

including those high in added sugar, sodium or solid fats. Should foods high in these components be counted as staple foods when determining store authorization requirements?

5. How should prepared foods with multiple ingredients, such as chicken pot pie or other frozen dinners, or single serving meat jerky packages, be treated with regards to "staple foods" categories?

6. Do twelve items (the minimum amount necessary to meet SNAP authorization criterion A, by virtue of needing three varieties in the four different staple food categories) provide adequate variety for a retailer to further the Program's purpose? If not, what would be a more appropriate requirement?

7. Currently, retailers who are authorized under criterion A are required to stock perishable items (e.g., fresh, frozen or refrigerated fruits and vegetables; dairy; meats, poultry and fish; bread or cereal) in two categories. Should perishable items be required in more than two categories?

8. Are 50 percent of sales in staple foods, as currently required for criterion B, sufficient to ensure that a SNAP authorized store furthers the program's purpose, given the current definition of "staple foods?" Would this percentage be sufficient if the definition of "staple foods" is changed to exclude items high in added sugar, sodium or solid fats?

9. Should stores whose primary business (as evidenced by marketing, inventory or sales) is not the sale of food, be eligible to participate in SNAP?

10. Restaurants are generally prohibited from being SNAP retailers, and hot foods cannot be purchased with SNAP benefits. However, there are authorized retailers who primarily sell food for immediate consumption, often on premises, but also sell their products cold and heat them for SNAP recipients immediately after purchase for a nominal fee. These stores qualify today based on the array of raw ingredients, such as unbaked pizza or raw fish. Should such stores be eligible for participation in SNAP?

11. Should all retailers who meet SNAP eligibility criteria be authorized, even when sufficient store access for recipients is not a concern?

12. If store access were a concern in an area where no store meets basic eligibility criteria for SNAP authorization, how should FNS select the stores to authorize that best serve the needs of the client population? Should FNS employ an evaluation and scoring system? If so, what criteria should make up such a system?

13. How should integrity and management priorities be balanced against healthy food choice criteria in the SNAP authorization process? What elements could be used to assess integrity risks, and how should they be applied?

14. Are there any other ways in which the criteria for retailer eligibility should be changed? If so, how?

Dated: August 22, 2013.

#### Request for Applications: The Community Forest and Open Space Conservation Program

**AGENCY:** Forest Service, Department of Agriculture.

**ACTION:** Request for applications

**SUMMARY:** The U.S. Department of Agriculture, Forest Service, requests applications for the Community Forest and Open Space Conservation Program (Community Forest Program or CFP). This is a competitive grant program whereby local governments, qualified nonprofit organizations, and Indian tribes are eligible to apply for grants to establish community forests through fee simple acquisition of private forest land from a willing seller. The purpose of the program is to establish community forests by protecting forest land from conversion to non-forest uses and provide community benefits such as sustainable forest management, environmental benefits including clean air, water, and wildlife habitat; benefits from forest-based educational programs; benefits from serving as models of effective forest stewardship; and recreational benefits secured with public access.

Eligible lands for grants funded under this program are private forest land that is at least five acres in size, suitable to sustain natural vegetation, and at least 75 percent forested. The lands must also be threatened by conversion to non-forest uses, must not be held in trust by the United States on behalf of any Indian tribe, must not be Tribal allotment lands, must be offered for sale by a willing seller, and if acquired by an eligible entity, must provide defined community benefits under CFP and allow public access.

**DATES:** Interested local government and nonprofit applicants must submit

applications to the State Forester. Tribal applicants must submit applications to the appropriate Tribal government officials. All applications must be received by State Foresters or Tribal governments by January 15, 2014. State Foresters or Tribal government officials must forward applications to the Forest Service Region, Northeastern Area or International Institute of Tropical Forestry by February 17, 2014.

**ADDRESSES:** All local government and qualified nonprofit organization applications must be submitted to the State Forester of the State where the property is located. All Indian tribal applications must be submitted to the Tribal government officials of the Indian tribe. Applicants are encouraged to contact and work with the Forest Service Region, Northeastern Area, or International Institute of Tropical Forestry, and the State Forester or equivalent official of the Indian tribe when developing their proposal. The State Forester's contact information may be found at <http://www.fs.fed.us/spf/coop/programs/loa/cfp.shtml>. of terms, eligibility, and necessary prerequisites for consideration can be found in the final program rule, published October 20, 2011 (76 FR 65121-65133), which is available at [www.fs.fed.us/spf/coop/programs/loa/cfp.shtml](http://www.fs.fed.us/spf/coop/programs/loa/cfp.shtml) and at [www.grants.gov](http://www.grants.gov) (Opportunity number CFP-FS-1002014).

**Grant Application Requirements****1. Eligibility Information**

a. *Eligible Applicants.* A local governmental entity, Indian Tribe (including Alaska Native Corporations), or a qualified nonprofit organization that is qualified to acquire and manage land (see § 230.2 of the final rule). Individuals are not eligible to receive funds through this program.

b. *Cost Sharing (Matching Requirement).* All applicants must demonstrate a 50 percent match of the total project cost. The match can include cash, in-kind services, or donations, which shall be from a non-Federal source. For additional information, please see § 230.6 of the final rule at [www.fs.fed.us/spf/coop/programs/loa/cfp.shtml](http://www.fs.fed.us/spf/coop/programs/loa/cfp.shtml).

c. *DUNS Number.* All applicants shall include a Data Universal Numbering System (DUNS) number in their application. For this requirement, the applicant is the entity that meets the eligibility criteria and has the legal authority to apply for and receive the grant. For assistance in obtaining a DUNS number at no cost, call the DUNS number request line 1-866-705-5711 or register on-line at <http://fedgov.dnb.com/webform>.

d. *System for Award Management.* All prospective awardees shall be registered in the System for Award Management prior to award, during performance, and through final payment of any grant resulting from this solicitation. Further information can be found at [www.sam.gov](http://www.sam.gov). For assistance, contact Federal Service Desk 1-866-606-8220.

**2. Award Information**

The Administration proposed to fund the CFP at \$4 million for fiscal year 2014. Individual grant applications may not exceed \$400,000, which does not include technical assistance requests. The Federal Government's obligation under this program is contingent upon the availability of appropriated funds.

No legal liability on the part of the Government shall be incurred until funds are committed by the grant officer for this program to the applicant in writing. The initial grant period shall be for 2 years, and acquisition of lands should occur within that timeframe.

Lands acquired prior to the grant award are not eligible for CFP funding. The grant may be reasonably extended by the Forest Service when necessary to accommodate unforeseen circumstances in the land acquisition process. Written annual financial performance reports and semi-annual project performance reports shall be required and submitted to the appropriate grant officer.

Technical assistance funds, totaling not more than 10 percent of all funds, may be allocated to State Foresters and equivalent officials of the Indian tribe. Technical assistance, if provided, will be awarded at the time of the grant. If seeking technical assistance funds, the applicant must work with the State Foresters and equivalent officials of the Indian tribe to determine technical assistance needs and include the technical assistance request in the project budget separate from the budget for the land acquisition.

As funding allows, applications submitted through this request may be funded in future years, subject to the availability of funds and the continued feasibility and viability of the project.

**3. Application Information**

*Application submission.* All local governments and qualified nonprofit organizations' applications must be submitted to the State Forester where the property is located by January 15, 2014. All Indian tribal applications must be submitted to the Tribal government officials of the Indian tribe by January 15, 2014. The State Forester's contact information may be found at <http://www.fs.fed.us/spf/coop/programs/loa/cfp.shtml>.

All applicants must also send an email to [communityforest@fs.fed.us](mailto:communityforest@fs.fed.us) to confirm an application has been submitted for funding consideration.

a. Using the criteria described below, to the extent practicable, the Forest Service will give priority to applications that maximize the delivery of community benefits, as defined in the final rule (see § 230.2 of the final program rule); and

b. The Forest Service will evaluate all applications received by the State Foresters or Tribal government officials and award grants based on the following criteria:

(1) Type and extent of community benefits provided, including to underserved communities. Community benefits are defined in the final program rule as:

- (i) Economic benefits such as timber and non-timber products;
- (ii) Environmental benefits, including clean air and water, stormwater management, and wildlife habitat;
- (iii) Benefits from forest-based experiential learning, including K–12 conservation education programs; vocational education programs in disciplines such as forestry and environmental biology; and environmental education through individual study or voluntary participation in programs offered by

organizations such as 4–H, Boy or Girl Scouts, Master Gardeners, etc;

(iv) Benefits from serving as replicable models of effective forest stewardship for private landowners; and

(v) Recreational benefits such as hiking, hunting and fishing secured through public access.

(2) Extent and nature of community engagement in the establishment and long-term management of the community forest;

(3) Amount of cost share leveraged;

(4) Extent to which the community forest contributes to a landscape conservation initiative;

(5) Extent of due diligence completed on the project, including cost share committed and status of appraisal;

(6) Likelihood that, unprotected, the property would be converted to non-forest uses; and

(7) Costs to the Federal Government.

#### 6. Grant Requirements

a. Once an application is selected, funding will be obligated to the grant recipient through a grant.

b. Local and Indian tribal governments should refer to 2 CFR part 225, Cost Principles for State, Local, and Indian Tribal Governments (OMB Circular A–87) and 7 CFR part 3016, Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments for directions.

c. Nonprofit organizations should refer to 2 CFR part 215, Uniform Administrative Requirements for Grants and Other Agreements with Institutions of Higher Education, Hospitals and Other Nonprofit Organizations, (OMB Circular A–110) and 7 CFR part 3019, Uniform Administrative Requirements for Grants and Cooperative Agreements, with Institutions of Higher Education, Hospitals, and other Nonprofit Organizations for directions.

d. Forest Service must approve any amendments to a proposal or request to reallocate funding within a grant proposal. If negotiations on a selected project fail, the applicant cannot substitute an alternative site.

e. The grant recipient must comply with the requirements in § 230.8 in the final rule before funds will be released.

f. After the project has closed, as a requirement of the grant, grant recipients must provide the Forest Service with a Geographic Information System (GIS) shapefile: a digital, vector-based storage format for storing geometric location and associated attribute information of CFP project tracts and cost share tracts, if applicable.

g. Any funds not expended within the grant period must be de-obligated and revert to the Forest Service.

h. All media, press, signage, and other documents discussing the creation of the community forest must reference the partnership and financial assistance by the Forest Service through the CFP. Additional information may be found in § 230.9 of the final rule.
