

Expiration Date: 02/28/2014.

Type of Request: Extension with a revision.

Abstract: FSA's Farm Loan Programs provide loans to family farmers to purchase real estate and equipment, and finance agricultural production. Direct Loan Servicing—Regular, as specified in 7 CFR part 765, provides the requirements related to routine servicing actions associated with direct loans. FSA is required to actively supervise its borrowers and provide credit counseling, management advice and financial guidance. Additionally, FSA must document that credit is not available to the borrower from commercial credit sources in order to maintain eligibility for assistance. Information collections established in the regulation are necessary for FSA to monitor and account for loan security, including proceeds derived from the sale of security, and to process a borrower's request for subordination or partial release of security. Borrowers are required to provide financial information to determine graduation eligibility based on commercial lender standards provided to FSA.

The number of respondents and annual number of responses in this information collection has been adjusted to reflect the improved reporting ability for respondents and to correct some calculation errors in the previous information collection numbers. No additional forms, response actions, or time increases (other than travel time) were added as part of this revision.

Estimate of Average Time to respond: 19 minutes per response. The average travel time, which is included in the total annual burden, is estimated to be 1 hour per respondent.

Respondents: Individuals or households, businesses or other for profit farms

Estimated Annual Number of Respondents: 52,765.

Estimated Number of Responses per Respondent: 1.98.

Total Annual Responses: 104,518.

Estimated Total Annual Burden Hours: 64,771. We are requesting comments on all aspects of this information collection to help us to:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of FSA, including whether the information will have practical utility;

(2) Evaluate the accuracy of FSA's estimate of burden including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected;

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All responses to this notice, including name and addresses when provided, will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Signed on September 17, 2013.

[Docket No. NRCS-2013-0004]

Notice of Availability of the Record of Decision (ROD) and Findings of No Significant Impact (FONSI) for the Grand Prairie Area Demonstration Project

AGENCY: Natural Resources Conservation Service (NRCS), USDA.

ACTION: Notice of availability of Record of Decision and Findings of No Significant Impact.

SUMMARY: This notice announces NRCS' adoption, under provisions provided for in 40 CFR 1506.3 of the U.S. Army Corps of Engineers' Final Environmental Impact Statement (EIS) entitled:

“General Reevaluation Report and Environmental Impact Statement for the Grand Prairie Demonstration Project dated September 1999” (GRR/EIS) and the availability of an associated NRCS ROD. NRCS has also adopted the two Environmental Assessments (EAs) associated with the project entitled: “Environmental Assessment Grand Prairie Area Demonstration Project, Post General Reevaluation Design Changes” (2004 EA) and “Environmental Assessment Grand Prairie Area Demonstration Project Canal Realignment and Pumping Station Borrow Area, Prairie County, Arkansas” (2010 EA), and an NRCS FONSI for each EA is available.

ADDRESSES: Copies of the ROD and FONSI are available upon request from the Natural Resources Conservation Service, Room 3416, Federal Building,

700 West Capitol Avenue, Little Rock, Arkansas 72201-3225.

FOR FURTHER INFORMATION CONTACT:

Charlotte Bowie, State Irrigation Engineer, Natural Resources Conservation Service, Room 3416, Federal Building, 700 West Capitol Avenue, Little Rock, Arkansas 72201-3225; telephone: (501) 301-3148.

SUPPLEMENTARY INFORMATION: NRCS prepared the ROD and FONSI in compliance with the National Environmental Policy Act after reviewing the EIS and the EAs and concurring with the analysis and findings therein, and finding that the proposed project modifications described in the EAs will not result in significant impacts to the environment.

The Grand Prairie Area Demonstration Project is located in eastern Arkansas and includes portions of Prairie, Arkansas, Lonoke, and Monroe Counties. This project will provide for agricultural water supply, ground water protection, and wildlife enhancement within the project area. The project features include a major pumping station, conveyance channels and pipelines, and conservation measures for the Grand Prairie area.

ACTION: Notice and Opportunity for Public Comment.

Pursuant to Section 251 of the Trade Act 1974, as amended (19 U.S.C. 2341 et seq.), the Economic Development Administration (EDA) has received petitions for certification of eligibility to apply for Trade Adjustment Assistance from the firms listed below. Accordingly, EDA has initiated investigations to determine whether increased imports into the United States of articles like or directly competitive with those produced by each of these firms contributed importantly to the total or partial separation of the firm’s workers, or threat thereof, and to a decrease in sales or production of each petitioning firm.

Foreign-Trade Zones Board

[B–86–2013]

Notification of Proposed Production Activity; Benteler Automotive Corporation (Automotive Suspension and Body Components); Duncan, South Carolina

Benteler Automotive Corporation (Benteler), operator of Subzone 38F, submitted a notification of proposed production activity for its facility located in Duncan, South Carolina. The notification conforming to the

requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on August 28, 2013.

The subzone currently has authority to produce automotive suspension components and subassemblies using certain foreign-status components. The current request would add bumper assemblies, body reinforcement assemblies, suspension parts (e.g., links, control arms), and sub-frames to the list of approved finished products and would also add foreign-status components to the scope of authority. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status materials and components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt Benteler from customs duty payments on the foreign status
