

information on the information collection, contact Mrs. Celeste Sickles, APHIS' Information Collection Coordinator, at (301) 851-2908.

SUPPLEMENTARY INFORMATION:

Title: Swine Health Protection.
OMB Number: 0579-0065.

Type of Request: Extension of approval of an information collection.

Abstract: Under the Animal Health Protection Act (7 U.S.C. 8301 *et seq.*), the Animal and Plant Health Inspection Service (APHIS) of the U.S. Department of Agriculture is authorized, among other things, to prohibit or restrict the interstate movement of animals and animal products to prevent the dissemination within the United States of animal diseases and pests of livestock and to conduct programs to detect, control, and eradicate pests and disease of livestock.

The Swine Health Protection Act (the Act) prohibits the feeding of garbage to swine intended for interstate movement or foreign commerce or that substantially affect such commerce unless the garbage has been treated to kill disease organisms. Untreated garbage is one of the primary media through which numerous infectious and communicable diseases can be transmitted to swine. APHIS' regulations promulgated under the Act, which are located at 9 CFR part 166, require that garbage intended to be fed to swine must be treated at a facility that holds a valid permit to treat the garbage and must be treated in accordance with the regulations.

APHIS requires certain information in order to license (issue a permit to) a facility to operate and to monitor the facility for compliance with the regulations. APHIS collects this information from applications for a license to operate a garbage treatment facility, records of the destination and date of removal of all food waste or garbage from the treatment facility, and food waste reports. With this information, APHIS is able to carefully monitor garbage treatment facilities to ensure that they are meeting the requirements. In addition, other required information collection activities, include acknowledgement of receipt of the Act and regulations by applicants, request for cancellation of a license, notification of illness or death of animals, request for hearing, and inspection. The information provided by the combined activities is critical in preventing the interstate spread of various swine diseases and, therefore, plays a vital role in our swine health protection program.

We are asking the Office of Management and Budget (OMB) to

approve our use of these information collection activities for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; e.g., permitting electronic submission of responses.

Estimate of burden: The public reporting burden for this collection of information is estimated to average 0.88 hours per response.

Respondents: Owners/operators (licensees) of garbage treatment facilities, herd owners, food establishments, and State animal health authorities.

Estimated annual number of respondents: 2,110.

Estimated annual number of responses per respondent: 6.

Estimated annual number of responses: 12,897.

Estimated total annual burden on respondents: 11,333 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 29th day of August 2013.

Michael C. Gregoire,

Acting Administrator, Animal and Plant Health Inspection Service.

[Docket No. APHIS-2013-0067]

Notice of Request for Extension of Approval of an Information Collection; Importation of Emerald Ash Borer Host Material From Canada

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Extension of approval of an information collection; comment request.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the Animal and Plant Health Inspection Service's intention to request an extension of approval of an information collection associated with the regulations for the importation of emerald ash borer host material from Canada to prevent the introduction and spread of emerald ash borer in the United States.

DATES: We will consider all comments that we receive on or before November 4, 2013.

ADDRESSES: You may submit comments by either of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov/> #!/documentDetail;D=APHIS-2013-0067-0001.

- *Postal Mail/Commercial Delivery:* Send your comment to Docket No. APHIS-2013-0067, Regulatory Analysis and Development, PPD, APHIS, Station 3A-03.8, 4700 River Road Unit 118, Riverdale, MD 20737-1238.

Supporting documents and any comments we receive on this docket may be viewed at <http://www.regulations.gov/> #!/docketDetail;D=APHIS-2013-0067 or in our reading room, which is located in room 1141 of the USDA South Building, 14th Street and Independence Avenue SW., Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 799-7039 before coming.

FOR FURTHER INFORMATION CONTACT: For information on the regulations for the importation of emerald ash borer host material from Canada, contact Mr. John T. Jones, Trade Director, PIM, PHP, PPQ, APHIS, 4700 River Road Unit 140, Riverdale, MD 20737; (301) 851-2344. For copies of more detailed information on the information collection, contact Mrs. Celeste Sickles, APHIS' Information Collection Coordinator, at (301) 851-2908.

SUPPLEMENTARY INFORMATION:

Title: Importation of Emerald Ash Borer Host Material From Canada.

OMB Number: 0579–0319.

Type of Request: Extension of approval of an information collection.

Abstract: The Plant Protection Act (PPA, 7 U.S.C. 7701 *et seq.*) authorizes the Secretary of Agriculture to restrict the importation, entry, or interstate movement of plants, plant products, and other articles to prevent the introduction of plant pests into the United States or their dissemination within the United States.

As authorized by the PPA, the Animal and Plant Health Inspection Service (APHIS) regulates the importation of plants for planting into the United States from certain parts of the world as provided in “Subpart—Plants for Planting” (7 CFR 319.37 through 319.37–14). This subpart restricts, among other things, the importation of living plants, plant parts, and seeds for propagation. In addition, APHIS regulates the importation of lumber and other wood articles as provided in “Subpart—Logs, Lumber, and Other Wood Articles” (7 CFR 319.40–1 through 319.40–11). This subpart lists requirements for the importation of various logs, lumber, and other unmanufactured wood products into the United States. Both subparts contain regulations that restrict or prohibit the importation of emerald ash borer (EAB) host material from Canada to prevent the introduction and spread of EAB into the United States. EAB (*Agrilus planipennis*) is a destructive wood-boring insect that attacks ash trees. These regulations involve information collection activities, including phytosanitary certificates, permit applications, and certificates of inspection.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; e.g., permitting electronic submission of responses.

Estimate of burden: The public reporting burden for this collection of information is estimated to average 0.6666 hours per response.

Respondents: Importers of plants for planting and logs, lumber, and other wood articles from Canada; and the Canadian Food Inspection Agency.

Estimated annual number of respondents: 6.

Estimated annual number of responses per respondent: 1.

Estimated annual number of responses: 6.

Estimated total annual burden on respondents: 4 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 29th day of August 2013.

Michael C. Gregoire,

Acting Administrator, Animal and Plant Health Inspection Service.

[Docket No. APHIS–2013–0060]

Notice of Request for Extension of Approval of an Information Collection; Brucellosis in Sheep, Goats, and Horses; Payment of Indemnity

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Extension of approval of an information collection; comment request.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the Animal and Plant Health Inspection Service’s intention to request an extension of approval of an information collection associated with the regulations for the payment of indemnity for sheep, goats, and horses destroyed because of brucellosis.

DATES: We will consider all comments that we receive on or before November 4, 2013.

ADDRESSES: You may submit comments by either of the following methods:

- **Federal eRulemaking Portal:** Go to <http://www.regulations.gov/> #!/documentDetail;D=APHIS-2013-0060-0001.

- **Postal Mail/Commercial Delivery:** Send your comment to Docket No. APHIS–2013–0060, Regulatory Analysis and Development, PPD, APHIS, Station 3A–03.8, 4700 River Road Unit 118, Riverdale, MD 20737–1238.

Supporting documents and any comments we receive on this docket may be viewed at <http://www.regulations.gov/> #!/docketDetail;D=APHIS-2013-0060 or in our reading room, which is located in room 1141 of the USDA South Building, 14th Street and Independence Avenue SW., Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 799–7039 before coming.

FOR FURTHER INFORMATION CONTACT: For information on the regulations for the payment of indemnity for sheep, goats, and horses destroyed because of brucellosis, contact Dr. Debra Donch, Brucellosis Program Manager, National Animal Health Policy and Programs, VS, APHIS, 4700 River Road Unit 43, Riverdale, MD 20737; (301) 851–3559. For copies of more detailed information on the information collection, contact Mrs. Celeste Sickles, APHIS’ Information Collection Coordinator, at (301) 851–2908.

SUPPLEMENTARY INFORMATION:

Title: Brucellosis in Sheep, Goats, and Horses; Payment of Indemnity.

OMB Number: 0579–0185.

Type of Request: Extension of approval of an information collection.

Abstract: Under the Animal Health Protection Act (7 U.S.C. 8301 *et seq.*), the Animal and Plant Health Inspection Service (APHIS) of the U.S. Department of Agriculture (USDA) is authorized, among other things, to prohibit or restrict the importation and interstate movement of animals and animal products to prevent the introduction into and dissemination within the United States of animal diseases and pests and for eradicating such diseases when feasible.

Brucellosis is a contagious disease caused by bacteria of the genus *Brucella* that primarily affects cattle, bison, and swine. It causes the loss of young animals through spontaneous abortion or birth of weak offspring, reduced milk production, and infertility. The continued presence of brucellosis seriously threatens the health of other
