Information Collections

1. Type of Information Collection Request: Extension of a currently approved collection; Title of Information Collection: Medicaid Program Budget Report; Use: We require that each State Medicaid agency quarterly submit the Form CMS–37 via the web-based Medicaid and State Children’s Health Insurance Program Budget and Expenditure System (MBES/CBES). Due dates are November 15, February 15, May 15 and August 15 of each fiscal year. The addendum provides a description of forms contained in this package. All submissions represent equally important components of the grant award cycle, but the May and November submissions are particularly significant for budget formulation. The November submission introduces a new fiscal year to the budget cycle and serves as the basis for the formulation of the Medicaid portion of the President’s Budget, which is presented to Congress in January. The February and August submittals are used primarily for budget execution in providing interim updates to CMS’ Office of Financial Management, the Department of Health and Human Services, the Office of Management and Budget and Congress depending on the scheduling of the national budget review process in a given fiscal year.
