The supplemental letters dated August 21 and September 6, 2013, provided additional information that clarified the application, did not expand the scope of the application as originally noticed, and did not change the staff’s original proposed no significant hazards consideration (NSHC) determination as published in the Federal Register.

Date of issuance: September 13, 2013.

Effective date: The license amendment is effective as of its date of issuance.

Amendment No.: 284.

Facility Operating License No. DPR–33: Amendment revised the TSs.

Public comments requested as to proposed no significant hazards consideration: Yes, a notice was published on August 23, 2013 (78 FR 52571). The notice provided an opportunity to submit comments on the Commission’s proposed NSHC determination. No comments have been received. The notice also provided an opportunity to request a hearing by October 22, 2013, but indicated that if the Commission makes a final NSHC determination, any such hearing would take place after issuance of the amendment.

The Commission’s related evaluation of the amendment, finding of exigent circumstances, state consultation, and final NSHC determination are contained in a safety evaluation dated September 13, 2013.
