Draft Guidance for Industry on Abbreviated New Drug Application Submissions—Refuse-to-Receive Standards; Availability

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice.

SUMMARY: The Food and Drug Administration (FDA) is announcing the availability of a draft guidance for industry entitled “ANDA Submissions—Refuse-to-Receive Standards.” This guidance is intended to assist applicants preparing to submit to FDA ANDAs and PASs to ANDAs for which the applicant is seeking approval of a new strength of the drug product. The guidance contains details on what should be included in an ANDA and highlights serious deficiencies that may cause FDA to refuse to receive an ANDA. A refuse-to-receive decision indicates that FDA has determined that an ANDA is incomplete on its face, usually because of omissions.

With the enactment of the Generic Drug User Fee Act on July 9, 2012 (Pub. L. 112–144, Title III), FDA’s Office of Generic Drugs (OGD) was tasked with a number of activities, including developing enhanced refusal to receive standards for ANDAs and related submissions. Recent data underscore the need for improvement in the quality of original ANDA submissions. Between 2009 and 2012, OGD refused to receive 497 ANDAs, primarily because the submissions contained serious deficiencies. FDA evaluates each incoming ANDA individually to determine whether its format and content meet threshold criteria to permit a substantive review and can thus be received by FDA. The Agency cannot receive an ANDA unless it contains the information required under section 505(j) of the Federal Food, Drug, and Cosmetic Act and related regulations (e.g., 21 CFR 314.101(b)(1)). This guidance explains in some detail the kind of omissions that can lead to a refuse-to-receive determination. The guidance is intended to assist applicants preparing ANDAs and related submissions to help improve the quality of those submissions and ensure that their format and content meet the threshold criteria for FDA receipt and review.

This draft guidance is being issued consistent with FDA’s good guidance practices regulation (21 CFR 10.115). The draft guidance, when finalized, will represent the Agency’s current thinking on refusing to receive ANDAs and related submissions. It does not create or confer any rights for or on any person and does not operate to bind FDA or the public. An alternative approach may be used if such approach satisfies the requirements of the applicable statutes and regulations.

II. Paperwork Reduction Act of 1995

This guidance refers to previously approved collections of information that are subject to review by the Office of Management and Budget (OMB) under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520). The collection of information in 21 CFR part 314 for ANDA and related submissions has been approved under OMB control number 0910–0001.
