

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from Members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act⁹ and Rule 19b-4(f)(2)¹⁰ thereunder. At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-EDGA-2013-26 on the subject line.

Paper Comments

- Send paper comments in triplicate to Elizabeth M. Murphy, Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549-1090.

All submissions should refer to File Number SR-EDGA-2013-26. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the

proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Room, 100 F Street NE., Washington, DC 20549, on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-EDGA-2013-26 and should be submitted on or before October 7, 2013.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹¹

Kevin M. O'Neill,

Deputy Secretary.

BILLING CODE 8011-01-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-70356; File No. SR-NYSEArca-2013-86]

Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing of Proposed Rule Change To List and Trade Shares of Franklin Short Duration U.S. Government ETF Under NYSE Arca Equities Rule 8.600

September 10, 2013.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that, on August 27, 2013, NYSE Arca, Inc. ("Exchange" or "NYSE Arca") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to list and trade shares of the following under

NYSE Arca Equities Rule 8.600 ("Managed Fund Shares"): Franklin Short Duration U.S. Government ETF. The text of the proposed rule change is available on the Exchange's Web site at www.nyse.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to list and trade shares ("Shares") of the following under NYSE Arca Equities Rule 8.600, which governs the listing and trading of Managed Fund Shares³ on the Exchange: Franklin Short Duration U.S. Government ETF (the "Fund").⁴ The Shares of the Fund will be offered by Franklin ETF Trust (the "Trust"). The Trust will be registered with the Commission as an open-end

³ A Managed Fund Share is a security that represents an interest in an investment company registered under the Investment Company Act of 1940 (15 U.S.C. 80a-1) ("1940 Act") organized as an open-end investment company or similar entity that invests in a portfolio of securities selected by its investment adviser consistent with its investment goal and policies. In contrast, an open-end investment company that issues Investment Company Units, listed and traded on the Exchange under NYSE Arca Equities Rule 5.2(f)(3), seeks to provide investment results that correspond generally to the price and yield performance of a specific foreign or domestic stock index, fixed income securities index or combination thereof.

⁴ The Securities and Exchange Commission ("Commission") has previously approved listing and trading on the Exchange of a number of actively managed funds under Rule 8.600. *See, e.g.*, Securities Exchange Act Release Nos. 57801 (May 8, 2008), 73 FR 27878 (May 14, 2008) (SR-NYSEArca-2008-31) (order approving Exchange listing and trading of twelve actively-managed funds of the WisdomTree Trust); 60460 (August 7, 2009), 74 FR 41468 (August 17, 2009) (SR-NYSEArca-2009-55) (order approving listing and trading of Dent Tactical ETF); 63076 (October 12, 2010), 75 FR 63874 (October 18, 2010) (SR-NYSEArca-2010-79) (order approving listing and trading of Cambria Global Tactical ETF).

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

management investment company.⁵ Franklin Advisers, Inc. will serve as the investment manager to the Fund (the “Manager”). Franklin Templeton Distributors, Inc. (the “Distributor”) will be the principal underwriter and distributor of the Fund’s Shares. Franklin Templeton Services, LLC (the “Administrator”) will serve as administrator for the Fund and The Bank of New York Mellon will serve as sub-administrator for the Fund. The Bank of New York Mellon will serve as the custodian and transfer agent for the Fund (“Custodian” and “Transfer Agent,” respectively).

Commentary .06 to Rule 8.600 provides that, if the investment adviser to the investment company issuing Managed Fund Shares is affiliated with a broker-dealer, such investment adviser shall erect a “fire wall” between the investment adviser and the broker-dealer with respect to access to information concerning the composition of and/or changes to such investment company portfolio. Commentary .06 further requires that personnel who make decisions on the open-end fund’s portfolio composition must be subject to procedures designed to prevent the use and dissemination of material nonpublic information regarding the open-end fund’s portfolio.⁶ Commentary

.06 to Rule 8.600 is similar to Commentary .03(a)(i) and (iii) to NYSE Arca Equities Rule 5.2(j)(3); however, Commentary .06 in connection with the establishment of a “fire wall” between the investment adviser and the broker-dealer reflects the applicable open-end fund’s portfolio, not an underlying benchmark index, as is the case with index-based funds. The Manager is not registered as a broker-dealer but it is affiliated with a broker-dealer and has represented that it has implemented a fire wall with respect to its broker-dealer affiliate regarding access to information concerning the composition and/or changes to the portfolio. In the event (a) the Manager or any sub-adviser becomes newly affiliated with a broker-dealer, or (b) any new adviser or sub-adviser is a registered broker-dealer or becomes affiliated with a broker-dealer, they will implement a fire wall with respect to their relevant personnel or broker-dealer affiliate regarding access to information concerning the composition and/or changes to the portfolio, and will be subject to procedures designed to prevent the use and dissemination of material non-public information regarding such portfolio.

Fund Investments

According to the Registration Statement, the Fund’s investment goal is to provide a high level of current income as is consistent with prudent investing, while seeking preservation of capital. The Fund will seek to achieve its investment goal by investing, under normal market conditions,⁷ at least 80% of its net assets in securities issued or guaranteed by the U.S. government, its agencies, or instrumentalities. The Fund currently targets an estimated average portfolio duration⁸ of three (3) years or

supervised persons, of the Advisers Act and the Commission rules adopted thereunder; (ii) implemented, at a minimum, an annual review regarding the adequacy of the policies and procedures established pursuant to subparagraph (i) above and the effectiveness of their implementation; and (iii) designated an individual (who is a supervised person) responsible for administering the policies and procedures adopted under subparagraph (i) above.

⁷ The term “under normal market conditions” includes, but is not limited to, the absence of extreme volatility or trading halts in the equity markets or the financial markets generally; operational issues causing dissemination of inaccurate market information; or force majeure type events such as systems failure, natural or man-made disaster, act of God, armed conflict, act of terrorism, riot or labor disruption or any similar intervening circumstance.

⁸ In comparison to maturity (which is the date on which a debt instrument ceases and the issuer is obligated to repay the principal amount), duration is a measure of the expected price volatility of a debt instrument as a result of changes in market

less. The Manager calculates the duration of the portfolio by modeling the cash flows of all the individual holdings, including the impact of prepayment variability and coupon adjustments where applicable, to determine the duration of each holding and then aggregating based on the size of the position. In performing this duration calculation, the Manager utilizes third party models as adjusted based on the Manager’s market expectations with respect to interest rates, borrower-level factors affecting credit availability, the condition of the housing market as well as broader economic factors, among other things, consistent with industry practice. Because the Fund publishes its portfolio on a daily basis, market participants have the ability to assess whether the duration calculation is consistent with generally accepted market calculations of duration.

According to the Registration Statement, the Fund generally will invest a substantial portion of its assets in mortgage-backed securities⁹ issued or guaranteed by the U.S. government, its agencies or instrumentalities, including adjustable rate mortgage securities, but the Fund also will invest in direct obligations of the U.S. government (such as Treasury bonds, bills and notes) and in securities issued or guaranteed by the U.S. government, its agencies or instrumentalities, including government sponsored entities. All of the Fund’s principal investments will be debt securities, including bonds, notes and debentures.

According to the Registration Statement, the mortgage-backed

rates of interest, based on the weighted average timing of the instrument’s expected principal and interest payments and other factors. Duration differs from maturity in that it considers a security’s yield, coupon payments, principal payments, call features and coupon adjustments in addition to the amount of time until the security finally matures. As the value of a security changes over time, so will its duration. Prices of securities with lower durations tend to be less sensitive to interest rate changes than securities with higher durations. In general, a portfolio of securities with a lower duration can be expected to be less sensitive to interest rate changes than a portfolio with a higher duration.

⁹ Mortgage-backed securities represent an interest in a pool of mortgage loans made by banks and other financial institutions to finance purchases of homes, commercial buildings and other real estate. The individual mortgage loans are packaged or “pooled” together for sale to investors. As the underlying mortgage loans are paid off, investors receive principal and interest payments. These securities may be fixed-rate or adjustable-rate mortgage-backed securities (ARMS). Further, these securities can also be categorized as collateralized mortgage obligations (CMOs) or real estate mortgage investment conduits (REMICs) where they are divided into multiple classes with each class being entitled to a different share of the principal and/or interest payments received from the pool of underlying assets.

⁵ The Trust will be registered under the 1940 Act. On February 7, 2013, the Trust filed a registration statement on Form N-1A under the Securities Act of 1933 (the “1933 Act”) (15 U.S.C. 77a), and under the 1940 Act, relating to the Fund (File Nos. 333-186504 and 811-22801) (the “Registration Statement”). The description of the operation of the Trust and the Fund herein is based, in part, on the Registration Statement. The Trust filed an application on June 8, 2012, and amendments to the application on October 26, 2012 and December 18, 2012, requesting an Order under Section 6(c) of the 1940 Act for exemptions from various provisions of the 1940 Act and rules thereunder (File No. 812-14042) (“Exemptive Application”). The Commission has issued an order granting certain exemptive relief to the Trust under the 1940 Act. See Investment Company Act Release No. 30350 (January 15, 2013) (“Exemptive Order”). Investments made by the Fund will comply with the conditions set forth in the Exemptive Application and the Exemptive Order.

⁶ An investment adviser to an open-end fund is required to be registered under the Investment Advisers Act of 1940 (the “Advisers Act”). As a result, the Manager and its related personnel are subject to the provisions of Rule 204A-1 under the Advisers Act relating to codes of ethics. This Rule requires investment advisers to adopt a code of ethics that reflects the fiduciary nature of the relationship to clients as well as compliance with other applicable securities laws. Accordingly, procedures designed to prevent the communication and misuse of non-public information by an investment adviser must be consistent with Rule 204A-1 under the Advisers Act. In addition, Rule 206(4)-7 under the Advisers Act makes it unlawful for an investment adviser to provide investment advice to clients unless such investment adviser has (i) adopted and implemented written policies and procedures reasonably designed to prevent violation, by the investment adviser and its

securities in which the Fund will substantially invest are issued or guaranteed by the U.S. government, its agencies or instrumentalities, such as Ginnie Mae and U.S. government-sponsored entities, such as Fannie Mae and Freddie Mac. Most mortgage-backed securities are pass-through securities, which means they provide investors with monthly payments consisting of a pro rata share of both regular interest and principal payments as well as unscheduled prepayments on the underlying mortgage loans. Because prepayment rates of individual mortgage pools vary widely, the average life of a particular pool cannot be predicted accurately. Adjustable-rate mortgage-backed securities include ARMS and other mortgage-backed securities with interest rates that adjust periodically to reflect prevailing market interest rates.

According to the Registration Statement, the Fund may invest in securities with various levels of credit support¹⁰ including, but not limited to, those issued or guaranteed by the Federal Home Loan Banks, Veterans Administration, Federal Housing Authority, Export-Import Bank of the United States, Overseas Private Investment Corporation, Commodity Credit Corporation, Small Business Administration, U.S. Agency for International Development, Tennessee Valley Authority and Farm Credit System.

The Fund may invest in callable agency securities, which give the issuer (the U.S. government agency) the right to redeem the security prior to maturity. The Fund may also invest in U.S. government inflation-indexed securities.¹¹ Additionally, the Fund may

¹⁰ Government agency or instrumentality securities have different levels of credit support. For example, Ginnie Mae securities carry a guarantee as to the timely repayment of principal and interest that is backed by the full faith and credit of the U.S. government. However, the full faith and credit guarantee does not apply to the market prices and yields of the Ginnie Mae securities or to the net asset value ("NAV"), trading price or performance of the Fund, which will vary with changes in interest rates and other market conditions. Fannie Mae and Freddie Mac pass-through mortgage certificates are backed by the credit of the respective instrumentality and are not guaranteed by the U.S. government. Other securities issued by government agencies or instrumentalities, including government sponsored entities, may only be backed by the credit worthiness of the issuing institution, not the U.S. Government, or the issuers may have the right to borrow from the U.S. Treasury to meet its obligations.

¹¹ Inflation-indexed securities are fixed-income securities that are structured to provide protection against inflation. The value of the security's principal or the interest income paid on the security is adjusted to track changes in an official inflation measure. The U.S. Treasury uses the Consumer Price Index for Urban Consumers as the inflation measure.

invest, without limitation, in mortgage dollar rolls.¹² However, the Fund will invest only in covered mortgage dollar rolls, meaning that the Fund establishes a segregated account with liquid securities equal in value to the securities it will repurchase. The Fund intends to enter into mortgage dollar rolls only with high quality securities dealers and banks as determined by the Manager under board approved counterparty review procedures.

Other Investments

According to the Registration Statement, when the Manager believes market or economic conditions are unfavorable for investors, the Manager may invest up to 100% of the Fund's assets in a temporary defensive manner by holding all or a substantial portion of its assets in cash, cash equivalents or other high quality short-term investments. Temporary defensive investments generally may include short-term U.S. government securities, high-grade commercial paper, bank obligations, repurchase agreements, money market fund shares (including shares of an affiliated money market fund) and other money market instruments. The Manager also may invest in these types of securities or hold cash while looking for suitable investment opportunities or to maintain liquidity.¹³

The Fund may hold up to an aggregate amount of 15% of its net assets in illiquid securities (calculated at the time of investment), including Rule 144A securities deemed illiquid by the Manager.¹⁴ The Fund will monitor its

¹² In a mortgage dollar roll, the Fund will sell (or buy) mortgage-backed securities for delivery on a specified date and simultaneously contract to repurchase (or sell) substantially similar (same type, coupon, and maturity) securities on a future date. During the period between a sale and repurchase, the Fund will forgo principal and interest paid on the mortgage-backed securities. The Fund will earn or lose money on a mortgage dollar roll from any difference between the sale price and the future purchase price. In a sale and repurchase, the Fund also earns money on the interest earned on the cash proceeds of the initial sale.

¹³ Circumstances under which the Fund may temporarily depart from its normal investment process include, but are not limited to, extreme volatility or trading halts in the equity markets or the financial markets generally; operational issues causing dissemination of inaccurate market information; or force majeure type events such as systems failure, natural or man-made disaster, act of God, armed conflict, act of terrorism, riot or labor disruption or any similar intervening circumstance.

¹⁴ In reaching liquidity decisions, the Manager may consider the following factors: the frequency of trades and quotes for the security, the number of dealers wishing to purchase or sell the security and the number of other potential purchasers; dealer undertakings to make a market in the security; and the nature of the security and the nature of the marketplace in which it trades (e.g., the time

portfolio liquidity on an ongoing basis to determine whether, in light of current circumstances, an adequate level of liquidity is being maintained, and will consider taking appropriate steps in order to maintain adequate liquidity if, through a change in values, net assets, or other circumstances, more than 15% of the Fund's net assets are held in illiquid securities. Illiquid securities include securities subject to contractual or other restrictions on resale and other instruments that lack readily available markets as determined in accordance with Commission staff guidance.¹⁵

The Fund may invest in other investment companies to the extent permitted by the 1940 Act, Commission rules thereunder and exemptions thereto. Section 12(d)(1)(A) of the 1940 Act requires that, as determined immediately after a purchase is made, (i) not more than 5% of the value of the Fund's total assets will be invested in the securities of any one investment company, (ii) not more than 10% of the value of the Fund's total assets will be invested in securities of investment companies as a group, and (iii) not more than 3% of the outstanding voting stock of any one investment company will be owned by the Fund. Certain exceptions to these limitations may apply, and the Fund may also rely on any future applicable Commission rules or orders that provide exceptions to these limitations.

The Fund may invest up to 20% of its net assets in securities not issued or guaranteed by the U.S. government, its agencies or instrumentalities, including mortgage backed securities. According to the Registration Statement, these investments may include investment grade debt securities.¹⁶ The Fund will

needed to dispose of the security, the method of soliciting offers, and the mechanics of transfer).

¹⁵ The Commission has stated that long-standing Commission guidelines have required open-end funds to hold no more than 15% of their net assets in illiquid securities and other illiquid assets. See Investment Company Act Release No. 28193 (March 11, 2008), 73 FR 14618 (March 18, 2008), footnote 34. See also, Investment Company Act Release No. 5847 (October 21, 1969), 35 FR 19989 (December 31, 1970) (Statement Regarding "Restricted Securities"); Investment Company Act Release No. 18612 (March 12, 1992), 57 FR 9828 (March 20, 1992) (Revisions of Guidelines to Form N-1A). A fund's portfolio security is illiquid if it cannot be disposed of in the ordinary course of business within seven days at approximately the value ascribed to it by the fund. See Investment Company Act Release No. 14983 (March 12, 1986), 51 FR 9773 (March 21, 1986) (adopting amendments to Rule 2a-7 under the 1940 Act); Investment Company Act Release No. 17452 (April 23, 1990), 55 FR 17933 (April 30, 1990) (adopting Rule 144A under the 1933 Act).

¹⁶ Debt securities that are rated Baa or higher by Moody's, BBB or higher by S&P, or unrated securities deemed by the Manager to be of

not invest in non-investment grade debt securities. The Fund may also lend a portfolio of securities up to 33 $\frac{1}{3}$ % of the value of its total assets (measured at the time of the most recent loan). In exchange, the Fund will receive cash collateral from a borrower at least equal to the value of the security loaned by the Fund. Cash collateral typically consists of any combination of cash, securities issued by the U.S. government and its agencies and instrumentalities, and irrevocable letters of credit. Such securities will only be loaned to parties that meet creditworthiness standards approved by the Fund's board. The Fund may also invest in multi-class pass-through securities, when-issued, delayed delivery and to-be-announced transactions; callable securities; Franklin Templeton money market funds; repurchase agreements; U.S. Treasury rolls; unrated debt securities deemed by the Manager to be of comparable quality to investment grade debt securities; variable rate securities; and zero coupon, deferred interest and pay-in-kind bonds.

The Fund will not invest in equity securities other than possible investments in shares of other investment companies as noted above.

The Fund will be classified as a "diversified" investment company under the 1940 Act.¹⁷

The Fund will not invest more than 25% of the Fund's net assets in securities of issuers in any one industry (other than securities issued or guaranteed by the U.S. government or any of its agencies or instrumentalities or securities of other investment companies, whether registered or excluded from registration under Section 3(c) of the 1940 Act).¹⁸

Additionally, the Fund will not purchase the securities of any one issuer (other than the U.S. government or any of its agencies or instrumentalities or securities of other investment companies, whether registered or excluded from registration under Section 3(c) of the 1940 Act) if immediately after such investment (i) more than 5% of the value of the Fund's total assets would be invested in such issuer or (ii) more than 10% of the outstanding voting securities of such issuer would be owned by the Fund,

comparable quality, are considered to be "investment grade."

¹⁷ The diversification standard is set forth in Section 5(b)(1) of the 1940 Act.

¹⁸ See Form N-1A, Item 9. The Commission has taken the position that a fund is concentrated if it invests more than 25% of the value of its total assets in any one industry. See, e.g., Investment Company Act Release No. 9011 (October 30, 1975), 40 FR 54241 (November 21, 1975).

except that up to 25% of the value of the Fund's total assets may be invested without regard to such 5% and 10% limitations.

The Fund intends to qualify for and to elect treatment as a separate regulated investment company ("RIC") under Subchapter M of the Internal Revenue Code.¹⁹

The Shares will conform to the initial and continued listing criteria under NYSE Arca Equities Rule 8.600. The Exchange represents that, for initial and/or continued listing, the Fund will be in compliance with Rule 10A-3²⁰ under the Act, as provided by NYSE Arca Equities Rule 5.3. A minimum of 100,000 Shares for the Fund will be outstanding at the commencement of trading on the Exchange. The Exchange will obtain a representation from the issuer of the Shares that the NAV per Share will be calculated daily and that the NAV and the Disclosed Portfolio as defined in NYSE Arca Equities Rule 8.600(c)(2) will be made available to all market participants at the same time.

Investments in Derivatives

Consistent with the Exemptive Order, to pursue its investment goal, the Fund may invest in interest rate, fixed income index, bond and U.S. Treasury futures contracts. The use of these derivative transactions may allow the Fund to obtain net long or short exposures to selected interest rates or durations. These derivatives may be used to hedge risks associated with the Fund's other portfolio investments. The Fund expects that no more than 20% of the value of the Fund's net assets will be invested in derivative instruments.

The Fund will not invest in options, futures contracts or swap agreements other than as set forth in the preceding paragraph. The Fund's investments will be consistent with its investment goal and will not be used to enhance leverage.

Creation and Redemption of Shares

According to the Registration Statement, the Fund will issue and redeem Shares on a continuous basis at NAV in aggregations of 50,000 Shares ("Creation Units").

The consideration for purchase of Creation Units of the Fund will consist of (i) a specified all-cash payment (the "Cash Deposit") or (ii) a designated portfolio of securities (including any portion of such securities for which cash may be substituted) (the "Deposit Securities"), together with the deposit of a specified cash payment (the "Cash

Component"). The Cash Component will be equal to the difference between the NAV of the Shares (per Creation Unit) and the market value of the Deposit Securities. Together, the Deposit Securities and the Cash Component or, alternatively, the Cash Deposit, constitute the "Fund Deposit," which will be applicable to creation requests received in proper form. The Fund Deposit represents the minimum initial and subsequent investment amount for a Creation Unit of the Fund.

The Manager will make available through the National Securities Clearing Corporation ("NSCC") on each business day prior to the opening of business on the Exchange, the list of names and the required number or par value of each Deposit Security and the amount of the Cash Component (or Cash Deposit) to be included in the current Fund Deposit (based on information as of the end of the previous business day for the Fund). Such Fund Deposit is applicable to purchases of Creation Units of Shares until such time as the next-announced Fund Deposit is made available.

To be eligible to place orders with the Distributor and to create a Creation Unit of the Fund, an entity must be: (i) a broker-dealer or other participant in the clearing process through the Continuous Net Settlement System of the NSCC (the "Clearing Process"), a clearing agency that is registered with the Commission, or (ii) a Depository Trust Company ("DTC") Participant, and must have executed an agreement with the Distributor, with respect to creations and redemptions of Creation Units. An entity that satisfies these requirements is known as an "Authorized Participant." Creation Units may be purchased only by or through an Authorized Participant.

To initiate an order for a Creation Unit, an Authorized Participant must submit to the Distributor or its agent an irrevocable order to purchase Shares, in proper form, before 4:00 p.m., Eastern time (the "Cut-off Time") on any business day to receive that day's NAV. Once the Fund has accepted an order, upon the next determination of the NAV of the Shares, the Fund will confirm the issuance of a Creation Unit, against receipt of payment, at such NAV. Except as provided in the Registration Statement, a Creation Unit will not be issued until the transfer of good title to the Fund of the Deposit Securities and the payment of the Cash Component (or Cash Deposit) have been completed. A standard creation transaction fee will be imposed to offset the transfer and other transaction costs associated with the issuance of Creation Units.

¹⁹ 26 U.S.C. 851 *et seq.*

²⁰ 17 CFR 240.10A-3.

Shares of the Fund may be redeemed by Authorized Participants only in Creation Units at their NAV next determined after receipt of a redemption request in proper form by the Distributor and only on a business day. The Manager will make available through the NSCC, prior to the opening of business on the Exchange on each business day, the designated portfolio of securities (including any portion of such securities for which cash may be substituted) that will be applicable to redemption requests received in proper form on that day ("Fund Securities"), and an amount of cash equal to the difference between the NAV of the Shares being redeemed, as next determined after the receipt of a redemption request in proper form, and the value of Fund Securities.

According to the Registration Statement, such Fund Securities and the corresponding cash amount will be applicable, in order to effect redemptions of Creation Units of the Fund, until such time as the next announced composition of the Fund Securities and cash amount is made available. Fund Securities received on redemption may not be identical to Deposit Securities that are applicable to creations of Creation Units.

When partial or full cash redemptions of Creation Units are available or specified, they will be effected in essentially the same manner as in-kind redemptions. In the case of partial or full cash redemption, the Authorized Participant receives the cash equivalent of the Fund Securities it would otherwise receive through an in-kind redemption, plus the same cash amount to be paid to an in-kind redeemer.

Redemption requests for Creation Units of the Fund must be submitted to the Distributor by or through an Authorized Participant. An Authorized Participant must submit an irrevocable request to redeem Shares generally before 4:00 p.m., Eastern time on any business day, in order to receive that day's NAV. A standard redemption transaction fee will be imposed to offset transfer and other transaction costs that may be incurred by the Fund.

The right of redemption may be suspended or the date of payment postponed with respect to the Fund: (i) For any period during which the Exchange is closed (other than customary weekend and holiday closings); (ii) for any period during which trading on the Exchange is suspended or restricted; (iii) for any period during which an emergency exists as a result of which disposal of the Fund's portfolio securities or determination of its NAV is not

reasonably practicable; or (iv) in such other circumstance as is permitted by the Commission.

Detailed descriptions of the Fund's procedures for creating and redeeming Shares, transaction fees and expenses, dividends, distributions, taxes, risks, and reports to be distributed to beneficial owners of the Shares can be found in the Registration Statement or on the Web site for the Fund (www.franklintempleton.com), as applicable.

Determination of Net Asset Value

According to the Registration Statement, the Fund will calculate the NAV per Share each business day normally as of the close of regular trading on the New York Stock Exchange ("NYSE"), normally 4:00 p.m. Eastern time. The Fund will not calculate the NAV on days the NYSE is closed for trading. The NAV of the Fund will be determined by deducting the Fund's liabilities from the total assets of the portfolio. The NAV per Share will be determined by dividing the total NAV of the Fund by the number of Shares outstanding.

When determining its NAV, the Fund will value cash and receivables at their realizable amounts, and will record interest as accrued and dividends on the ex-dividend date. The Fund will generally utilize two independent pricing services to assist in determining a current market value for each security.

According to the Registration Statement, generally, trading in corporate bonds, U.S. government securities and money market instruments is substantially completed each day at various times before the close of the NYSE. The value of these securities as of such times generally is used in computing the NAV. Occasionally, events affecting the values of these securities may occur between the times at which the values are determined and the close of the NYSE. The Fund will rely on third-party pricing vendors to monitor for events materially affecting the value of these securities during this period. If an event occurs, the third-party pricing vendors will provide revised values to the Fund, which will be incorporated into the calculation of the Fund's NAV.

The Fund will have procedures, approved by the board of trustees, to determine the fair value of individual securities and other assets for which market prices are not readily available or which may not be reliably priced. According to the Registration Statement, some methods for valuing these securities may include: fundamental analysis (earnings multiple, etc.), matrix

pricing, discounts from market prices of similar securities, or discounts applied due to the nature and duration of restrictions on the disposition of the securities.

Mortgage pass-through securities, other mortgage-backed securities, CMOs and asset-backed securities generally trade in the over-the-counter market rather than on a securities exchange. The Fund predominantly values these portfolio securities by relying on independent pricing services, but may also utilize quotations from bond dealers and information with respect to bond and note transactions when prices are not readily available from or reliably priced by such independent pricing services, all in accordance with valuation procedures approved by the Fund's board. The Fund's pricing services will use valuation models or matrix pricing to determine current value. In general, they will use information with respect to comparable bond and note transactions, quotations from bond dealers or by reference to other securities that are considered comparable in such characteristics as rating, interest rate, maturity date, option adjusted spread models, prepayment projections, interest rate spreads and yield curves. Matrix pricing is considered a form of fair value pricing.

The Fund will not invest in equity securities other than possible investments in shares of other investment companies as noted above. Redeemable securities issued by open-end investment companies are valued on any given business day using the respective closing NAVs of such companies for purchase and/or redemption orders placed on that day in accordance with valuation procedures approved by the Fund's board. For securities that are traded on an exchange, the Fund will value those securities at the last quoted sale price of the day in accordance with valuation procedures approved by the Fund's board.

Availability of Information

The Fund's Web site (www.franklintempleton.com), which will be publicly available prior to the public offering of Shares, will include a form of the prospectus for the Fund that may be downloaded. The Fund's Web site will include additional quantitative information updated on a daily basis, including, for the Fund, (1) the prior business day's NAV and the market closing price or mid-point of the bid/ask spread at the time of calculation of such

NAV (the “Bid/Ask Price”),²¹ and a calculation of the premium or discount of the market closing price or Bid/Ask Price against the NAV, and (2) a table showing the number of days the Market Price (as defined by the Commission in Form N-1A)²² of the Fund shares was greater than the Fund’s NAV and the number of days it was less than the Fund’s NAV (i.e., premium or discount) for the most recently completed calendar year, and the most recently completed calendar quarters since that year (or the life of the Fund, if shorter). On each business day, before commencement of trading in Shares in the Core Trading Session on the Exchange, the Fund will disclose on its Web site the Disclosed Portfolio that will form the basis for the Fund’s calculation of NAV at the end of the business day.²³

On a daily basis, the Manager will disclose for each portfolio security or other financial instrument of the Fund the following information on the Fund’s Web site: Ticker symbol (if applicable), name of security or financial instrument, number of shares or dollar value of securities and financial instruments held in the portfolio, and percentage weighting of the security and financial instrument in the portfolio. The Web site information will be publicly available at no charge.

In addition, for in-kind creations, a basket composition file, which will include the security names and share quantities to deliver in exchange for Shares, together with estimates and actual cash components, will be publicly disseminated daily prior to the opening of the Exchange via the NSCC. The basket will represent one Creation Unit of the Fund.

Investors can also obtain the Trust’s Statement of Additional Information

²¹ The Bid/Ask Price of the Fund will be determined using the mid-point of the highest bid and the lowest offer on the Exchange as of the time of calculation of the Fund’s NAV. The records relating to Bid/Ask Prices will be retained by the Fund and its service providers.

²² The Commission has defined “Market Price” in Form N-1A as the “last reported sale price at which Exchange-Traded Fund shares trade on the principal U.S. market on which the Fund’s Shares are traded during a regular trading session or, if it more accurately reflects the current market value of the Fund’s Shares at the time the Fund uses to calculate its net asset value, a price within the range of the highest bid and lowest offer on the principal U.S. market on which the Fund’s Shares are traded during a regular trading session.”

²³ Under accounting procedures to be followed by the Fund, trades made on the prior business day (“T”) will be booked and reflected in NAV on the current business day (“T+1”). Accordingly, the Fund will be able to disclose at the beginning of the business day the portfolio that will form the basis for the NAV calculation at the end of the business day.

(“SAI”), the Fund’s Shareholder Reports, and the Trust’s Form N-CSR and Form N-SAR, filed twice a year. The Trust’s SAI and Shareholder Reports will be available free upon request from the Trust, and those documents and the Form N-CSR and Form N-SAR may be viewed on-screen or downloaded from the Commission’s Web site at www.sec.gov. Information regarding market price and trading volume of the Shares will be continually available on a real-time basis throughout the day on brokers’ computer screens and other electronic services.

Information regarding the previous day’s closing price and trading volume information for the Shares will be published daily in the financial section of newspapers. Quotation and last sale information for the Shares will be available via the Consolidated Tape Association (“CTA”) high-speed line. In addition, the Portfolio Indicative Value, as defined in NYSE Arca Equities Rule 8.600(c)(3), will be widely disseminated at least every 15 seconds during the Core Trading Session by one or more major market data vendors.²⁴ The dissemination of the Portfolio Indicative Value, together with the Disclosed Portfolio, will allow investors to determine the value of the underlying portfolio of the Fund on a daily basis and will provide a close estimate of that value throughout the trading day.

The intra-day, closing and settlement prices of the portfolio securities and other Fund investments will also be readily available from the national securities exchanges trading such securities, automated quotation systems, published or other public sources, or on-line information services such as Bloomberg or Reuters.

Additional information regarding the Trust and the Shares, including investment strategies, risks, creation and redemption procedures, fees, portfolio holdings disclosure policies, distributions and taxes is included in the Registration Statement. All terms relating to the Fund that are referred to, but not defined in, this proposed rule change are defined in the Registration Statement.

Trading Halts

With respect to trading halts, the Exchange may consider all relevant factors in exercising its discretion to halt or suspend trading in the Shares of the Fund.²⁵ Trading in Shares of the Fund will be halted if the circuit breaker

²⁴ Currently, it is the Exchange’s understanding that several major market data vendors widely disseminate Portfolio Indicative Values taken from CTA or other data feeds.

²⁵ See NYSE Arca Equities Rule 7.12.

parameters in NYSE Arca Equities Rule 7.12 have been reached. Trading also may be halted because of market conditions or for reasons that, in the view of the Exchange, make trading in the Shares inadvisable. These may include: (1) The extent to which trading is not occurring in the securities and/or the financial instruments comprising the Disclosed Portfolio of the Fund; or (2) whether other unusual conditions or circumstances detrimental to the maintenance of a fair and orderly market are present. Trading in the Shares will be subject to NYSE Arca Equities Rule 8.600(d)(2)(D), which sets forth circumstances under which Shares of the Fund may be halted.

Trading Rules

The Exchange deems the Shares to be equity securities, thus rendering trading in the Shares subject to the Exchange’s existing rules governing the trading of equity securities. Shares will trade on the NYSE Arca Marketplace from 4:00 a.m. to 8:00 p.m. Eastern time in accordance with NYSE Arca Equities Rule 7.34 (Opening, Core, and Late Trading Sessions). The Exchange has appropriate rules to facilitate transactions in the Shares during all trading sessions. As provided in NYSE Arca Equities Rule 7.6, Commentary .03, the minimum price variation (“MPV”) for quoting and entry of orders in equity securities traded on the NYSE Arca Marketplace is \$0.01, with the exception of securities that are priced less than \$1.00 for which the MPV for order entry is \$0.0001.

Surveillance

The Exchange represents that trading in the Shares will be subject to the existing trading surveillances, administered by the Financial Industry Regulatory Authority (“FINRA”) on behalf of the Exchange, which are designed to detect violations of Exchange rules and applicable federal securities laws.²⁶ The Exchange represents that these procedures are adequate to properly monitor Exchange trading of the Shares in all trading sessions and to deter and detect violations of Exchange rules and applicable federal securities laws.

The surveillances referred to above generally focus on detecting securities trading outside their normal patterns, which could be indicative of manipulative or other violative activity. When such situations are detected, surveillance analysis follows and

²⁶ FINRA surveils trading on the Exchange pursuant to a regulatory services agreement. The Exchange is responsible for FINRA’s performance under this regulatory services agreement.

investigations are opened, where appropriate, to review the behavior of all relevant parties for all relevant trading violations. FINRA, on behalf of the Exchange, will communicate as needed regarding trading in the Shares with other markets and other entities that are members of the Intermarket Surveillance Group (“ISG”) and FINRA, on behalf of the Exchange, may obtain trading information regarding trading in the Shares from such markets and other entities. In addition, the Exchange may obtain information regarding trading in the Shares from markets and other entities that are members of ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement.²⁷

In addition, the Exchange also has a general policy prohibiting the distribution of material, non-public information by its employees.

Information Bulletin

Prior to the commencement of trading, the Exchange will inform its Equity Trading Permit (“ETP”) Holders in an Information Bulletin (“Bulletin”) of the special characteristics and risks associated with trading the Shares. Specifically, the Bulletin will discuss the following: (1) The procedures for purchases and redemptions of Shares in Creation Unit aggregations (and that Shares are not individually redeemable); (2) NYSE Arca Equities Rule 9.2(a), which imposes a duty of due diligence on its ETP Holders to learn the essential facts relating to every customer prior to trading the Shares; (3) the risks involved in trading the Shares during the Opening and Late Trading Sessions when an updated Portfolio Indicative Value will not be calculated or publicly disseminated; (4) how information regarding the Portfolio Indicative Value is disseminated; (5) the requirement that ETP Holders deliver a prospectus to investors purchasing newly issued Shares prior to or concurrently with the confirmation of a transaction; and (6) trading information.

In addition, the Bulletin will reference that the Fund is subject to various fees and expenses described in the Registration Statement. The Bulletin will discuss any exemptive, no-action, and interpretive relief granted by the Commission from any rules under the Act. The Bulletin will also disclose that the NAV for the Shares will be

calculated after 4:00 p.m. Eastern time each trading day.

2. Statutory Basis

The basis under the Act for this proposed rule change is the requirement under Section 6(b)(5)²⁸ that an exchange have rules that are designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to, and perfect the mechanism of a free and open market and, in general, to protect investors and the public interest.

The Exchange believes that the proposed rule change is designed to prevent fraudulent and manipulative acts and practices in that the Shares will be listed and traded on the Exchange pursuant to the initial and continued listing criteria in NYSE Arca Equities Rule 8.600. The Shares will be subject to the existing trading surveillances, administered by FINRA on behalf of the Exchange, which are designed to detect violations of Exchange rules and applicable federal securities laws. The Manager is not registered as a broker-dealer but it is affiliated with a broker-dealer and has represented that it has implemented a fire wall with respect to its broker-dealer affiliate regarding access to information concerning the composition and/or changes to the portfolio.

FINRA, on behalf of the Exchange, may obtain information via ISG from other exchanges that are members of ISG or with which the Exchange has entered into a comprehensive surveillance sharing agreement.

The proposed rule change is designed to promote just and equitable principles of trade and to protect investors and the public interest in that the Exchange will obtain a representation from the issuer of the Shares that the NAV per Share will be calculated daily and that the NAV and the Disclosed Portfolio will be made available to all market participants at the same time. In addition, a large amount of information is publicly available regarding the Fund and the Shares, thereby promoting market transparency. Moreover, the Portfolio Indicative Value will be widely disseminated at least every 15 seconds during the Core Trading Session by one or more major market data vendors. On each business day, before commencement of trading in Shares on a national securities exchange, the Fund will disclose on its Web site the identities and quantities of the Fund’s portfolio holdings that will form the basis for the Fund’s calculation

of NAV at the end of that business day. The intra-day, closing and settlement prices of the portfolio securities and other Fund investments will also be readily available from the national securities exchanges trading such securities, automated quotation systems, published or other public sources, or on-line information services such as Bloomberg or Reuters. Information regarding market price and trading volume of the Shares will be continually available on a real-time basis throughout the day on brokers’ computer screens and other electronic services, and quotation and last sale information will be available via the CTA high-speed line. The Web site for the Fund will include the prospectus for the Fund and additional data relating to NAV and other applicable quantitative information. Moreover, prior to the commencement of trading, the Exchange will inform its ETP Holders in an Information Bulletin of the special characteristics and risks associated with trading the Shares. Trading in Shares of the Fund will be halted if the circuit breaker parameters in NYSE Arca Equities Rule 7.12 have been reached or because of market conditions or for reasons that, in the view of the Exchange, make trading in the Shares inadvisable, and trading in the Shares will be subject to NYSE Arca Equities Rule 8.600(d)(2)(D), which sets forth circumstances under which Shares of the Fund may be halted. In addition, as noted above, investors will have ready access to information regarding the Fund’s holdings, the Portfolio Indicative Value, the Disclosed Portfolio, and quotation and last sale information for the Shares.

The proposed rule change is designed to perfect the mechanism of a free and open market and, in general, to protect investors and the public interest in that it will facilitate the listing and trading of an additional type of actively-managed exchange-traded product that will enhance competition among market participants, to the benefit of investors and the marketplace. Under normal market conditions, at least 80% of the Fund’s net assets will be invested in securities issued or guaranteed by the U.S. government, its agencies, or instrumentalities. As noted above, the Shares will be subject to the existing trading surveillances, administered by FINRA on behalf of the Exchange, which are designed to detect violations of Exchange rules and applicable federal securities laws and FINRA, on behalf of the Exchange, may obtain information via ISG from other exchanges that are members of ISG or with which the

²⁷ For a list of the current members of ISG, see www.isgportal.org. The Exchange notes that not all components of the Disclosed Portfolio for the Fund may trade on markets that are members of ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement.

²⁸ 15 U.S.C. 78f(b)(5).

Exchange has entered into a comprehensive surveillance sharing agreement. In addition, as noted above, investors will have ready access to information regarding the Fund's holdings, the Portfolio Indicative Value and quotation and last sale information for the Shares. The Fund may invest up to 15% of its net assets in illiquid securities (calculated at the time of investment), including Rule 144A securities deemed illiquid by the Manager. The Fund expects that no more than 20% of the value of the Fund's net assets will be invested in derivative instruments as discussed above. Such derivative investments will be consistent with the Fund's investment goal and will not be used to enhance leverage.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purpose of the Act. The Exchange notes that the proposed rule change will facilitate the listing and trading of an additional type of actively-managed exchange-traded product that will enhance competition among market participants, to the benefit of investors and the marketplace.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

- (A) By order approve or disapprove the proposed rule change, or
- (B) institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act.

Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-NYSEArca-2013-86 on the subject line.

Paper Comments

- Send paper comments in triplicate to Elizabeth M. Murphy, Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549-1090.

All submissions should refer to File Number SR-NYSEArca-2013-86. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Section, 100 F Street NE., Washington, DC 20549 on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing will also be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-NYSEArca-2013-86 and should be submitted on or before October 7, 2013.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.²⁹

Kevin M. O'Neill,

Deputy Secretary.

[FR Doc. 2013-22397 Filed 9-13-13; 8:45 am]

SECURITIES AND EXCHANGE COMMISSION

[File No. 500-1]

Access International, Inc., Gamma Pharmaceuticals, Inc., Innovex, Inc., Knight Energy Corp., Komodo, Inc., Uphonia, Inc., and Wilson Brothers USA, Inc., Order of Suspension of Trading

September 12, 2013.

It appears to the Securities and Exchange Commission that there is a lack of current and accurate information concerning the securities of Access International, Inc. because it has not filed any periodic reports since the period ended September 30, 2010.

It appears to the Securities and Exchange Commission that there is a lack of current and accurate information concerning the securities of Gamma Pharmaceuticals, Inc. because it has not filed any periodic reports since the period ended September 30, 2009.

It appears to the Securities and Exchange Commission that there is a lack of current and accurate information concerning the securities of Innovex, Inc. because it has not filed any periodic reports since the period ended July 4, 2009.

It appears to the Securities and Exchange Commission that there is a lack of current and accurate information concerning the securities of Knight Energy Corp. because it has not filed any periodic reports since the period ended September 30, 2008.

It appears to the Securities and Exchange Commission that there is a lack of current and accurate information concerning the securities of Komodo, Inc. because it has not filed any periodic reports since the period ended June 30, 2008.

It appears to the Securities and Exchange Commission that there is a lack of current and accurate information concerning the securities of Uphonia, Inc. because it has not filed any periodic reports since the period ended September 30, 2005.

It appears to the Securities and Exchange Commission that there is a lack of current and accurate information concerning the securities of Wilson Brothers USA, Inc. because it has not filed any periodic reports since the period ended September 30, 2004.

The Commission is of the opinion that the public interest and the protection of investors require a suspension of trading in the securities of the above-listed companies. Therefore, it is ordered, pursuant to Section 12(k) of the Securities Exchange Act of 1934, that
