

Reports will be used to gauge program performance and effective use of Federal funds to meet stated program goals. The Department proposes the new changes to obtain more specific, accurate, and relevant data. To complete the form, Housing owners and Service Coordinators will develop and maintain meaningful data that reflect the efficacy of the Service Coordinator program. The Burden Hours per Response remains the same at six hours. (Previous requests had overstated the amount of time required to complete the report.) 5. The Department is proposing a new form to be used by field office staff to perform Service Coordinator program reviews. This proposed form is provided in this Notice to solicit comments from the public, even though the form is designed for use by HUD field office staff. The Department requires a consistent protocol to review and evaluate Service Coordinator programs. The use of this form will allow for consistent and thorough program assessment. It will also inform housing owners, management agents, and Service Coordinators about program requirements and expected performance. 6. SF-425, 7. HUD-96010.

*Estimation of the total numbers of hours needed to prepare the information collection including number of respondents, frequency of response, and hours of response:* The number of respondents is 10,290; the frequency of responses is quarterly, semi-annually, and annually, with a total of 22,070 total annual responses. The estimated time to prepare collection varies from 15 minutes to 40 hours, with a total of 74,800 annual burden hours.

#### B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of

information technology, e.g., permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.
