### National Agricultural Statistics Service

*Title:* Wheat and Barley Scab Control Practices Survey.

*OMB Control Number:* 0535–NEW.  
*Summary of Collection:* The primary objectives of the National Agricultural Statistics Service (NASS) are to prepare and issue official State and national estimates of crop and livestock production, disposition and prices, economic statistics, and environmental statistics related to agriculture and to conduct the Census of Agriculture and its follow-on surveys. This project is conducted as a cooperative effort with the U.S. Wheat and Barley Scab Initiative (USWBSI) which is funded by USDA's Agricultural Research Service (ARS). This survey is being conducted as a pilot. The goal of the overall project is to determine the economic factors which influence scab control measures. General authority for these data collection activities is granted under U.S. Code Title 7, Section 2204(a) which specifies that "The Secretary of Agriculture shall procure and preserve all information concerning agriculture which he can obtain . . . by the collection of statistics . . . and shall distribute them among agriculturists." Individually identifiable data collected under this authority are governed by Section 1770 of the Food Security Act of 1985 as amended, 7 U.S.C. 2276, which requires USDA to afford strict confidentiality to non-aggregated data provided by respondents.

*Need and Use of the Information:* The survey will use a sampling universe defined as producers that harvest wheat or barley in seventeen States. NASS and USWBSI hope to determine which practices are utilized to control scab with relation to the types of farms that employ those practices. The information will be analyzed by small-grain pathologists, agricultural economists, and stakeholders in small-grain production. Results will be used to identify strategies for enhancing adoption of scab management techniques.

*Description of Respondents:* Business or other for-profit; Farms.

*Number of Respondents:* 10,800.  
*Frequency of Responses:* Reporting: One time.

*Total Burden Hours:* 5,166.
