Polyethylene Terephthalate Film, Sheet, and Strip From the People's Republic of China: Notice of Court Decision Not in Harmony With Final Results of Administrative Review and Notice of Amended Final Results of Administrative Review Pursuant to Court Decision

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On August 6, 2013, the United States Court of International Trade ("CIT") sustained the Department of Commerce's (the "Department") results of redetermination, pursuant to

the CIT's remand order, in *Tianjin Wanhua Co., Ltd. v. United States*, Slip Op. 13-100 (CIT 2013).¹

Consistent with the decision of the United States Court of Appeals for the Federal Circuit ("CAFC") in *Timken Co. v. United States*, 893 F.2d 337 (Fed. Cir. 1990) ("*Timken*"), as clarified by *Diamond Sawblades Mfrs. Coalition v. United States*, 626 F.3d 1374 (Fed. Cir. 2010) ("*Diamond Sawblades*"), the Department is notifying the public that the final judgment in this case is not in harmony with the Department's *PET Film Final Results*² and is amending the final results with respect to Tianjin Wanhua Co., Ltd. ("*Wanhua*").

DATES: Effective August 16, 2013.

FOR FURTHER INFORMATION CONTACT:

Jonathan Hill, Office 4, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-3518.

SUPPLEMENTARY INFORMATION:

Background

On April 29, 2013, the CIT granted the Department's motion for voluntary remand in *Tianjin Wanhua Co., Ltd. v. United States* to reconsider the separate rate methodology as applied to Wanhua with respect to the *PET Film Final Results* and the results of the CIT's judgment in *Fuwei Films (Shandong) Co., Ltd. v. United States* in which the weighted-average dumping margins for the mandatory respondents were revised.³ Pursuant to the CIT's remand order, the Department re-examined record evidence and made changes to the separate rate applicable to Wanhua. Specifically, the Department followed its practice in calculating a separate rate where the individually investigated respondents received rates that were zero, *de minimis*, or based entirely on facts available,⁴ and applied the most recently determined weighted-average dumping margin that was not zero, *de minimis*, or based entirely on facts

available. In this case, the Department pulled forward Wanhua's separate rate from the investigation.⁵

Timken Notice

In its decision in *Timken*, as clarified by *Diamond Sawblades*, the CAFC held that, pursuant to section 516A(e) of the Act, the Department must publish a notice of a court decision that is not "in harmony" with a Department determination and must suspend liquidation of entries pending a "conclusive" court decision. The CIT's August 6, 2013, judgment sustaining the *PET Film Final Remand* constitutes a final decision of that court that is not in harmony with the *PET Film Final Results*. This notice is published in fulfillment of the publication requirements of *Timken*. Accordingly, the Department will continue the suspension of liquidation of the subject merchandise pending the expiration of the period of appeal or, if appealed, pending a final and conclusive court decision. The cash deposit rate will remain the company-specific rate established for the subsequent and most recently completed segment of this proceeding in which the respondent was included.

Amended Final Determination

Because there is now a final court decision with respect to the *PET Film Final Results*, the revised weighted-average dumping margin is as follows:

Exporter	Weighted-average dumping margin (percent)
Tianjin Wanhua Co., Ltd.	3.49

This notice is issued and published in accordance with sections 516A(e)(1), 751(a)(1), and 777(i)(1) of the Act.

Dated: August 16, 2013.

Paul Piquado,

Assistant Secretary for Import Administration.
