

DAS fished, respectively. If fishing under just a groundfish DAS, such vessels would be subject to a monkfish landing limit of up to 25 percent of the total weight of fish on board, not to exceed 300 lb (136 kg) tail weight or its whole weight equivalent per DAS. If monkfish catch exceeds these limits, a vessel must either discard monkfish, or retain legal-sized fish and remain at sea until sufficient time has elapsed to account for the amount of monkfish retained. Alternatively, if the vessel was fishing under a groundfish DAS, it could declare a monkfish DAS at sea and retain the fish, but only if it had first declared the option to potentially use a monkfish DAS via its vessel monitoring system prior to leaving the dock. This action suspends those landing limits to encourage greater monkfish landings and associated fishing revenue as a means to help alleviate the substantial economic and social impacts expected from substantially reduced groundfish ACLs in FY 2013. Accordingly, implementing this action following a 30-day delayed effectiveness would be contrary to the public interest, because it would unnecessarily delay the public's ability to take advantage of unlimited monkfish landing limits and associated economic benefits of higher monkfish landings, thereby undermining the intent of the rule. A swift implementation of this final action minimizes the chances of negative economic impacts resulting from the reduced groundfish ACLs for some stocks during FY 2013. Thus, there is also good cause under 5 U.S.C. 553(d)(3) to waive the delay in effectiveness for this action.

Section 212 of the Small Business Regulatory Enforcement Fairness Act of 1996 states that, for each rule or group of related rules for which an agency is required to prepare a FRFA, the agency shall publish one or more guides to assist small entities in complying with the rule, and shall designate such publications as "small entity compliance guides." The agency shall explain the actions a small entity is required to take to comply with a rule or group of rules. As part of this rulemaking process, a letter to permit holders that also serves as small entity compliance guide (the guide) was prepared. Copies of this temporary rule are available from the Northeast Regional Office, and the guide, i.e., permit holder letter, will be sent to all holders of permits for the groundfish and monkfish fisheries. The guide and this temporary rule will be available upon request from the Regional Administrator (see **ADDRESSES**).

List of Subjects in 50 CFR Part 648

Fisheries, Fishing, Reporting and recordkeeping requirements.

Dated: October 22, 2013.

Alan D. Risenhoover,

Director, Office of Sustainable Fisheries, performing the functions and duties of the Deputy Assistant Administrator for Regulatory Programs, National Marine Fisheries Service.

For the reasons stated in the preamble, 50 CFR part 648 is amended as follows:

PART 648—FISHERIES OF THE NORTHEASTERN UNITED STATES

■ 1. The authority citation for part 648 continues to read as follows:

Authority: 16 U.S.C. 1801 *et seq.*

■ 2. In § 648.94, suspend paragraph (b)(3)(i), and add paragraph (b)(3)(iv) to read as follows:

§ 648.94 Monkfish possession and landing restrictions.

* * * * *

(b) * * *

(3) * * *

(iv) *NFMA—(A) Category C and D vessels.* Unless otherwise specified pursuant to paragraph (h) of this section, there is no monkfish landing limit for limited access monkfish Category C or D vessels that are fishing under a NE multispecies DAS exclusively in the NFMA.

(B) *Category F vessels.* A limited access monkfish Category F vessel that is fishing under a NE multispecies DAS, and not a monkfish DAS, exclusively in the NFMA is subject to the incidental catch limit specified in paragraph (c)(1)(i) of this section.

(C) *Vessels participating in the NE Multispecies Regular B DAS Program.* Category C, D, F, G, and H vessels participating in the NE Multispecies Regular B DAS Program, as specified under § 648.85(b)(6), are subject to the incidental catch limit specified in paragraph (c)(1)(i) of this section.

50 CFR Part 679

[Docket No. 120918468–3111–02]

RIN 0648–XC929

Fisheries of the Exclusive Economic Zone Off Alaska; Pollock in Statistical Area 630 in the Gulf of Alaska

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; modification of a closure.

SUMMARY: NMFS is opening directed fishing for pollock in Statistical Area 630 of the Gulf of Alaska (GOA). This action is necessary to fully use the 2013 total allowable catch of pollock in Statistical Area 630 of the GOA.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), October 22, 2013, through 1200 hrs, A.l.t., November 1, 2013.

Comments must be received at the following address no later than 4:30 p.m., A.l.t., November 6, 2013.

ADDRESSES: You may submit comments on this document, identified by NOAA–NMFS–2012–0180 by any of the following methods:

- **Electronic Submission:** Submit all electronic public comments via the Federal e-Rulemaking Portal. Go to www.regulations.gov/#/docketDetail;D=NOAA-NMFS-2012-0180, click the "Comment Now!" icon, complete the required fields, and enter or attach your comments.

- **Mail:** Address written comments to Glenn Merrill, Assistant Regional Administrator, Sustainable Fisheries Division, Alaska Region NMFS, Attn: Ellen Sebastian. Mail comments to P.O. Box 21668, Juneau, AK 99802–1668.

- **Fax:** Address written comments to Glenn Merrill, Assistant Regional Administrator, Sustainable Fisheries Division, Alaska Region NMFS, Attn: Ellen Sebastian. Fax comments to 907–586–7557.

Instructions: Comments sent by any other method, to any other address or individual, or received after the end of the comment period, may not be considered by NMFS. All comments received are a part of the public record and will generally be posted for public viewing on www.regulations.gov without change. All personal identifying information (e.g., name, address, etc.), confidential business information, or otherwise sensitive information

submitted voluntarily by the sender will be publicly accessible. NMFS will accept anonymous comments (enter "N/A" in the required fields if you wish to remain anonymous). Attachments to electronic comments will be accepted in Microsoft Word, Excel, or Adobe PDF file formats only.

FOR FURTHER INFORMATION CONTACT: Josh Keaton, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the GOA exclusive economic zone according to the Fishery Management Plan for Groundfish of the Gulf of Alaska (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The 2013 total allowable catch (TAC) of pollock in Statistical Area 630 of the GOA is 27,372 metric tons (mt) as established by the final 2013 and 2014 harvest specifications for groundfish of the GOA (78 FR 13162, February 26, 2013). The D season apportionment of the Statistical Area 630 pollock TAC is 9,378 mt.

In accordance with § 679.20(a)(5)(iv)(B), the Administrator, Alaska Region, NMFS, (Regional Administrator) hereby reapportions 1,876 mt of the C season underharvest of pollock in Statistical Area 610 to the D season apportionment of the Statistical Area 630 pollock TAC. Therefore, the revised D season allowance of the pollock TAC in Statistical Area 630 is 11,254 mt (9,378 mt plus 1,876 mt) and the revised 2013

TAC in Statistical Area 630 is 29,248 mt (27,372 mt plus 1,876 mt).

NMFS closed directed fishing for pollock in Statistical Area 630 of the GOA under § 679.20(d)(1)(iii) on October 8, 2013 (78 FR 62005, October 11, 2013).

As of October 21, 2013, NMFS has determined that approximately 650 metric tons of pollock remain in the directed fishing allowance for pollock in Statistical Area 630 of the GOA. Therefore, in accordance with § 679.25(a)(1)(i), (a)(2)(i)(C), and (a)(2)(iii)(D), and to fully utilize the 2013 TAC of pollock in Statistical Area 630 of the GOA, NMFS is terminating the previous closure and is reopening directed fishing pollock in Statistical Area 630 of the GOA, effective 1200 hrs, A.l.t., October 22, 2013.

The Administrator, Alaska Region (Regional Administrator) considered the following factors in reaching this decision: (1) The current catch of pollock in Statistical Area 630 of the GOA and, (2) the harvest capacity and stated intent on future harvesting patterns of vessels in participating in this fishery.

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public

interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay the opening of the directed pollock fishery in Statistical Area 630 of the GOA. Immediate notification is necessary to allow for the orderly conduct and efficient operation of this fishery, to allow the industry to plan for the fishing season, and to avoid potential disruption to the fishing fleet and processors. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of October 21, 2013.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

Without this inseason adjustment, NMFS could not allow pollock fishery in Statistical Area 630 of the GOA to be harvested in an expedient manner and in accordance with the regulatory schedule. Under § 679.25(c)(2), interested persons are invited to submit written comments on this action to the above address until November 6, 2013.

This action is required by § 679.25 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: October 22, 2013.

Kelly Denit,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
