#### **Certain Frozen Fish Fillets From the Socialist Republic of Vietnam: Initiation of Antidumping Duty New Shipper Review; 2012-2013**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**DATES:** Effective September 30, 2013.

**SUMMARY:** The Department of Commerce ("the Department") has received a timely request for a new shipper review ("NSR") of the antidumping duty ("AD") order on certain frozen fish fillets ("fish fillets") from the Socialist Republic of Vietnam ("Vietnam") that meets the statutory and regulatory requirements for initiation. The period of review ("POR") for this NSR is August 1, 2012, through July 31, 2013.

**FOR FURTHER INFORMATION CONTACT:** Susan Pulongbarit, AD/CVD Operations, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: 202-482-0238.

#### **SUPPLEMENTARY INFORMATION:**

##### **Background**

The AD order on fish fillets from Vietnam was published on August 12,

2003.<sup>1</sup> On September 3, 2013, pursuant to section 751(a)(2)(B)(i) of the Tariff Act of 1930, as amended ("the Act"), and 19 CFR 351.214(b), the Department received an NSR request from Thanh Hung Co., Ltd. D/B/A Thanh Hung Frozen Seafood Processing Import Export Co., Ltd. ("Thanh Hung").<sup>2</sup> Thanh Hung certified that it is a producer and exporter of the subject merchandise and that it exported, or has sold for export, subject merchandise to the United States.<sup>3</sup>

Pursuant to section 751(a)(2)(B)(i)(I) of the Act and 19 CFR 351.214(b)(2)(i), Thanh Hung certified that it did not export subject merchandise to the United States during the period of investigation ("POI").<sup>4</sup> In addition, pursuant to section 751(a)(2)(B)(i)(II) of the Act and 19 CFR 351.214(b)(2)(iii)(A), Thanh Hung certified that, since the initiation of the investigation, it has never been affiliated with any Vietnamese exporter or producer who exported subject merchandise to the United States during the POI, including those respondents not individually examined during the investigation.<sup>5</sup> As required by 19 CFR 351.214(b)(2)(iii)(B), Thanh Hung also certified that its export activities were not controlled by the central government of Vietnam.<sup>6</sup>

In addition to the certifications described above, pursuant to 19 CFR 351.214(b)(2)(iv), Thanh Hung submitted documentation establishing the following: (1) The date on which it first shipped subject merchandise for export to the United States; (2) the volume of its first shipment; and (3) the date of its first sale to an unaffiliated customer in the United States.<sup>7</sup>

Finally, the Department conducted a U.S. Customs and Border Protection ("CBP") database query and confirmed the price, quantity, date of sale, and date of entry of the sale at issue. In addition, the Department confirmed that the data on any subsequent shipments corresponds with the information provided by Thanh Hung.<sup>8</sup>

#### **Initiation of New Shipper Review**

Pursuant to section 751(a)(2)(B) of the Act and 19 CFR 351.214(d)(1), and based on the documentation provided by Thanh Hung, we find that the request submitted by Thanh Hung meets the requirements for initiation of the NSR for shipments of fish fillets from Vietnam.<sup>9</sup> The POR is August 1, 2012, through July 31, 2013.<sup>10</sup> Absent a determination that the case is extraordinarily complicated, the Department intends to issue the preliminary results of this NSR within 180 days from the date of initiation and the final results within 270 days from the date of initiation.<sup>11</sup>

It is the Department's usual practice, in cases involving non-market economies, to require that a company seeking to establish eligibility for an AD rate separate from the country-wide rate provide evidence of *de jure* and *de facto* absence of government control over the company's export activities.

Accordingly, we will issue a questionnaire to Thanh Hung that will include a separate-rate section. The review of Thanh Hung will proceed if the response provides sufficient indication that it is not subject to either *de jure* or *de facto* government control with respect to its exports of fish fillets.

We will instruct CBP to allow, at the option of the importer, the posting, until the completion of the review, of a bond or security in lieu of a cash deposit for each entry of the subject merchandise from the requesting company in accordance with section 751(a)(2)(B)(iii) of the Act and 19 CFR 351.214(e). Because Thanh Hung certified that it both produced and exported the subject merchandise, the sale of which is the basis for the new-shipper request for review, we will instruct CBP to permit the use of a bond only for subject merchandise which Thanh Hung both produced and exported.

Interested parties requiring access to proprietary information in this NSR should submit applications for disclosure under administrative protective order, in accordance with 19 CFR 351.305 and 19 CFR 351.306.

This initiation and notice are in accordance with section 751(a)(2)(B) of the Act, 19 CFR 351.214, and 19 CFR 351.221(c)(1)(i).

<sup>9</sup> See Initiation Checklist.

<sup>10</sup> See 19 CFR 351.214(g)(1)(i)(A).

<sup>11</sup> See section 751(a)(2)(B)(iv) of the Act.

The experiments will involve the study of the rate of setting or hydration of concrete mixtures in which a large portion of the cement is replaced by fly ash from coal burning power plants. The objective is to reduce the amount cement (a major source of greenhouse gases) with a waste product, fly ash, which is produced by coal burning power plants. Justification for Duty-Free Entry: There are no instruments of the same general category manufactured in the United States. Application accepted by Commissioner of Customs: September 13, 2013.

Docket Number: 13-040. Applicant: Center for Disease Control and Prevention, 2920 Brandywine Road, RM 3000, Atlanta, GA 3041-5539. Instrument: Electron Microscope.

Manufacturer: FEI Company, Czech Republic. Intended Use: The instrument will be used to expand the understanding of impacts of tobacco use on individuals as part of U.S. Public Health studies, including how the particle size and composition in the smoke affects the change in type and pulmonary location of cancers prevalent in smokers.
