

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-819]

Certain Semiconductor Chips With Dram Circuitry, and Modules and Products Containing Same: Notice of Commission Determination To Terminate the Investigation Based on Settlement**AGENCY:** U.S. International Trade Commission.**ACTION:** Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined to terminate the above-captioned investigation based on a settlement agreement between the parties.

FOR FURTHER INFORMATION CONTACT: Clark S. Cheney, Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436, telephone 202-205-2661. Copies of non-confidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436, telephone 202-205-2000. General information concerning the Commission may also be obtained by accessing its Internet server (<http://www.usitc.gov>). The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on 202-205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on December 21, 2011, based on a complaint filed by Elpida Memory, Inc., of Tokyo, Japan, and Elpida Memory (USA) Inc. of Sunnyvale, California (collectively, "Elpida"). 76 FR 79215 (Dec. 21, 2011). The complaint alleged violations of section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), based on infringement of several U.S. patents. The notice of investigation named Nanya Technology Corporation of Tao Yuan, Taiwan, and Nanya Technology Corporation, U.S.A. of Santa Clara, California (collectively, "Nanya"), as respondents. The Office of Unfair Import Investigations did not participate in the investigation.

On March 26, 2013, the ALJ issued a final initial determination ("ID") finding a violation of section 337 with respect

to several patents but not with respect to U.S. Patent No. 7,659,571 ("the '571 patent"). On April 8, 2013, complainant Elpida and Nanya filed petitions for review of certain portions of the ID but not for review of the determination of no violation with respect to the '571 patent. On July 2, 2013, the Commission determined not to review the determination of no violation with respect to the '571 patent and that determination became final. The Commission determined to review the remainder of the ID and requested certain briefing from the parties and from the public.

On July 31, 2013, the parties jointly moved for termination of the investigation based on a settlement agreement.

The Commission has determined that the motion to terminate the investigation based on a settlement agreement complies with Commission Rule 210.21 (19 CFR 210.21). The Commission has further determined that terminating the investigation based on the settlement agreement between Elpida and Nanya is not contrary to the public interest. Accordingly, the Commission has determined to grant the joint motion and terminate the investigation.

The issues previously under review by the Commission are now moot in view of the parties' settlement. The portions of the ID previously under review by the Commission do not constitute a Commission determination and have been set aside. See Commission Rule 210.45(c) (19 CFR 210.45(c)).

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in Part 210 of the Commission's Rules of Practice and Procedure (19 CFR Part 210).

By order of the Commission.

Issued: August 22, 2013.

Lisa R. Barton,

Acting Secretary to the Commission.

SUPPLEMENTARY INFORMATION:

I. Background

The Department of Labor, as part of its continuing effort to reduce paperwork and respondent (i.e., employer) burden, conducts a preclearance consultation program to provide the public with an opportunity to comment on proposed and continuing information collection requirements in accord with the Paperwork Reduction Act of 1995 (PRA-95) (44 U.S.C. 3506(c)(2)(A)). This

program ensures that information is in the desired format, reporting burden (time and costs) is minimal, collection instruments are clearly understood, and OSHA's estimate of the information collection burden is accurate. The Occupational Safety and Health Act of 1970 (the OSH Act) (29 U.S.C. 651 *et seq.*) authorizes information collection by employers as necessary or appropriate for enforcement of the OSH Act or for developing information regarding the causes and prevention of occupational injuries, illnesses, and accidents (29 U.S.C. 657). The OSH Act also requires OSHA to obtain such information with minimum burden upon employers, especially those operating small businesses, and to reduce to the maximum extent feasible unnecessary duplication of efforts in obtaining information (29 U.S.C. 657).

Section 1910.255(e) requires that a periodic inspection of resistance welding equipment be made by qualified maintenance personnel, and that a certification record be generated and maintained. The certification shall include the date of the inspection, the signature of the person who performed the inspection and the serial number, or other identifier, for the equipment inspected. The record shall be made available to an OSHA inspector upon request. The maintenance inspection ensures that welding equipment is in safe operating condition while the maintenance record provides evidence to workers and Agency compliance officers that employers performed the required inspections.

II. Special Issues for Comment

OSHA has a particular interest in comments on the following issues:

- Whether the proposed information collection requirements are necessary for the proper performance of the Agency's functions, including whether the information is useful;
- The accuracy of OSHA's estimate of the burden (time and costs) of the information collection requirements, including the validity of the methodology and assumptions used;
- The quality, utility, and clarity of the information collected; and
- Ways to minimize the burden on employers who must comply; for example, by using automated or other technological information collection and transmission techniques.

III. Proposed Actions

The Agency requests an adjustment decrease of 300 burden hours (from 5,935 burden hours to 5,635 burden hours) associated with the collection of information in the Welding, Cutting,

and Brazing Standard. The Agency will summarize the comments submitted in response to this notice, and will include this summary in its request to OMB.

Type of Review: Extension of a currently approved collection.

Title: Standard for Welding, Cutting, and Brazing.

OMB Control Number: 1218-0207.

Affected Public: Business or other for-profits.

Number of Respondents: 20,094.

Frequency of Response: On occasion.

Total Responses: 80,657.

Average Time per Response: OSHA estimates it will take 1 minute (.02 hour) to maintain the inspection certification record to 5 minutes (.08 hour) for each welder to perform the inspection periodically (semiannually).

Estimated Total Burden Hours: 5,635.

Estimated Cost (Operation and Maintenance): \$0.

The additional materials must clearly identify your electronic comments by your name, date, and the docket number so the Agency can attach them to your comments.

SUPPLEMENTARY INFORMATION:

I. Abstract and Request for Comments

NCUA is reinstating a previously approved collection of information for 3133–0146. 12 CFR part 792, Subpart C requires anyone requesting NCUA non-public records for use in legal proceedings, or similarly the testimony of NCUA personnel, to provide NCUA with information regarding the requester's grounds for the request. This process is also known as a "Touhy Request". The information collected will help the NCUA decide whether to release non-public records or permit employees to testify in legal proceedings.

NCUA regulations also require an entity or person in possession of NCUA records to notify the NCUA upon receipt of a subpoena for those records. The NCUA requires this notice to protect its records and, when necessary, intervene in litigation or file an objection to the disclosure of its confidential information in the appropriate court or tribunal.

The NCUA requests that you send your comments on this collection to the location listed in the addresses section. Your comments should address: (a) The necessity of the information collection for the proper performance of NCUA, including whether the information will have practical utility; (b) the accuracy of our estimate of the burden (hours and cost) of the collection of information, including the validity of the methodology and assumptions used; (c) ways we could enhance the quality, utility, and clarity of the information to be collected; and (d) ways we could minimize the burden of the collection of the information on the respondents such as through the use of automated collection techniques or other forms of information technology. It is NCUA's policy to make all comments available to the public for review.
