

of I-65 (from I-70/I-65 south split interchange to I-70/I-65 north split interchange) from the period beginning Wednesday August 21, through Thursday, August 21. This closure will be undertaken to accommodate the reconstruction on the Virginia Avenue Bridge, which consists of replacing the northbound and southbound bridge girders and lowering the pavement section from south of Morris Street to north of Fletcher Avenue. Along its length, I-65 through Indianapolis, Indiana, passes under several bridges, many with limited vertical clearance. The bridges at Virginia Avenue, Fletcher Avenue, Calvary Street, and Morris Street have vertical clearances ranging from 13' 11", to 14' 6". This project will increase vertical clearances to a minimum 14' 9" at each of these locations. For the duration of the requested temporary closure, eastbound and westbound I-70 traffic will be detoured to I-465, around the south side of Indianapolis. Northbound and southbound I-65 traffic will be detoured to I-465. The INDOT states that the temporary closure of this segment of I-65 to general traffic should have negligible impact to interstate commerce. Commercial motor vehicles of the dimensions and configurations described in 23 CFR 658.13 and 658.15 serving the impacted area may use the alternate routes listed above. Vehicles servicing the businesses bordering the impacted area will still be able to do so by also using the alternative routes noted above to circulate around the restricted area. In addition, vehicles not serving businesses in the restricted area but, currently using I-65 and the local street system to reach their ultimate destinations, will be able to use I-465 to access the alternative routes. A map depicting the alternative routes is available electronically at the docket established for this notice at <http://www.regulations.gov>. The INDOT has reviewed these alternative routes and determined the routes to generally be capable of safely accommodating the diverted traffic during the period of temporary closure. The INDOT will increase the Hoosier Helper workforce (freeway service patrols) along I-465 to address incident response and minimize any incident impacts. The INDOT will issue a press release to inform the community of the closure and will post the closure in Road Restriction System. The INDOT traveler information Web site Traffic Wise will be utilized, as well as the 511 phone system. The INDOT will issue a formal press release upon notification that the request for closure has been approved. The INDOT has

reached out to Federal, State, and local agencies to ensure a collaborative and coordinated effort to address the logistical challenges of reconstructing this section of I-65. The INDOT has notified the Indiana Motor Trucking Association of this plan to temporarily close I-65, and has agreed to work with them to provide information targeted at the trucking industry. This request to close I-65 to general traffic on or around August 21, 2013, was prepared for the INDOT in accordance with the Indianapolis Metropolitan Planning Organization's Transportation Plan. The INDOT's proposal has been approved by the city of Indianapolis Department of Public Works and INDOT will coordinate the closure with the Indianapolis Metropolitan Police Department.

The FHWA did not receive any comments in response to the Notice and Request for Comment. After full consideration of the INDOT request discussed in this final notice and determining that the request meets the requirements of 23 CFR 658.11(d), FHWA approves the deletion as proposed.
