Definitions:

Initial terminal to be the designated terminal where repairs of the type necessary occur on a regular basis. A repair point, located near a downtown terminal (LaSalle Street, Ogilvie Transportation Center, and Chicago Union Station), the outlying facilities (Joliet, Blue Island, Elburn, Harvard, McHenry, Crystal Lake, Barrington, Waukegan, Kenosha, and Aurora) are currently used for overnight storage in preparation of morning service. These outlying facilities are intended for minimal maintenance and are not designed to handle major repairs. As a result, any failures of train stop, train control, or cab signal must be corrected at the designated repair points, not the outlying facilities. Typically, when failures occur, the equipment must be moved in non-revenue service to the designated repair point in order to be repaired. However, this only applies to those repairs that cannot be readily performed at outlying facilities. When possible, minor repairs are made at outlying facilities and this will continue to remain true if the waiver is granted.

This waiver petition applies to five Metra lines described in this waiver, except Federal Holidays.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. The complete application is given in DOT docket MARAD–2013–0111 at http://www.regulations.gov. Interested parties may comment on the effect this action may have on U.S. vessel builders or businesses in the U.S. that use U.S.-flag vessels. If MARAD determines, in accordance with 46 U.S.C. 12121 and MARAD’s regulations at 46 CFR Part 388, that the issuance of the waiver will have an unduly adverse effect on a U.S.-vessel builder or a business that uses U.S.-flag vessels in that business, a waiver will not be granted. Comments should refer to the docket number of this notice and the vessel name in order for MARAD to properly consider the comments. Comments should also state the commenter’s interest in the waiver application, and address the waiver criteria given in § 388.4 of MARAD’s regulations at 46 CFR Part 388.

Generally, tax returns and tax return information are confidential, as required by 26 U.S.C. 6103.
