## DEPARTMENT OF EDUCATION

[Docket No.: ED-2013-ICCD-0080]

### Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; Assurances for the Protection and Advocacy for Assistive Technology (PAAT) Program

**AGENCY:** Office of Special Education and Rehabilitative Services (OSERS), Department of Education (ED).

**ACTION:** Notice.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 3501 *et seq.*), ED is proposing an extension without change of an existing information collection.

**DATES:** Interested persons are invited to submit comments on or before September 30, 2013.

**ADDRESSES:** Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at <http://www.regulations.gov> by selecting Docket ID number ED-2013-ICCD-0080 or via postal mail, commercial delivery, or hand delivery. *Please note that comments submitted by fax or email and those submitted after the comment period will not be accepted.* Written requests for information or comments submitted by postal mail or delivery should be addressed to the Director of the Information Collection Clearance Division, U.S. Department of Education, 400 Maryland Avenue SW., LBJ, Room 2E115, Washington, DC 20202-4537.

**FOR FURTHER INFORMATION CONTACT:** Tomakie Washington, 202-401-1097 or email [ICDocketMgr@ed.gov](mailto:ICDocketMgr@ed.gov). Please do not send comments here.

**SUPPLEMENTARY INFORMATION:** The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department

assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

*Title of Collection:* Assurances for the Protection and Advocacy for Assistive Technology (PAAT) Program.

*OMB Control Number:* 1820-0658.

*Type of Review:* Extension without change of an existing collection of information.

*Respondents/Affected Public:* Private Sector.

*Total Estimated Number of Annual Responses:* 57.

*Total Estimated Number of Annual Burden Hours:* 9.

*Abstract:* This information collection instrument will be used by grantees to request funds to carry out the Protection and Advocacy for Assistive Technology (PAAT) Assurances program. PAAT is mandated by the Assistive Technology Act of 1998, as amended in 2004 (AT Act), to provide protection and advocacy services to individuals with disabilities for the purposes of assisting in the acquisition, utilization or maintenance of assistive technology or assistive technology services.

Dated: August 22, 2013.

## DEPARTMENT OF ENERGY

[FE Docket No. 13-97-LNG]

### ConocoPhillips Company; Application for Blanket Authorization To Export Previously Imported Liquefied Natural Gas on a Short-Term Basis

**AGENCY:** Office of Fossil Energy, DOE.

**ACTION:** Notice of application.

**SUMMARY:** The Office of Fossil Energy (FE) of the Department of Energy (DOE) gives notice of receipt of an application (Application), filed on August 7, 2013, by ConocoPhillips Company (ConocoPhillips), requesting blanket authorization to export liquefied natural gas (LNG) that previously had been imported into the United States from foreign sources in an amount up to the equivalent of 500 Billion cubic feet (Bcf) of natural gas on a short-term or spot market basis over a two year period commencing on November 30, 2013.<sup>1</sup> ConocoPhillips further requests that such authorization extend to LNG supplies imported from foreign sources to which ConocoPhillips holds title, as well as to LNG supplies imported from foreign sources that ConocoPhillips may export on behalf of other entities who themselves hold title. The LNG would be exported from the LNG terminal facilities owned by Freeport LNG Development, L.P. (Freeport LNG) on Quintana Island, Texas, to any country with the capacity to import LNG via ocean-going carrier and with which trade is not prohibited by U.S. law or policy. The Application was filed under section 3 of the Natural Gas Act (NGA). Protests, motions to intervene, notices of intervention, and written comments are invited.

**DATES:** Protests, motions to intervene or notices of intervention, as applicable, requests for additional procedures, and written comments are to be filed using procedures detailed in Public Comment Procedures below no later than 4:30 p.m., eastern time, September 30, 2013.

**SUPPLEMENTARY INFORMATION:**

**Background**

ConocoPhillips is a Delaware corporation with its principal place of business in Houston, Texas. ConocoPhillips is an independent producer and seller of natural gas that imports LNG into the United States and exports foreign-sourced LNG from the United States. On November 22, 2011, DOE/FE issued Order No. 3038, which granted ConocoPhillips authorization to export LNG that previously had been imported from foreign sources in an amount up to the equivalent of 500 Bcf of natural gas on a cumulative basis over a two-year period commencing on November 30, 2011.

**Current Application**

The current Application is filed in anticipation of the pending expiration of Order No. 3038 on November 29, 2013, and requests the same type of authorization previously granted in that Order. ConocoPhillips therefore requests this blanket authorization to export previously imported foreign-sourced LNG on a short-term or spot market basis. ConocoPhillips requests such authorization on its own behalf or as agent for others who hold title to the LNG at the time of export, up to a cumulative total equivalent to 500 Bcf of natural gas from the Freeport LNG Terminal for a twenty-five month period, beginning on November 30, 2013. ConocoPhillips is seeking the proposed authorization to export previously imported LNG to any country with the capacity to import LNG via ocean-going carrier and with which trade is not prohibited by Federal

law or policy. ConocoPhillips states that it does not seek authorization to export domestically-produced natural gas or LNG.

**Public Interest Considerations**

In support of its Application, ConocoPhillips states that pursuant to section 3 of the NGA, FE must authorize exports to a foreign country unless there is a finding that such exports “will not be consistent with the public interest.”<sup>2</sup> ConocoPhillips states that section 3 creates a statutory presumption in favor of approval of a properly framed export application.<sup>3</sup> ConocoPhillips states further, in evaluating an export application, FE applies the principles described in DOE Delegation Order No. 0204-111 which states that domestic need for natural gas shall be the primary focus of DOE when evaluating an export application.<sup>4</sup> Finally, as detailed below, ConocoPhillips states that this blanket export authorization request satisfies the public interest standard of section 3 of the NGA.

ConocoPhillips asserts that there is no domestic need for the LNG to be exported by ConocoPhillips pursuant to the blanket authorization requested. In support, ConocoPhillips states that in recent years, DOE/FE has issued a number of blanket authorizations to export previously-imported LNG, including the one issued to ConocoPhillips in Order No. 3038, finding that such LNG is not needed to meet domestic demand for natural gas.<sup>5</sup> ConocoPhillips cites numerous recent authorizations issued by DOE/FE that were all approved. ConocoPhillips states that DOE/FE concluded in a recent Freeport LNG Development L.P. authorization that, “the evidence of record indicates that United States’ consumers continue to have access to substantial quantities of natural gas sufficient to meet domestic demand from multiple other sources at competitive prices without drawing on the LNG which Freeport LNG Development L.P. seeks to export.”<sup>6</sup>

Inc.*, DOE/FE Order No. 3221 (January 4, 2013); *The Dow Chemical Company*, DOE/FE Order No. 3162 (October 11, 2012); *Cheniere Marketing, LLC*, DOE/FE Order No. 3102 (June 7, 2012).

<sup>6</sup> *Freeport LNG Development, L.P.*, DOE/FE Order No. 3317 (July 19, 2013) at p. 8.

ConocoPhillips states that this record evidence also supports the conclusion that the foreign-sourced LNG that ConocoPhillips may export from the Freeport LNG terminal facilities pursuant to the blanket authorization requested herein is not needed to meet domestic demand.

ConocoPhillips states that the monthly reports that it has filed with DOE/FE pursuant to Order No. 3038 confirm that it has used its currently effective blanket authorization to export previously-imported LNG from the United States. ConocoPhillips states that the Order No. 3038 blanket export authorization has also facilitated the importation of LNG cargos into the United States by enabling it to import LNG cargos without fear that such cargos will become captive to the U.S. market if, in ConocoPhillips’ view, market conditions ultimately do not support delivering regassified LNG into the U.S. market. ConocoPhillips states that it has also sold LNG to Freeport LNG to replace boil off, thereby contributing to the operational stability of the Freeport LNG terminal facilities.

**Environmental Impact**

ConocoPhillips states that no modifications to Freeport LNG’s Quintana Island terminal are required to enable the proposed exports of LNG. ConocoPhillips also states the environmental impacts of permitting the exportation of LNG from Freeport LNG’s Quintana Island terminal facilities were already reviewed by DOE/FE in Order No. 3317<sup>7</sup> and that DOE/FE previously found that the export of LNG by ConocoPhillips from the Freeport LNG terminal facilities will have no additional environmental impact.<sup>8</sup>

**DOE/FE Evaluation**

The Application will be reviewed pursuant to section 3(a) of the NGA, 15 U.S.C. 717b(a), as amended, and the authority contained in DOE Delegation Order No. 00-002.00L (April 29, 2011) and DOE Redelegation Order No. 00-002.04E (April 29, 2011). In reviewing this Application, DOE will consider domestic need for the natural gas, as well as any other issues determined to be appropriate, including whether the arrangement is consistent with DOE’s policy of promoting competition in the marketplace by allowing commercial parties to freely negotiate their own trade arrangements. Persons that may oppose this Application should

<sup>8</sup> See DOE/FE Order No. 3038 (November 22, 2011).

comment in their responses on these issues.

NEPA requires DOE to give appropriate consideration to the environmental effects of its proposed decisions. No final decision will be issued in this proceeding until DOE has met its NEPA responsibilities.

**Public Comment Procedures**

In response to this Notice, any person may file a protest, comments, or a motion to intervene or notice of intervention, as applicable. Any person wishing to become a party to the proceeding must file a motion to intervene or notice of intervention, as applicable. The filing of comments or a protest with respect to the Application will not serve to make the commenter or protestant a party to the proceeding, although protests and comments received from persons who are not parties will be considered in determining the appropriate action to be taken on the Application. All protests, comments, motions to intervene or notices of intervention must meet the requirements specified by the regulations in 10 CFR Part 590. The information contained in any filing will not be held confidential and will be posted to DOE's public Web site except to the extent confidential treatment is requested and granted.

Filings may be submitted using one of the following methods: (1) emailing the filing to [fergas@hq.doe.gov](mailto:fergas@hq.doe.gov), with FE Docket No. 13-97-LNG in the title line; (2) mailing an original and three paper copies of the filing to the Office of Oil

and Gas Global Security and Supply at the address listed in **ADDRESSES**; or (3) hand delivering an original and three paper copies of the filing to the Office of Oil and Gas Global Security and Supply at the address listed in **ADDRESSES**. All filings must include a reference to FE Docket No. 13-97-LNG.

A decisional record on the Application will be developed through responses to this notice by parties, including the parties' written comments and replies thereto. Additional procedures will be used as necessary to achieve a complete understanding of the facts and issues. A party seeking intervention may request that additional procedures be provided, such as additional written comments, an oral presentation, a conference, or trial-type hearing. Any request to file additional written comments should explain why they are necessary. Any request for an oral presentation should identify the substantial question of fact, law, or policy at issue, show that it is material and relevant to a decision in the proceeding, and demonstrate why an oral presentation is needed. Any request for a conference should demonstrate why the conference would materially advance the proceeding. Any request for a trial-type hearing must show that there are factual issues genuinely in dispute that are relevant and material to a decision and that a trial-type hearing is necessary for a full and true disclosure of the facts.

If an additional procedure is scheduled, notice will be provided to all

parties. If no party requests additional procedures, a final Opinion and Order may be issued based on the official record, including the Application and responses filed by parties pursuant to this notice, in accordance with 10 CFR 590.316.

The Application is available for inspection and copying in the Office of Oil and Gas Global Security and Supply docket room, Room 3E-042, 1000 Independence Avenue SW, Washington, DC 20585. The docket room is open between the hours of 8:00 a.m. and 4:30 p.m., Monday through Friday, except Federal holidays. The Application and any filed protests, motions to intervene or notice of interventions, and comments will also be available electronically by going to the following DOE/FE Web address: <http://www.fe.doe.gov/programs/gasregulation/index.html>.
