POLICY JUSTIFICATION

Iraq—Multi-Platform Maintenance Support, On-The-Job Maintenance Training and Maintenance Advice

The Government of Iraq has requested a possible sale to provide for a five year follow-on maintenance support for the M88A1 Recovery Vehicle, M88A2 Hercules, M113 Family of Vehicles, M109A5 Howitzers, M198 Howitzers, M1070 Heavy Equipment Trailer and Truck (HETT), M977 Heavy Expanded Mobility Tactical Truck (HEMTT), High Mobility Multipurpose Wheeled Vehicle (HMMWV), and the Tactical Floating River Bridge System (TFRBS) including, spare and repair parts, support equipment, publications and technical data, personnel training and training equipment, site surveys, Quality Assurance Teams, U.S. Government and contractor technical assistance, and other related elements of program and logistics support. The estimated cost is \$750 million.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to

improve the security of a strategic partner. This proposed sale directly supports the Iraqi government and serves the interests of the Iraqi people and the United States.

Helping Iraq maintain, sustain, and effectively utilize the equipment it has purchased or received from the United States over the past decade is a U.S. priority. This proposed sale is essential to provide Iraq with the support, spares, services, and equipment necessary to continue its effective use of its ground-based vehicle fleet.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor involved in this program is unknown at this time. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require multiple U.S. Government or contractor representatives to travel to Iraq over period of (5) years to establish maintenance support, on-the-job (OJT) maintenance training and maintenance advice for program and technical support and training.

There will be no adverse impact on United States defense readiness as a result of this proposed sale.

JUL 29 2013

The Honorable John A. Boehner
 Speaker of the House
 U.S. House of Representatives
 Washington, DC 20515

Dear Mr. Speaker:

Pursuant to the reporting requirements of Section 36(b)(1) of the Arms Export Control Act, as amended, we are forwarding herewith Transmittal No. 13-33, concerning the Department of the Air Force's proposed Letter(s) of Offer and Acceptance to Qatar for defense articles and services estimated to cost \$1.1 billion. After this letter is delivered to your office, we plan to issue a press statement to notify the public of this proposed sale.

Sincerely,

William E. Landay III
 William E. Landay III
 Vice Admiral, USN
 Director

POLICY JUSTIFICATION*Qatar—AN/FPS-132 Block 5 Early Warning Radar*

The Government of Qatar has requested a possible sale of one (1) AN/FPS-132 Block 5 Early Warning Radar (EWR) to include Prime Mission Equipment package, technical and support facilities, communication equipment, encryption devices, spare and repair parts, support and test equipment, publications and technical documentation, publications and technical documentation, personnel training and training equipment, U.S. Government and contractor engineering, technical and logistics support services; and related elements of logistics and program support. The estimated cost is \$1.1B.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a friendly country that has been, and continues to be, an important force for political stability and economic progress in the Middle East.

This proposed sale will help strengthen U.S. efforts to promote regional stability by enhancing regional defense to a key U.S. ally. The acquisition of this air defense system would provide a permanent defensive capability to the Qatar Peninsula as well as protection of the economic infrastructure and well-being of Qatar. The proposed sale will help strengthen Qatar's capability to counter current and future threats in the region and reduce dependence on U.S. forces. Qatar will have no difficulty absorbing this radar system into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor will be Raytheon Company in Woburn, Massachusetts. There are no known offset agreements proposed in connection with this potential sale at this time.

Implementation of this proposed sale will require the assignment of additional U.S. Government or contractor representatives to Qatar. The number of U.S. Government and contractor representatives required in Qatar to support the program will be determined in joint negotiations as the program proceeds through the development, production and equipment installation phases.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Transmittal No. 13-33

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) Of the Arms Export Control Act

Annex

Item No. vii

(vii) Sensitivity of Technology:

1. The AN/FPS-132 Block 5 supports Missile Defense, Space Situational Awareness, and Missile Warning mission areas. The Block 5 system employs 3 electronically steered phased array radar faces to survey 360 degree azimuth. The Block 5 system is capable of reporting airborne tracks to a maximum range of up to 2000 km and to a minimum radar cross-section (RCS) of 1 m².

2. If a technologically advanced adversary were to obtain knowledge of the specific hardware or software in this proposed sale, the information could be used to develop countermeasures that might reduce system effectiveness or be used in the development of a system with similar or advanced capabilities.
