importer- (or customer-) specific ad valorem rate is greater than de minimis, the Department will instruct CBP to collect the appropriate duties at the time of liquidation.22 Where either a respondent’s weighted average dumping margin is zero or de minimis, or an importer- (or customer-) specific ad valorem is zero or de minimis, the Department will instruct CBP to liquidate appropriate entries without regard to antidumping duties.23 For the respondents that were not selected for individual examination in this administrative review and that qualified for a separate rate, the assessment rate will be based on the average of the mandatory respondents.24 We intend to instruct CBP to liquidate entries containing subject merchandise exported by the Vietnam-wide entity at the Vietnam-wide rate.

The Department recently announced a refinement to its assessment practice in NME cases. Pursuant to this refinement in practice, for entries that were not reported in the U.S. sales databases submitted by companies individually examined during the administrative review, the Department will instruct CBP to liquidate such entries at the Vietnam-wide rate. Additionally, if the Department determines that an exporter had no shipments of the subject merchandise, any suspended entries that entered under that exporter’s case number (i.e., at that exporter’s rate) will be liquidated at the Vietnam-wide rate.25

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of these reviews for shipments of the subject merchandise from Vietnam entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by sections 751(a)(2)(C) of the Act: (1) For the companies listed above that have a separate rate, the cash deposit rate will be that established in the final results of these reviews (except, if the rate is zero or de minimis, then zero cash deposit will be required); (2) for previously investigated or reviewed Vietnam and non-Vietnam exporters not listed above that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific rate; (3) for all Vietnam exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be that for the Vietnam-wide entity; and (4) for all non-Vietnam exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the Vietnam exporter that supplied that non-Vietnam exporter.

With respect to Golden Quality, the new shipper respondent, the Department has established a combination cash deposit rate for this company consistent with its practice as follows: (1) For subject merchandise produced and exported by Golden Quality, the cash deposit rate will be the rate established for Golden Quality in the final results of the NSR; (2) for subject merchandise exported by Golden Quality, but not produced by Golden Quality, the cash deposit rate will be the rate for the Vietnam-wide entity; and (3) for subject merchandise produced by Golden Quality but not exported by Golden Quality, the cash deposit rate will be the rate applicable to the exporter.

These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in the Department’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This preliminary determination is issued and published in accordance with sections 751(a)(1), 751(a)(2)(B), and 777(i)(1) of the Act.

Paul Piquado,
Assistant Secretary for Import Administration.

High Pressure Steel Cylinders From the People’s Republic of China; Rescission of the 2011–2013 Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (“the Department”) is rescinding the administrative review of the antidumping duty order on high pressure steel cylinders from the People’s Republic of China (“PRC”) for the period of review (“POR”), December 15, 2011, to May 31, 2013. This rescission is based on the timely withdrawal of the request for review by the only interested party that requested a review.

DATES: Effective Date: September 11, 2013.

FOR FURTHER INFORMATION CONTACT: Julia Hancock, AD/CVD Operations, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone (202) 482–1394.

Background

On June 3, 2013, the Department published a notice of opportunity to request an administrative review of the antidumping duty order on high pressure steel cylinders from the PRC.1 In response, on July 1, 2013, Beijing Tianhai Industry Co., Ltd. (“BTIC”) timely requested an administrative review of entries of the subject merchandise during the POR from BTIC.2 Therefore, on August 1, 2013, the Department initiated a review of BTIC.

---

2 June 30, 2013, is the deadline for submitting requests for review as stated in the Opportunity Notice. Continued
In a letter dated August 23, 2013, BTIC withdrew its request for review of itself. No other parties requested a review.

Scope of the Order
The merchandise covered by the order is seamless steel cylinders designed for storage or transport of compressed or liquefied gas (‘‘high pressure steel cylinders’’). High pressure steel cylinders are fabricated of chrome alloy steel including, but not limited to, chromium-molybdenum steel or chromium magnesium steel, and have permanently impressed into the steel, either before or after importation, the symbol of a U.S. Department of Transportation, Pipeline and Hazardous Materials Safety Administration (‘‘DOT’’) approved high pressure steel cylinder manufacturer, as well as an approved DOT type marking of DOT 3A, 3AX, 3AA, 3AAX, 3B, 3E, 3HT, 3T, or DOT–E (followed by a specific exemption number) in accordance with the requirements of sections 178.36 through 178.68 of Title 49 of the Code of Federal Regulations, or any subsequent amendments thereof. High pressure steel cylinders covered by the investigation have a water capacity up to 450 liters, and a gas capacity ranging from 8 to 702 cubic feet, regardless of corresponding service pressure levels and regardless of physical dimensions, finish or coatings.

Excluded from the scope of the order are high pressure steel cylinders manufactured to UN–ISO–9809–1 and 2 specifications and permanently impressed with ISO or UN symbols. Also excluded from the investigation are acetylene cylinders, with or without internal porous mass, and permanently impressed with 8A or 8AL in accordance with DOT regulations.

Merchandise covered by the order is classified in the Harmonized Tariff Schedule of the United States (‘‘HTSUS’’) under subheading 7311.00.00.30. Subject merchandise may also enter under HTSUS subheadings 7311.00.00.60 or 7311.00.00.90. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise under the investigation is dispositive.

Rescission of Administrative Review
Pursuant to 19 CFR 351.213(d)(1), the Secretary will rescind an administrative review, in whole or in part, if the party that requested the review withdrew the request within 90 days of the date of publication of the notice of initiation of the requested review. BTIC timely withdrew its request for review of itself. Because no other party requested a review, pursuant to 19 CFR 351.213(d)(1), the Department is rescinding the entire administrative review of the antidumping duty order on high pressure steel cylinders from the PRC for the period December 15, 2011, to May 31, 2013.

Assessment
The Department will instruct U.S. Customs and Border Protection (‘‘CBP’’) to assess antidumping duties on all appropriate entries. Antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). The Department intends to issue assessment instructions directly to CBP 15 days after the date of publication of this notice in the Federal Register, if appropriate.

Notification to Importers
This notice serves as a reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification Regarding Administrative Protective Orders
This notice also serves as a reminder to parties subject to administrative protective orders (‘‘APO’’) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This notice is issued and published in accordance with section 751(a) and 777(i) of the Tariff Act of 1930, as amended, and 19 CFR 351.213(d)(4).

Christian Marsh,
Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.
