If G5 is unavailable due to technical problems with the system and, therefore, the application deadline is extended, an email will be sent to all registered users who have initiated a G5 application. Extensions referred to in this section apply only to the unavailability of the G5 system.

II. Rulemaking

Section 222.3 of CFR Title 34, which establishes the annual January 31 Impact Aid application deadline, is currently in effect. However, due to changes in the applications that were necessitated by legislative amendments in the 2013 National Defense Authorization Act (Pub. L. 112–239) and the related revision, production, and distribution of the application packages, the Secretary extends the deadline for the potential applicants under section 8002 for fiscal year 2014. Because this amendment makes a procedural change for this year only as a result of unique circumstances, proposed rulemaking is not required under 5 U.S.C. 553(b)(A). In addition, the Secretary has waived rulemaking under 5 U.S.C. 553(b)(B) for the one-time suspension of the regulatory deadline date because it would be impracticable and contrary to the public interest. It would be impracticable because Section 8002 applicants need to be able to submit an FY 2014 application as soon as possible after January 31, 2013, to receive funding for their 2013–2014 school year on a timely basis. The months required for rulemaking would make it impossible for districts to receive this annual funding in a timely manner. Rulemaking would also be contrary to the public interest because the Department's ability to make FY 2014 payments would be stalled, thus affecting school districts in their planning and provision of services.
