Three public meetings on the proposed action were held on July 15-17, 2013 in Michigan. While the proposed action has received considerable support, several commenters have raised concerns regarding the applicability of U.S. Coast Guard and U.S. EPA regulations governing discharge of ballast water to the proposed expanded area.

While the public is free to comment on any issue related to the proposed action, NOAA is particularly interested in receiving input on the following topics:

1. Please explain current ballast management practices. Identify, with specificity, all areas where ballast management occurs and under what circumstances.
2. Please explain how the proposed boundary expansion is expected to impact existing ballast management practices.

Dated: August 12, 2013.

Director, Office of National Marine Sanctuaries.
