FARM CREDIT ADMINISTRATION

12 CFR Parts 602, 618 and 621

RIN 3052-AC76

Releasing Information; General Provisions; Accounting and Reporting Requirements; Reports of Accounts and Exposures

AGENCY: Farm Credit Administration.

ACTION: Proposed rule.

SUMMARY: The Farm Credit Administration (FCA, we, or our) is proposing to establish a regulatory framework for the reliable, timely, accurate, and complete reporting of Farm Credit System (System) accounts and exposures for examination activities and risk evaluation. The proposed regulation specifies the reporting requirement(s) and performance responsibilities, including, but not limited to, establishing uniform and standard data fields to be collected from all System institutions and a disciplined and secure delivery of information. The proposed regulation would authorize a Reporting Entity (defined as the Federal Farm Credit Banks Funding Corporation (Funding Corporation) or an entity approved by FCA), to collect data from all banks and associations and serve as the central data repository manager. Additionally, the proposed regulation would require all banks and associations to provide data to the Reporting Entity to facilitate the collection, enhancement, and reporting of data to FCA.

DATES: Comments on this proposed rule must be submitted on or before September 9, 2013.

ADDRESSES: We offer a variety of methods for you to submit your comments. For accuracy and efficiency reasons, commenters are encouraged to submit comments by email or through the FCA's Web site. As facsimiles (fax) are difficult for us to process and achieve compliance with section 508 of the Rehabilitation Act, we do not accept comments submitted by fax. SUPPLEMENTARY INFORMATION:

I. Objectives

The objectives of this proposed rule are to:

- Reaffirm the authority for the FCA to collect data on System institution accounts and exposures for examination activities and risk evaluation;
- Require all banks and associations to provide data on accounts and exposures to the Reporting Entity, for the purposes of reporting to the FCA; and
- Establish the authority for and responsibilities of the Reporting Entity to collect, store, manage, and extrapolate data on accounts and exposures for reporting to the FCA.

II. Background

The Farm Credit Act of 1971, as amended (Act),¹ authorizes the FCA to issue regulations implementing the Act's provisions.² Our regulations are intended to ensure the safe and sound operations of System institutions. In

order to meet FCA's responsibility to ensure the safety and soundness of System institutions, we must have reliable, timely, accurate, and complete information about each banks' and associations' assets and liabilities.

Section 5.22A of the Act and § 621.12(a) of FCA regulations require each System institution to prepare and file such reports of condition and performance as may be required by FCA. Further clarification is provided in § 621.12(b), which states that these reports of condition and performance must be filed four times a year and may include such additional reports as may be necessary to ensure timely, complete, and accurate monitoring and evaluation of the affairs, condition, and performance of System institutions as determined by the Chief Examiner. In addition, § 621.12(c) requires all reports of condition and performance to be submitted electronically in accordance with the instructions prescribed by FCA. Also, section 5.9(4) of the Act provides FCA the power to require such reports as it deems necessary from System institutions.³

For over a decade, the FCA has collected detailed asset reports through loan data extracts from System institutions to facilitate examination activities and risk evaluation, and shared the data with the Farm Credit System Insurance Corporation (FCSIC) on a confidential basis. The need for consistent, comprehensive, and comparable data across all System institutions has evolved, as the complexity and volume of assets has increased. The availability of quality and timely data on accounts and exposures, including any loan, lease, letter of credit, derivative, or, any other asset, liability, other balance sheet account, or off-balance sheet exposure, has become critical to efficient and effective examination activities and risk evaluation. Accordingly, we continue to work with the System to collect more comprehensive data submissions and enhance the reporting to facilitate the evaluation of changing lending risks and conditions.

An integral component of the FCA's and FCSIC's ability to quickly and accurately identify and respond to risk is the collection of data on, and identification of, shared assets. Shared assets are any account or exposure where two or more System institutions have assumed a portion of the asset's benefits or risks. On October 3, 2012,

¹ Public Law 92-181, 85 Stat. 583 (1971), 12 U.S.C. 2001 *et seq.*

² 12 U.S.C. 2252(a)(8), (9), and (10).

³ Further, under section 5.17(a)(11) of the Act, the FCA may "[e]xercise such incidental powers as may be necessary or appropriate to fulfill its duties and carry out the purposes of {the} Act."

the FCA Board approved Bookletter BL-065, which describes FCA's expectations for each System institution and its board of directors to establish and implement an automated mechanism to consistently identify shared asset exposures.

In addition to other objectives, and in order to facilitate the identification of shared asset exposures and enable System risk assessment, the System has proposed the Funding Corporation create a central data repository to collect and store data from all System banks and associations, establish an automated mechanism to timely and accurately identify the System's shared asset exposures, and report Systemwide accounts and exposures on behalf of the System banks and associations to the FCA. The Funding Corporation, in coordination with the banks and associations, has begun planning and developing the central data repository and has prepared to assume the role of the Reporting Entity for the banks' and associations' reports of accounts and exposures. The Reporting Entity may also be any other entity approved by the FCA.

The proposed regulation reaffirms the FCA's authority to collect data from the System and communicates the authority for, and responsibilities of, the Reporting Entity to collect data on behalf of the System banks and associations for delivery to the FCA. The proposed rule also confirms FCA's authority to share examination reports or other information on System institutions prepared or held by the FCA with FCSIC. The proposed regulation would require the banks, associations, and Reporting Entity to establish a system of internal controls over the data. Additionally, the banks and associations will need to establish a data governance structure with the Reporting Entity to document the responsibilities and accountabilities for the conveyance, storage and uses of the information stored in the central data repository. This data governance structure should establish consensus among the banks, associations, and Reporting Entity and should be in place prior to the first transfer of data to the Reporting Entity.

During the System's data repository development phase, the banks and associations will continue to prepare and submit the reports of accounts and exposures to the FCA in accordance with the instructions prescribed by the FCA. Upon satisfactory demonstration by the Reporting Entity of the ability to prepare reliable, timely, complete and accurate reporting of accounts and exposures, FCA will accept report(s) of all banks' and associations' accounts

and exposures from the Reporting Entity, acting on behalf of the banks and associations.

The proposed regulation would require that the Reporting Entity notify the FCA immediately in writing in the event of any breach of data confidentiality or if there is a request for data from the reports of accounts and exposures. Additionally, in the event of a breach of information, the Reporting Entity would have to provide written notice of the breach to each bank and association concerned so that it may determine whether any notice of the breach to any of its borrowers is required under applicable laws and regulations.

The Reporting Entity may request that the banks and associations appoint a replacement Reporting Entity to assume the authorities and reporting obligations of the Reporting Entity described in the proposed regulation with 60 days prior notice to the FCA. Additionally, at their discretion, and with the approval of the FCA, the banks and associations may elect to select a replacement Reporting Entity to assume the authorities and reporting obligations of the Reporting Entity.

III. Section-by-Section Analysis

We request and encourage any interested person to submit comments on this proposed rule and ask that you support your comments with relevant data or examples.

A. Disclosing Reports of Examination and Other Non-Public Information [§ 602.2]

We propose adding a new paragraph (c) to § 620.2 that we may disclose, without waiving any privilege or limiting any of the requirements of section 5.59 the Act, reports of examination and other examination and non-public information,⁴ including data from reports of System accounts and exposures received pursuant to § 621.15 of this chapter, to the FCSIC pursuant to confidentiality and data security

⁴ Section 5.59(a)(5) of the Act provides that FCSIC, to the extent practicable, shall use the personnel and resources of the FCA to minimize duplication of effort and to reduce costs. Under section 5.59(b), if the FCSIC Board considers it necessary to examine an insured System bank or a System association or any System institution in receivership, it may use FCA examiners to conduct the examination using reports and other information on the System institution prepared or held by the FCA. If the FCSIC Board determines that such reports or information are not adequate to enable FCSIC to carry out the duties of FCSIC under section 5.59(b), it may request the FCA to examine or to obtain other information from or about the System institution and provide FCSIC the resulting examination report or such other information. See also section 5.19(d) of the Act.

agreements executed between the agencies.

B. Releasing Information—General Regulation [§ 618.8300]

The proposed regulation would delete “as authorized in the following paragraphs” and substitute “as authorized by Farm Credit Administration regulations” to clarify that banks and associations can provide information not contained in published reports or press releases to the Reporting Entity, as provided in the proposed regulation.

C. Lists of Borrowers and Stockholders [§ 618.8310]

We propose adding a new paragraph (c) to allow System institutions to provide information from its lists of borrowers and stockholders to the Reporting Entity, as provided in the proposed regulation.

D. Data Regarding Borrowers and Loan Applicants [§ 618.8320]

We propose adding a new paragraph (b)(10) to allow System institutions to release information not contained in published reports or press releases to the Reporting Entity, as provided in the proposed regulation.

E. Definitions [§ 621.2]

The proposed regulation would amend § 621.2 by adding new definitions for the terms “accounts and exposures,” “banks and associations,” “central data depository,” “reporting entity” and “shared asset”.

F. Applicability and General Instructions [§ 621.12]

The proposed regulation would amend the title of existing § 621.12 by removing “Applicability and general instructions” and inserting “Reports of condition and performance”.

G. Reports of Accounts and Exposures [§ 621.15]

The proposed regulation would establish a new § 621.15, which provides that banks and associations must submit accurate and complete reports of accounts and exposures in accordance with the instructions prescribed by the FCA or as may be required by the FCA. The Reporting Entity would collect, store, and manage the information submitted to it by each bank and association under the requirements of this section in a central data repository. The Reporting Entity would prepare and submit electronic report(s) of accounts and exposures to the FCA from all banks and associations in accordance with FCA regulations and

prescribed instructions. The Reporting Entity would be required to establish, implement, and maintain an automated mechanism to ensure the reliable, timely, accurate and consistent identification of the banks' and associations' shared asset exposures, and report these exposures and the shared asset identifiers in the electronic quarterly report on accounts and exposures to the FCA.

The proposed regulation would require each bank and association to provide written certification to the FCA and the Reporting Entity that the information provided in the report of accounts and exposures is a true and accurate record of the data maintained in the bank's or association's database, to the best of its knowledge and belief. Additionally, the Reporting Entity would be required to provide written certification to the FCA that the information provided in the report of all banks' and associations' accounts and exposures has been prepared in accordance with all applicable regulations and instructions and accurately represents the information provided to it by the banks and associations. The proposed regulation would require the banks, associations, and Reporting Entity to establish an effective system of internal controls over the data included in the report(s) of accounts and exposures, including controls for maintaining the confidentiality of borrower information.

The proposed regulation would require the Reporting Entity to notify FCA immediately in writing of the following events: (1) If there is a breach of information; (2) if there is a request for data from the reports of accounts and exposures from non-System entities; or, (3) if it is unable to prepare and submit the report(s) of accounts and exposures in compliance with the requirements of this section. Additionally, in the event of a breach of information, the Reporting Entity would have to provide written notice of the breach to each bank and association concerned so that it may determine whether any notice of the breach to any of its borrowers is required under applicable laws and regulations.

IV. Regulatory Flexibility Act

Pursuant to section 605(b) of the Regulatory Flexibility Act (5 U.S.C. 601 et seq.), the FCA hereby certifies that the proposed rule would not have a significant economic impact on a substantial number of small entities. Each of the banks in the Farm Credit System, considered together with its affiliated associations, has assets and annual income in excess of the amounts

that would qualify them as small entities. Therefore, Farm Credit System institutions are not "small entities" as defined in the Regulatory Flexibility Act.

SUPPLEMENTARY INFORMATION:

I. Background

In the **Federal Register** of January 16, 2013 (78 FR 3646), we published a proposed rule entitled "Current Good Manufacturing Practice and Hazard Analysis and Risk-Based Preventive Controls for Human Food" with a 120-day comment period on the provisions of the proposed rule and a 30-day comment period on the information collection provisions that are subject to review by OMB under the PRA (44 U.S.C. 3501-3520).

OMB and FDA previously received requests for a 90-day extension of the comment period for the information collection provisions of the proposed rule. We considered the requests and extended the comment period for the information collection for 90 days to make the comment period for the information collection provisions the same as that for the proposed rule—i.e., until May 16, 2013 (**Federal Register** of February 19, 2013, 78 FR 11611). FDA continued to receive comments requesting an extension of the comment period on the proposed rule. Each request conveyed concern that the 120-day comment period did not allow sufficient time to develop a meaningful or thoughtful response to the proposed rule. FDA considered the requests and granted a 120-day extension of the comment period for the proposed rule
