U.S. Department of Transportation, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or email Ms. Judy Leung-Yee, Project Officer, First Coast Guard District, telephone (212) 668–7165, email judy.k.leung-yee@uscg.mil. If you have questions on viewing the docket, call Barbara Hairston, Program Manager, Docket Operations, telephone 202–366–9826.

SUPPLEMENTARY INFORMATION: The Quogue Bridge, across Quogue Channel, mile 1.1, at Southampton, New York, has a vertical clearance in the closed position of 15 feet at mean high water and 16 feet at mean low water. The existing drawbridge operation regulations are listed as 33 CFR 117.799(d).

The owner of the bridge, Suffolk County Department of Public Works, requested a temporary deviation to facilitate rehabilitation at the bridge. The waterway has commercial and seasonal recreational vessels of various sizes.

Under this temporary deviation the draw of the Quogue Bridge, mile 1.1, across Quogue Canal may keep one lift span in the closed position from October 1, 2013 through March 28, 2014.

The Coast Guard contacted all known commercial waterway users regarding this deviation and no objections were received. In accordance with 33 CFR 117.35(e), the bridge must return to its regular operating schedule immediately at the end of the designated time period. This deviation from the operating regulations is authorized under 33 CFR 117.35. Dated: September 13, 2013.

Gary Kassof,
Bridge Program Manager, First Coast Guard District.

SUPPLEMENTARY INFORMATION:

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

Revisions to the California State Implementation Plan, Antelope Valley Air Quality Management District, Santa Barbara County Air Pollution Control District, South Coast Air Quality Management District and Ventura County Air Pollution Control District

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: EPA is finalizing approval of revisions to the Antelope Valley Air Quality Management District (AVAQMD), Santa Barbara County Air Pollution Control District (SBCAPCD), South Coast Air Quality Management District (SCAQMD) and Ventura County Air Pollution Control District (VCAPCD) portions of the California State Implementation Plan (SIP). This action was proposed in the Federal Register on April 29, 2013 and concerns volatile organic compound (VOC) from motor vehicle and mobile equipment coating operations and from graphic arts operations. We are approving local rules that regulate these emission sources under the Clean Air Act (“CAA” or “the Act”).

DATES: These rules will be effective on October 24, 2013.

ADDRESSES: EPA has established docket number EPA–R09–OAR–2011–0853 for this action. Generally, documents in the docket for this action are available electronically at http://www.regulations.gov or in hard copy at EPA Region IX, 75 Hawthorne Street, San Francisco, California 94105–3901. While all documents in the docket are listed at http://www.regulations.gov, some information may be publicly available only at the hard copy location (e.g., copyrighted material, large maps, multi-volume reports), and some may not be available in either location (e.g., confidential business information (CBI)). To inspect the hard copy materials, please schedule an appointment during normal business hours with the contact listed in the FOR FURTHER INFORMATION CONTACT section.

FOR FURTHER INFORMATION CONTACT: Adrienne Borgia, EPA Region IX, (415) 972–3576, borgia.adrienne@epa.gov.

SUPPLEMENTARY INFORMATION: Throughout this document, “we,” “us” and “our” refer to EPA.

We proposed to approve these rules because we determined that they complied with the relevant CAA requirements. Our proposed action contains more information on the rules and our evaluation.

II. Public Comments and EPA Responses

EPA’s proposed action provided a 30-day public comment period. During this period, we received no comments.

III. EPA Action

No comments were submitted. Therefore, as authorized in section 110(k)(3) of the Act, EPA is fully approving these rules into the California SIP.

IV. Statutory and Executive Order Reviews

Under the Clean Air Act, the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA’s role is to approve State choices, provided that they meet the criteria of the Clean Air Act. Accordingly, this action merely approves State law as meeting Federal requirements and does not impose additional requirements beyond those imposed by State law. For that reason, this action:
 Environmental Protection Agency

40 CFR Part 52

[40 CFR 52.220] Revisions of the California State Implementation Plan; Placer County Air Pollution Control District and Feather River Air Quality Management District; Stationary Source Permits

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule and technical amendment.

SUMMARY: EPA is finalizing a limited approval and limited disapproval of two permitting rules submitted by California as a revision to the Placer County Air Pollution Control District (PCAPCD) and Feather River Air Quality Management District (FRAQMD) portion of the California State Implementation Plan (SIP). These revisions were proposed in the Federal Register on February 22, 2013 and concern construction and modification of stationary sources of air pollution within each District. We are approving local rules that regulate these emission sources under the Clean Air Act as amended in 1990 (CAA). Final approval of these rules makes the rules federally enforceable and corrects program deficiencies identified in a previous EPA ruling (76 FR 44809, July 27, 2011). EPA is also making a technical amendment to the Code of Federal Regulations (CFR) to reflect this previous rulemaking, which removed an obsolete provision from the California SIP.

DATES: This rule is effective on October 24, 2013.

ADDRESSES: EPA has established docket number EPA–R09–OAR–2013–0094 for this action. Generally, documents in the docket for this action are available electronically at www.regulations.gov or in hard copy at EPA Region IX, 75 Hawthorne Street, San Francisco, California. While all documents are listed at www.regulations.gov, some information may be publicly available only at the hard copy location (e.g., copyrighted material, large maps, multi-volume reports), and some may not be.
