

Transcripts of the meetings will be available for review in eLibrary under the project docket numbers. All meetings will begin at 7:00 p.m., and are scheduled as follows:

Date	Location
October 22, 2013.	Knights of Columbus Rockaway Council 2672, 333 Beach 90th Street, Rockaway Beach, NY 11693.
October 23, 2013.	Aviator Sports & Events Center, 3159 Flatbush Avenue, Brooklyn, NY 11234.

After the comments are reviewed, any significant new issues will be investigated, and a final EIS will be published and distributed to stakeholders. The final EIS will contain the FERC staff's responses to timely comments received on the draft EIS.

Any person seeking to become a party to the proceeding must file a motion to intervene pursuant to Rule 214 of the Commission's Rules of Practice and Procedures (18 CFR 385.214).¹ Only intervenors have the right to seek rehearing of the Commission's decision. The Commission grants affected landowners and others with environmental concerns intervenor status upon showing good cause by stating that they have a clear and direct interest in this proceeding which no other party can adequately represent. Simply filing environmental comments will not give you intervenor status, but you do not need intervenor status to have your comments considered.

Section 106 of the National Historic Preservation Act

In addition to NEPA, FERC and the other federal cooperating agencies are required to comply with Section 106 of the National Historic Preservation Act. As part of this process, FERC staff and the National Park Service will prepare a Determination of Effect for Transco's proposed reuse and rehabilitation of the hangar complex for the M&R facility on Floyd Bennett Field. Design documents for rehabilitation of the hangars may be viewed on the FERC Web site (www.ferc.gov) using the eLibrary link as described above. Commission to issue an order finding that PacifiCorp's refusal to execute a Power Purchase Agreement with Pioneer Wind, unless Pioneer Wind agrees to allow PacifiCorp to curtail the Pioneer Wind Project ahead of other generators, as if it were a non-firm transmission customer, is inconsistent with: (1) PacifiCorp's mandatory purchase obligation under the Public Utility Regulatory Policies Act of 1978 (PURPA), as that obligation has been interpreted by the Commission in several recent orders; and (2) Pioneer Wind's entitlement to Network Resource Interconnection Service under its Standard Large Generator Interconnection Agreements (LGIA) with PacifiCorp, as well as the non-discrimination provisions of the LGIA.

Columbia Gas Transmission, LLC; Notice of Request Under Blanket Authorization

Take notice that on September 25, 2013, Columbia Gas Transmission, LLC (Columbia), 5151 San Felipe, Suite 2500, Houston, Texas 77056, filed in Docket No. CP13-549-000, a prior notice request pursuant to sections 157.205 and 157.216(b) of the Commission's Regulations under the Natural Gas Act (NGA) as amended, requesting authorization to abandon in place two 450 horsepower (HP) compressors, two 500 HP compressors, and appurtenances at the Treat Compressor Station located in Licking County, Ohio. Columbia states that, due to reductions in locally produced gas and shifts in gas flow patterns on Columbia's pipeline system, it has determined it no longer needs the Treat Compressor Station to transport gas on its system, all as more fully set forth in the application which is on file with the Commission and open to public inspection. The filing may also be viewed on the web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll free at (866) 208-3676, or TTY, contact (202) 502-8659.

If no protest is filed within the time allowed therefore, the proposed activity shall be deemed to be

authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the allowed time for filing a protest, the instant request shall be treated as an application for authorization pursuant to section 7 of the NGA.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding, or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission.

Environmental commenter's will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process.
