DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Consent Decree Under the Clean Air Act

On June 26, 2013, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the Southern District of Illinois in the lawsuit entitled *United States, et al. v. Gateway Energy & Coke Company, et al.*, Civil Action No. 3:13-cv-00616-DRH-SCW.

The United States, on behalf of the U.S. Environmental Protection Agency, has filed a complaint under the Clean Air Act asserting claims relating to two Midwestern heat recovery coking facilities, one of which is located in Granite City, Illinois (the “Gateway Facility”), and the other of which is located in Franklin Furnace, Ohio (the “Haverhill Facility”). The United States seeks civil penalties and injunctive relief against the owners and operators of the Gateway and Haverhill Facilities. The Haverhill Coke Company, LLC, formerly known as the Haverhill North Coke Company, is an owner and operator of the Haverhill Facility along with SunCoke Energy, Inc. (“SunCoke”) (together “the Haverhill Defendants”). The Gateway Energy & Coke Company, LLC is an owner and operator of the Gateway Facility along with SunCoke (together “the Gateway Defendants”).

The States of Illinois and Ohio are co-plaintiffs in this action. The State of Illinois asserts claims in this action relating to the Gateway Facility under the Illinois Environmental Protection Act (“Illinois Act”), 415 ILCS 5/1 *et seq.* (2010), and seeks injunctive relief and civil penalties against the Gateway Defendants for violations of the Illinois Act. The State of Ohio asserts claims in this action relating to the Haverhill Facility under Chapter 3745 of the Ohio Revised Code (“ORC”), and the rules adopted thereunder, and seeks injunctive relief and civil penalties against the Haverhill Defendants for violations of ORC Chapter 3704. The Complaint alleges that the Gateway Defendants operated the Gateway Facility and the Haverhill Defendants operated the Haverhill Facility in excess of bypass venting limits specified in their Prevention of Significant Deterioration permits, and that the Haverhill Defendants failed to comply

with emissions monitoring and reporting requirements.

The Consent Decree would require (1) Installation of process equipment to provide redundancy that will allow hot coking gases to be routed to a pollution control device instead of vented directly to the atmosphere in the event of equipment downtime; (2) installation of continuous emissions monitoring systems for sulfur dioxide, at one bypass vent per process unit (two at the Haverhill Facility and one at the Gateway Facility); (3) payment of a civil penalty of \$1.995 million, of which \$1.27 million will go to the United States, \$575,000 to the State of Illinois, and \$150,000 to the State of Ohio; and (4) performance of a lead hazard abatement supplemental environmental project at a cost of \$255,000 at the Gateway Facility.

In a **Federal Register** Notice published on July 2, 2013, the Department of Justice announced its intention to receive comments relating to the Consent Decree for a period of thirty (30) days from the date of that publication. 78 Fed. Reg. 39,770 (July 2, 2013). That period was extended in response to a request to September 3, 2013. The United States has received another request for an extension and is therefore extending the public comment period for thirty (30) additional days, until October 3, 2013. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States, et al. v. Gateway Energy & Coke Company, et al.*, D.J. Ref. Nos. 90-5-2-1-09890 and 90-5-2-1-10065. Comments may be submitted either by email or by mail:

The report also contains OMB's Preview Estimate of the Disaster Relief Funding Adjustment for FY 2014.

NATIONAL CREDIT UNION ADMINISTRATION

Agency Information Collection Activities: Submission to OMB for Reinstatement, With Change, of a Previously Approved Collection

AGENCY: National Credit Union Administration (NCUA).

ACTION: Notice and request for comments.

SUMMARY: The NCUA, as part of their continuing effort to reduce paperwork and respondent burden, invite the general public and other Federal agencies to take this opportunity to comment on information collections, as required by the Paperwork Reduction Act of 1995. NCUA is soliciting comments concerning the Suspicious Activity Report (SAR). As Bank Secrecy Act (BSA) administrator, the Financial Crimes Enforcement Network (FinCEN) transitioned from a system originally designed for collecting industry specific paper forms to a modernized information technology environment centered on electronic reporting. Based on financial institution type, depository institutions, broker-dealers in securities, futures commission merchants and introducing brokers in commodities, insurance companies, mutual funds, money services businesses, and casinos

currently filed reports on four separate forms. FinCEN's objective is to have one electronically-filed dynamic and interactive BSA-SAR that will be used by all filing institutions to report suspicious activity as of April 1, 2013.

There are no proposed changes to the regulatory reporting criteria for information collection. Federally insured credit unions will continue to follow the regulation, interagency guidance, and filing instructions to determine when a report should be filed and what information should be included on the report.

DATES: Written comments should be received on or before September 30, 2013.

ADDRESSES: Interested parties are invited to submit written comments to the NCUA Contact and the OMB Reviewer listed below:

NCUA Contact: Tracy Crews, National Credit Union Administration, 1775 Duke Street, Alexandria, Virginia 22314-3428, Fax No. 703-837-2861, Email: OCIO/PRA@ncua.gov.

OMB Contact: Office of Management and Budget, ATTN: Desk Officer for the National Credit Union Administration, Office of Information and Regulatory Affairs, Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT:

Requests for additional information, a copy of the collection, or a copy of submitted comments should be directed to Tracy Crews at the National Credit Union Administration, 1775 Duke Street, Alexandria, VA 22314-3428, or at (703) 518-6444.

SUPPLEMENTARY INFORMATION: The interactive BSA-SAR includes several new data fields and introduces data fields from the SARs of other industries. On March 29, 2012, FinCEN released guidance¹ titled, "Filing FinCEN's new Currency Transaction Report and Suspicious Activity Report". This guidance clarified expectations and notes that FinCEN is making available additional and more specific data elements (i.e., characterizations of suspicious activity and types of financial services) as a more efficient way to bring information about suspicious activity to the attention of FinCEN and law enforcement. The guidance clarified the addition of new and expanded data elements; however, the guidance does not create an expectation that financial institutions will revise internal programs, or develop new programs, to capture
