SUPPLEMENTARY INFORMATION:

Summary

Competitor vehicles will fly a series of missions that will require them to safely address many of the technical issues important to integrating UAS in the National Airspace System. Several different types of scoring will apply during a single mission, depending upon the mission goals and the types of contingency situations that occur. Competitors will not have advance knowledge of the scenarios they will encounter and different teams will encounter scenarios in different sequences. The competitors will be provided with a standardized electronic module that will collect flight data that will be used as the reference for assigning scores.

I. Prize Amounts

The total UAS AOC purse is $500,000 (five hundred thousand U.S. dollars). Prizes will be offered for entries that meet specific requirements detailed in the Rules.

II. Eligibility

To be eligible to win a prize, competitors must (1) register and comply with all requirements in the rules and team agreement; (2) in the case of a single entity, shall be incorporated in and maintain a primary place of business in the United States; and (3) shall not be a Federal entity or Federal employee acting within the scope of their employment.

OFFICE OF THE FEDERAL REGISTER

Publication Procedures for Federal Register Documents During a Funding Hiatus

AGENCY: Office of the Federal Register.

ACTION: Notice of special procedures.

SUMMARY: In the event of an appropriations lapse, the Office of the Federal Register (OFR) would be required to publish documents directly related to the performance of governmental functions necessary to address imminent threats to the safety of human life or protection of property. Since it would be impracticable for the OFR to make case-by-case determinations as to whether certain documents are directly related to activities that qualify for an exemption under the Antideficiency Act, the OFR will place responsibility on agencies submitting documents to certify that their documents relate to emergency activities authorized under the Act.

FOR FURTHER INFORMATION CONTACT: Amy Bunk, Director of Legal Affairs and Policy, or Miriam Vincent, Staff Attorney, Office of the Federal Register, National Archives and Records Administration, (202) 741–6030 or Fedreg.legal@nara.gov.

SUPPLEMENTARY INFORMATION:

Due to the possibility of a lapse in appropriations and in accordance with the provisions of the Antideficiency Act, as amended by Public Law 101–508, 104 Stat. 1388 (31 U.S.C. 1341), the Office of the Federal Register (OFR) announces special procedures for agencies submitting documents for publication in the Federal Register.

In the event of an appropriations lapse, the OFR would be required to publish documents directly related to the performance of governmental functions necessary to address
imminent threats to the safety of human life or protection of property. Since it would be impracticable for the OFR to make case-by-case determinations as to whether certain documents are directly related to activities that qualify for an exemption under the Antideficiency Act, the OFR will place responsibility on agencies submitting documents to certify that their documents relate to emergency activities authorized under the Act.

During a funding hiatus affecting one or more Federal agencies, the OFR will remain open to accept and process documents authorized to be published in the daily Federal Register in the absence of continuing appropriations. An agency wishing to submit a document to the OFR during a funding hiatus must attach a transmittal letter to the document which states that publication in the Federal Register is necessary to safeguard human life, protect property, or provide other emergency services consistent with the performance of functions and services exempted under the Antideficiency Act.

Under the August 16, 1995 opinion of the Office of Legal Counsel of the Department of Justice, exempt functions and services would include activities such as those related to the constitutional duties of the President, food and drug inspection, air traffic control, responses to natural or manmade disasters, law enforcement and supervision of financial markets. Documents related to normal or routine activities of Federal agencies, even if funded under prior year appropriations, will not be published.

At the onset of a funding hiatus, the OFR may suspend the regular three-day publication schedule to permit a limited number of exempt personnel to process emergency documents. Agency officials will be informed as to the schedule for filing and publishing individual documents.

**SUPPLEMENTARY INFORMATION:**

**I. Abstract and Request for Comments**

NCUA is reinstating its OMB collection number 3133–0152 for its Management Official Interlocks regulation, 12 CFR Part 711, which implements the Interlocks Act for federally insured credit unions. The Interlocks Act generally prohibits financial institution management officials from serving simultaneously with two unaffiliated depository institutions or their holding companies. 12 U.S.C. 3201–3208. For credit unions, the Interlocks Act restricts interlocks between credit unions and other types of financial institutions, not between two or more credit unions. 12 U.S.C. 3204(3). NCUA last substantively revised 12 CFR Part 711 in 1999, as part of a coordinated interagency effort with other federal financial regulatory agencies. 64 FR 66356–66360, Nov. 26, 1999.

NCUA finds information collection burdens associated with this regulation still apply and is reinstating this OMB collection number 3133–0152. The information collections associated with Part 711 are as follows:

- Under 711.3, a credit union may have to maintain records to determine whether the major assets prohibition applies.
  - Under 711.4(b)(1)(i), a credit union must notify NCUA to obtain approval to have a director in common with a diversified savings and loan holding company.
  - Under 711.5, a credit union may have to maintain records to comply with the small market share exemption.
  - Under 711.6(a), a credit union seeking a general exemption to a management official interlocks prohibition in 711.3 would have to compile information and submit an application to NCUA for approval.

The NCUA requests that you send your comments on this collection to the location(s) listed in the addresses section. Your comments should address:

(a) The necessity of the information collection for the proper performance of NCUA, including whether the information will have practical utility; (b) the accuracy of our estimate of the burden (hours and cost) of the collection of information, including the validity of the methodology and assumptions used; (c) ways we could enhance the quality, utility, and clarity of the information to be collected; and (d) ways we could minimize the burden of the collection of the information on the respondents such as through the use of automated collection techniques or other forms of information technology. It is NCUA’s policy to make all comments available to the public for review.
