#### SUPPLEMENTARY INFORMATION:

##### I. Abstract

This collection of information is needed to detect violations of the Export Administration Act and Regulations, and determine if an investigation or prosecution is necessary and to reach a settlement with violators. Voluntary self-disclosure of EAR violations strengthens BIS's enforcement efforts by allowing BIS to conduct investigations of the disclosed incidents faster than would be the case if BIS had to detect the violations without such disclosures. BIS evaluates the seriousness of the violation and either (1) informs the person making the disclosure that no action is warranted; (2) issues a warning letter; (3) issues a proposed charging letter and attempts to settle the matter;

(4) issues a charging letter if settlement is not reached; and/or (5) refers the matter to the U.S. Department of Justice for criminal prosecution.

**Diamond Sawblades and Parts Thereof From the People's Republic of China: Final Results of Antidumping Duty Changed Circumstances Review**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** On June 19, 2013, the Department of Commerce (the Department) published its preliminary results of a changed circumstances review of the antidumping duty order on diamond sawblades and parts thereof from the People's Republic of China. The Department preliminarily determined that Husqvarna (Hebei) Co., Ltd. is the successor-in-interest to Hebei Husqvarna Jikai Diamond Tools Co., Ltd.<sup>1</sup> We invited parties to comment. No parties submitted comments, and for these final results we continue to find that Husqvarna (Hebei) Co., Ltd. is the successor-in-interest to Hebei Husqvarna Jikai Diamond Tools Co., Ltd.

**DATES:** *Effective Date:* August 8, 2013.

**FOR FURTHER INFORMATION CONTACT:** Yang Jin Chun AD/CVD Operations, Office 1, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-5760.

**SUPPLEMENTARY INFORMATION:** On October 1, 2012, Husqvarna (Hebei) Co., Ltd. requested that the Department

conduct a changed circumstances review to confirm that it is the successor-in-interest to Hebei Husqvarna Jikai Diamond Tools Co., Ltd. for purposes of determining antidumping duty cash deposits and liabilities. On June 19, 2013, the Department preliminarily determined that Husqvarna (Hebei) Co., Ltd. is the successor-in-interest to Hebei Husqvarna Jikai Diamond Tools Co., Ltd.<sup>2</sup> In the *Preliminary Results*, we provided all interested parties with an opportunity to comment or request a public hearing regarding this finding. We received a hearing request from Husqvarna (Hebei) Co., Ltd. but, because we received no comments from interested parties within the time period set forth in the *Preliminary Results*, we did not hold a hearing.<sup>3</sup>

**Scope of the Order**

The products covered by the order are all finished circular sawblades, whether slotted or not, with a working part that is comprised of a diamond segment or segments, and parts thereof, regardless of specification or size, except as specifically excluded below. Within the scope of the order are semifinished diamond sawblades, including diamond sawblade cores and diamond sawblade segments. Diamond sawblade cores are circular steel plates, whether or not attached to non-steel plates, with slots. Diamond sawblade cores are manufactured principally, but not exclusively, from alloy steel. A diamond sawblade segment consists of a mixture of diamonds (whether natural or synthetic, and regardless of the quantity of diamonds) and metal powders (including, but not limited to, iron, cobalt, nickel, tungsten carbide) that are formed together into a solid shape (from generally, but not limited to, a heating and pressing process).

Sawblades with diamonds directly attached to the core with a resin or electroplated bond, which thereby do not contain a diamond segment, are not included within the scope of the order. Diamond sawblades and/or sawblade cores with a thickness of less than 0.025 inches, or with a thickness greater than 1.1 inches, are excluded from the scope of the order. Circular steel plates that have a cutting edge of non-diamond material, such as external teeth that protrude from the outer diameter of the plate, whether or not finished, are excluded from the scope of the order.
