Policy Statement on Adequacy and Compatibility of Agreement State Programs; Statement of Principles and Policy for the Agreement State Program

AGENCY: Nuclear Regulatory Commission.

ACTION: Policy statements; extension of comment period.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) is extending the comment period of a notice that was published in the **Federal Register** on June 3, 2013 (78 FR 33122), requesting comments on proposed revisions to the NRC's policy statements on Agreement State Programs. Both the "Policy Statement on Adequacy and Compatibility of Agreement State Programs" and the "Statement of Principles and Policy for the Agreement State Programs" have been revised to add information on security of radioactive materials and incorporate changes in the NRC's policies and procedures since the last revision in 1997. The public comment period was scheduled to expire on August 19, 2013. However, the NRC received requests for extending the comment period from the Organization of Agreement States (OAS) and from the State of Florida. The parties requested the extension of the

comment period so that the Agreement States would have time to discuss the proposed revisions during the OAS annual meeting before submitting their comments. The NRC agrees with these requests and the NRC has decided to extend the comment period until September 16, 2013.

DATES: The comment period has been extended and expires on September 16, 2013. Comments received after this date will be considered if it is practical to do so, but the NRC is able to assure consideration only for comments received on or before this date.

OFFICE OF PERSONNEL MANAGEMENT

Federal Employees Health Benefits Program: Medically Underserved Areas for 2014

AGENCY: U.S. Office of Personnel Management.

ACTION: Notice of Medically Underserved Areas for 2014.

SUMMARY: The U.S. Office of Personnel Management (OPM) has completed its annual determination of the states that qualify as Medically Underserved Areas under the Federal Employees Health Benefits (FEHB) Program for calendar year 2014. This is necessary to comply with a provision of the FEHB law that mandates special consideration for

enrollees of certain FEHB plans who receive covered health services in states with critical shortages of primary care physicians. Accordingly, for calendar year 2013, the following 14 states are considered as Medically Underserved Areas under the FEHB Program: Alabama, Arizona, Idaho, Illinois, Louisiana, Mississippi, Missouri, New Mexico, North Dakota, Oklahoma, South Carolina and Wyoming. The states of Montana, and South Dakota are removed as Medically Underserved Area in 2014.

DATES: *Effective Date:* January 1, 2014.

FOR FURTHER INFORMATION CONTACT: Lynelle T. Frye, 202-606-0004.

SUPPLEMENTARY INFORMATION: FEHB law (5 U.S.C. 8902(m)(2)) requires special consideration for enrollees of certain FEHB plans who receive covered health services in states with critical shortages of primary care physicians. This section of the law requires that a state be designated as a Medically Underserved Area if 25 percent or more of the population lives in an area designated by the Department of Health and Human Services (HHS) as a primary medical care manpower shortage area. Such states are designated as Medically Underserved Areas for purposes of the FEHB Program, and the law requires non-HMO FEHB plans to reimburse beneficiaries, subject to their contract terms, for covered services obtained from any licensed provider in these states.

FEHB regulations (5 CFR 890.701) require OPM to make an annual determination of the states that qualify as Medically Underserved Areas for the next calendar year by comparing the latest HHS state-by-state population counts on primary medical care manpower shortage areas with U.S. Census figures on state resident populations.

Elaine Kaplan,

Acting Director, U.S. Office of Personnel Management.
