The Commission also established the Skilled Nursing Facilities Pilot (SNF Pilot) to test how to support broadband connections for skilled nursing facilities.

All the requirements herein are necessary to administer the Rural Health Care support mechanism (Health Care Connect Fund, Telecommunications Program, Internet Access Program, Pilot Program, and SNF Pilot), to determine the amount of support entities seeking funding are eligible to receive, to determine if entities are complying with the Commission’s rules, and to prevent waste, fraud, and abuse. The information collected will also allow the Commission to evaluate the extent to which the Rural Health Care programs are meeting the statutory objectives specified in section 254(h) of the 1996 Act and the Commission’s own performance goals for the Healthcare Connect Fund, and to evaluate the need and feasibility for any future revisions to program rules.
