreseeable time.4 Therefore, pursuant to section 351.222(i)(1)(ii) of the Department’s regulations, the Department is publishing this notice of the termination of the suspended antidumping duty investigation on lemon juice from Mexico.

Scope of the Suspended Investigation

The merchandise covered by the suspended investigation includes certain lemon juice for further manufacture, with or without addition of preservatives, sugar, or other sweeteners, regardless of the GPL (grams per liter of citric acid) level of concentration, brix level, brix/acid ratio, pulp content, clarity, grade, horticulture method (e.g., organic or not), processed form (e.g., frozen or not-from-concentrate), FDA standard of identity, the size of the container in which packed, or the method of packing. Excluded from the scope are: (1) lemon juice at any level of concentration packed in retail-sized containers ready for sale to consumers, typically at a level of concentration of 48 GPL; and (2) beverage products such as lemonade that typically contain 20% or less lemon juice as an ingredient.

Termination

As a result of the determination by the ITC that termination of the suspended antidumping duty investigation would not be likely to lead to continuation or recurrence of material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, the Department is terminating the suspended antidumping duty investigation on lemon juice from Mexico. Pursuant to section 751(d)(2) of the Act and 19 CFR 351.222(i)(2)(i), the effective date of termination is September 21, 2012 (i.e., the fifth anniversary of the effective date of publication in the Federal Register of the notice of suspension of investigation).5 Because the Department is terminating the suspended antidumping duty investigation, the Agreement will also terminate, effective September 21, 2012.

Administrative Protective Order

This notice also serves as the only reminder to parties subject to administrative protective order (“APO”) of their responsibility concerning the return/destruction or conversion to judicial protective order of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Failure to comply is a violation of the APO which may be subject to sanctions. These five-year (sunset) reviews and notice are in accordance with section 751(d)(2) of the Act and published pursuant to section 777(i)(l) of the Act.

Dated: August 1, 2013.
Paul Piquado,
Assistant Secretary for Import Administration.

SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for revision and extension of a current information collection.

The Magnuson-Stevens Fishery Conservation and Management Act (Magnuson Stevens Act) authorizes the establishment of Regional Fishery Management Councils to exercise sound judgment in the stewardship of fishery resources through the preparation, monitoring, and revision of such fishery management plans under circumstances (a) which will enable the States, the fishing industry, consumers, environmental organizations, and other interested persons to participate in the development of such plans, and (b) which take into account the social and economic needs of fishermen and dependent communities.

Section 302(j) of the Magnuson-Stevens Act requires that Council members appointed by the Secretary, Scientific and Statistical Committee (SSC) members appointed by a Council under Section 302(g)(1), or individuals nominated by the Governor of a State for
