

may designate, the proposed rule change has become effective pursuant to 19(b)(3)(A) of the Act and Rule 19b-4(f)(6) thereunder.

A proposed rule change filed under Rule 19b-4(f)(6)¹³ normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),¹⁴ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Exchange believes that waiver of the operative delay is appropriate because the proposed rule change does not present any new, unique or substantive issues, but rather only changes the manner by which RMMs may obtain appointments. The Exchange also states that RMMs will continue to be subject to the same obligations with respect to their appointments. According to the Exchange, waiver of the operative delay will provide RMMs with more efficient access to the securities in which they want to make markets so that RMMs may more quickly begin disseminating competitive quotations in those securities, which will provide additional liquidity and enhance competition in those securities. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest, as doing so will allow RMMs to manage their appointments in a more flexible and timely manner. For this reason, the Commission designates the proposed rule change to be operative upon filing.¹⁵

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-70542; File No. SR-BX-2013-053]

Self-Regulatory Organizations; NASDAQ OMX BX, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to the Clearly Erroneous Rule

September 27, 2013.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that, on September 26, 2013, NASDAQ OMX BX, Inc. ("BX" or "Exchange"), filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to extend the pilot period of recent amendments to Rule 11890, concerning clearly erroneous transactions, so that the pilot will now expire on April 8, 2014. The Exchange also proposes to remove certain references to individual stock trading pauses contained in Rule 11890(a)(2)(C)(4).

The text of the proposed rule change is available from BX's Web site at <http://nasdaqomxbx.cchwallstreet.com>, at BX's principal office, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

¹⁵ For purposes only of waiving the operative delay for this proposal, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

On September 10, 2010, the Commission approved, for a pilot period to end December 10, 2010, a proposed rule change submitted by the Exchange, together with related rule changes of the BATS Exchange, Inc., The NASDAQ Stock Market LLC, Chicago Board Options Exchange, Incorporated, Chicago Stock Exchange, Inc., EDGA Exchange, Inc., EDGX Exchange, Inc., International Securities Exchange LLC, New York Stock Exchange LLC, NYSE MKT LLC (formerly, NYSE Amex LLC), NYSE Arca, Inc., and National Stock Exchange, Inc., to amend certain of their respective rules to set forth clearer standards and curtail discretion with respect to breaking erroneous trades.³ The changes were adopted to address concerns that the lack of clear guidelines for dealing with clearly erroneous transactions may have added to the confusion and uncertainty faced by investors on May 6, 2010. The pilot program was extended several times since its adoption and is currently set to expire on September 30, 2013.⁴ In its rule change that extended the pilot program to September 30, 2013,⁵ the Exchange also adopted a provision designed to address the operation of the National Market System Plan to Address Extraordinary Market Volatility⁶ (the "Limit Up-Limit Down Plan"). The Exchange believes the benefits to market participants from the more objective clearly erroneous executions rule should continue on a pilot basis through April 8, 2014, which is one year following commencement of operations of the Limit Up-Limit Down Plan. The Exchange believes that continuing the pilot during this time will protect against any unanticipated consequences. Thus, the Exchange believes that the protections of the Clearly Erroneous Rule should continue while the industry gains further experience operating the Limit Up-Limit Down Plan.

The Exchange also proposes to eliminate all references in Rule 11890 to individual stock trading pauses issued

by a primary listing market. Specifically, Rule 11890(a)(2)(C)(4) provides specific rules to follow with respect to review of an execution as potentially clearly erroneous when there was an individual stock trading pause issued for that security and the security is included in the S&P 500 Index, the Russell 1000 Index, or a pilot list of Exchange Traded Products ("Subject Securities"). The stock trading pauses described in Rule 11890(a)(2)(C)(4) are being phased out as securities become subject to the Limit Up-Limit Down Plan pursuant to a phased implementation schedule. The Limit Up-Limit Down Plan is already operational with respect to all Subject Securities, and thus, the Exchange believes that all references to individual stock trading pauses should be removed, including all cross-references to Rule 11890(a)(2)(C)(4) contained in other portions of Rule 11890.⁷

The Exchange is also making technical amendments to certain citations within Rule 11890 to make them more accurate.

2. Statutory Basis

The statutory basis for the proposed rule change is Section 6(b)(5) of the Securities Exchange Act of 1934 (the "Act"),⁸ which requires the rules of an exchange to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest. The Exchange believes that the pilot program promotes just and equitable principals of trade in that it promotes transparency and uniformity across markets concerning review of transactions as clearly erroneous. More specifically, the Exchange believes that the extension of the pilot would help assure that the determination of whether a clearly erroneous trade has occurred will be based on clear and objective criteria, and that the resolution of the incident will occur promptly through a transparent process. The proposed rule

⁷ The Exchange notes that certain Exchange Traded Products ("ETPs") are not yet subject to the Limit Up-Limit Down Plan. Because such ETPs are not on the pilot list of securities, such ETPs are not subject to Rule 11890(a)(2)(C)(4). Securities Exchange Act Release No. 65105 (August 11, 2011), 76 FR 51108 (August 17, 2011) (SR-BX-2011-56) (notice of filing and immediate effectiveness to amend the clearly erroneous rule to specify that Rule 11890(a)(2)(C)(4) applies only to the current securities of the Individual Stock Trading Pause pilot). Accordingly, the proposed rule change does not change the status quo with respect to such ETPs. As amended, all securities, including ETPs not subject to the Limit Up-Limit Down Plan, will continue to be subject to Rule 11890(a)(2)(C)(1)-(3).

⁸ 15 U.S.C. 78f(b)(5).

change would also help assure consistent results in handling erroneous trades across the U.S. markets, thus furthering fair and orderly markets, the protection of investors and the public interest. Although the Limit Up-Limit Down Plan will become fully operational during the same time period as the proposed extended pilot, the Exchange believes that maintaining the pilot will help to protect against unanticipated consequences. To that end, the extension will allow the Exchange to determine whether Rule 11890 is necessary once the Limit Up-Limit Down Plan is fully operational and, if so, whether improvements can be made. Finally, the elimination of references to individual stock trading pauses will help to avoid confusion amongst market participants, which is consistent with the Act. As described above, individual stock trading pauses have been replaced by the Limit Up-Limit Down Plan with respect to all Subject Securities.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended. To the contrary, the Exchange believes that the Financial Industry Regulatory Authority and other national securities exchanges are also filing similar proposals, and thus, that the proposal will help to ensure consistency across market centers.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the proposed rule change does not (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A)

of the Act⁹ and Rule 19b-4(f)(6)(iii) thereunder.¹⁰

The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest, as it will allow the pilot program to continue uninterrupted, thereby avoiding investor confusion that could result from a temporary interruption in the pilot program. For this reason, the Commission designates the proposed rule change to be operative upon filing.¹¹

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
