9 CFR Part 391
[Docket No. FSIS–2013–0026]

Extension of the Current Fees for the Accredited Laboratory Program

AGENCY: Food Safety and Inspection Service, USDA.

ACTION: Interim final rule.

SUMMARY: The Accredited Laboratory Program is the FSIS program in which non-Federal laboratories are accredited as eligible to perform analyses on official regulatory samples of raw or processed meat and poultry products, and through which a check sample program for quality assurance is conducted. The program is funded by user fees. The current fee regulation is due to expire at the end of the present fiscal year. In order to provide time to develop a proposed rule that will establish a formula for determining the fee, FSIS is extending the current laboratory accreditation fee.

DATES: This final rule is effective September 27, 2013.

ADDRESSES: FSIS invites interested persons to submit comments on this rule. Comments may be submitted by either of the following methods:

• Federal eRulemaking Portal: This Web site provides the ability to type short comments directly into the comment field on this Web page or attach a file for lengthier comments. Go to http://www.regulations.gov. Follow the on-line instructions at that site for submitting comments.

• Mail, including CD-ROMs, etc.: Send to Docket Clerk, U.S. Department of Agriculture, Food Safety and Inspection Service, Patriots Plaza 3, 1400 Independence Avenue SW., Mailstop 3782, Room 8–163B, Washington, DC 20250–3700.

• Hand- or courier-delivered submittals: Deliver to Patriots Plaza 3, 355 E Street SW., Room 8–163B, Washington, DC 20250–3700.

Instructions: All items submitted by mail or electronic mail must include the Agency name and docket number FSIS–2013–0026. Comments received in response to this docket will be made available for public inspection and posted without change, including any personal information, to http://www.regulations.gov.

Docket: For access to background documents or comments received, go to the FSIS Docket Room at Patriots Plaza 3, 355 E. Street SW., Room 8–164, Washington, DC 20250–3700 between 8:00 a.m. and 4:30 p.m., Monday through Friday.

SUPPLEMENTARY INFORMATION:

Background

FSIS accredits non-Federal analytical laboratories under its Accredited Laboratory Program. Such accreditation allows laboratories to conduct analyses of official meat and poultry samples. The Food, Agriculture, Conservation, and Trade Act of 1990, as amended, mandates that laboratory accreditation fees cover the costs of the Accredited Laboratory Program. This same Act mandates an annual payment of an accreditation fee on the anniversary date of each accreditation.

On April 12, 2011, FSIS issued a final rule entitled, “New Formulas for Calculating the Baseline, Overtime, Holiday, and Laboratory Services Rates; Rate Changes Based on the Formulas; and Increased Fees for the Accredited Laboratory Program” (76 FR 20220). The rule increased fees for the Accredited Laboratory Program beginning in fiscal year 2012 in order to ensure FSIS recovered the cost of providing laboratory accreditation services. The current laboratory accreditation fee of $5,000 expires September 30, 2013. However, because the Accredited Laboratory Program fee continues to be necessary, FSIS is extending the current fee. FSIS plans to develop and propose a new formula for calculating the fee.

Interim Final Rule

FSIS is amending 9 CFR 391.5 to keep the laboratory accreditation fee at $5,000.00. In accordance with section 533 of the Administrative Procedure Act (5 U.S.C. 553), the Agency finds good cause for making this interim rule effective upon publication. At the same time, however, FSIS is providing for a 30-day comment period. FSIS will propose changes to the laboratory accreditation fees through future rulemaking.

Executive Order 12866 Regulatory Review

This rule has been reviewed under Executive Order 12866 by the Office of Management and Budget (OMB) and has been determined to be “not significant” for purposes of E.O. 12866.

Regulatory Flexibility Analysis

As required by the Regulatory Flexibility Act (5 U.S.C. 601–612), the FSIS Administrator has examined the economic implications of the rule and has determined that it will not have a significant impact on a substantial number of small entities.

Executive Order 12988 Civil Justice Reform

This rule has been reviewed under Executive Order 12988, Civil Justice Reform. Under this rule: (1) All State and local laws and regulations that are inconsistent with this rule will be preempted; (2) no retroactive effect will be given to this rule; and (3) no retroactive proceedings will be required before parties may file suit in court challenging this rule.

Executive Order 13175 Indian Tribal Governments

This rule has been reviewed in accordance with the requirements of Executive Order 13175, Consultation and Coordination with Indian Tribal Governments. The review reveals that this regulation will not have substantial and direct effects on Tribal governments and will not have significant Tribal implications.

Paperwork Reduction Act

This rule does not contain any new information collection or record keeping requirements that are subject to the
Office of Management and Budget (OMB) approval under the Paperwork Reduction Act, 44 U.S.C. 3501 et seq.

E-Government Act
FSIS and USDA are committed to achieving the purposes of the E-Government Act (44 U.S.C. 3601, et seq.) by, among other things, promoting the use of the Internet and other information technologies and providing increased opportunities for citizen access to government information and services, and for other purposes.

Additional Public Notification
FSIS will announce this rule online through the FSIS Web page located at http://www.fsis.usda.gov/wps/portal/fsis/topics/regulations/federal-register. FSIS will also make copies of this Federal Register publication available through the FSIS Constituent Update, which is used to provide information regarding FSIS policies, procedures, regulations, Federal Register notices, FSIS public meetings, and other types of information that could affect or would be of interest to constituents and stakeholders. The Update is communicated via Listserv, a free electronic mail subscription service for industry, trade groups, consumer interest groups, health professionals, and other individuals who have asked to be included. The Update is also available on the FSIS Web page. In addition, FSIS offers an electronic mail subscription service which provides automatic and customized access to selected food safety news and information. Federal Aviation Administration

14 CFR Part 71

Establishment of Class E Airspace; Akutan, AK

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action establishes Class E airspace at Akutan Airport, Akutan, AK. Controlled airspace is necessary to accommodate aircraft using the new Area Navigation (RNAV) Global Positioning System (GPS) standard instrument approach procedures at the airport. This action enhances the safety and management of aircraft operations at the airport.

DATES: Effective date, 0901 UTC, December 12, 2013. The Director of the Federal Register approves this incorporation by reference action under 1 CFR Part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

FOR FURTHER INFORMATION CONTACT:
Richard Roberts, Federal Aviation Administration, Operations Support Group, Western Service Center, 1601 Lind Avenue SW., Renton, WA, 98057; telephone (425) 203–4517.

SUPPLEMENTARY INFORMATION:

History
On July 29, 2013, the FAA published in the Federal Register a notice of proposed rulemaking (NPRM) to establish controlled airspace at Akutan Airport, Akutan, AK (78 FR 45477). Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received.

Class E airspace designations are published in paragraph 6005, of FAA Order 7400.9X dated August 7, 2013, and effective September 15, 2013, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in that Order.

The Rule
This action amends Title 14 Code of Federal Regulations (14 CFR) Part 71 by establishing Class E airspace extending upward from 700 feet above the surface within a 3.5-mile radius of Akutan Airport, Akutan, AK, with a segment extending from the 3.5-mile radius to 5.5 miles northwest of the airport. This action ensures the safety and management of aircraft operations at the airport.

The FAA has determined this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation: (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act. The FAA’s authority to issue rules regarding aviation safety is found in 49 of the
