SUPPLEMENTARY INFORMATION:

I. Abstract

The National Park Service (NPS) Act of 1916, 38 Stat 535, 16 U.S.C. 1, et seq., requires that the NPS preserve national parks for the use and enjoyment of present and future generations. This collection will provide park managers and NPS partners with information about the values U.S. residents place on the Grand Canyon of the Colorado River riparian resource, and on alternative flow release scenarios from Glen Canyon Dam designed to protect canyon flora and fauna. The final survey will provide information for the economic analysis of the alternative management and operation protocols for Glen Canyon Dam. The economic analysis provides one piece of information that the Secretary of the Interior will use to evaluate future dam operation plans associated with the current ongoing Glen Canyon DEIS. This notice will cover the development and pretesting of the final survey instrument.
