
In June 2013, the ICH Steering Committee agreed that a draft guidance entitled “Elemental Impurities” should be made available for public comment. The draft guidance is the product of the Quality Expert Working Group of the ICH. Comments about this draft will be considered by FDA and the Q3D Expert Working Group.

The draft guidance provides guidance on control of elemental impurities and expectations for test requirements for regulatory filings.

This draft guidance is being issued consistent with FDA’s good guidance practices regulation (21 CFR 10.115). The draft guidance, when finalized, will represent the Agency’s current thinking on this topic. It does not create or confer any rights for or on any person and does not operate to bind FDA or the public. An alternative approach may be used if such approach satisfies the requirements of the applicable statutes and regulations.

SUPPLEMENTARY INFORMATION:
I. Background
In the Federal Register of May 25, 2010 (75 FR 29352), FDA published the notice of availability for a draft guidance #188 entitled “Data Elements for Submission of Veterinary Adverse Event Reports to the Center for Veterinary Medicine.” giving interested persons until August 9, 2010, to comment on the draft guidance. FDA made changes to the draft document in response to these comments, to clarify the information that we expect to receive, to reflect ongoing International Cooperation on Harmonization of Technical Requirements for Registration of Veterinary Medicinal Products (VICH) activities in which FDA is participating, and to provide direction for voluntary use of CVM internal terms for medication errors. In addition, editorial changes were made to improve clarity. The guidance announced in this notice finalizes the draft guidance dated May 24, 2010.

II. Significance of Guidance
This level 1 guidance is being issued consistent with FDA’s good guidance practices regulation (21 CFR 10.115). The guidance represents the Agency’s current thinking on the topic. It does not create or confer any rights for or on any person and does not operate to bind FDA or the public. An alternative approach may be used if such approach satisfies the requirements of the applicable statutes and regulations.

III. Paperwork Reduction Act of 1995
This guidance refers to previously approved collections of information found in FDA regulations. These collections of information are subject to review by the Office of Management and Budget (OMB) under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520). The collections of information in section 512(l) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360b(l)) have been approved under 0910–0645.
