NEW (Principles of Excellence Complaint System Intake)."

SUPPLEMENTARY INFORMATION:

Title: Principles of Excellence Complaint System Intake.

OMB Control Number: 2900-NEW.

Type of Review: New collection.

Abstract: The purpose of the complaint system is to provide a standardized method to submit a complaint against an educational institution alleging fraudulent and unduly aggressive recruiting techniques, misrepresentation, payment of incentive compensation, failure to meet state authorization requirements, or failure to adhere to the Principles of Excellence as outlined in the Executive Order 13607, Establishing Principles of Excellence for Educational Institutions Serving Service Members, Veterans, Spouses, and Other Family Members.

The VA's Principles of Excellence Complaint System (PoECS) will leverage DoD's complaint system to intake and manage complaints utilizing their systems architecture with each agency only having access to their data. The complainants will access the complaint system through the GI Bill Web site and eBenefits portal. Veterans, family members, or other members of the public will be able to open links at either VA Web site location and enter the requested information.

Complainants will be offered the opportunity to review the information in their complaint prior to clicking on the submit button. Once a complaint is submitted, the complainant will receive an email verifying that the complaint was received. At this point, the complaint will be stored in the complaint system and be available to select VA employees for review. VA will review the complaint and on behalf of the complainant will share the complaint with the institution which is subject of the complaint. VA will request the institution to formally respond to the complaint within 90 days. If an institution fails to respond within 90 days, VA will contact the institution and request a status update. Once VA receives a response from the institution, VA will forward the response to the complainant. At this point, VA will close the case. Valid complaints received will be transmitted to the central repository at FTC Consumer Sentinel. The information in the central repository is the same information provided by the complainant. Authorized law enforcement officials who have been granted access to the FTC Consumer Sentinel database will have access to view all complaints. The information

gathered through the system can only be obtained from the individual respondent. Valid complaints will be accepted from third parties.

An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. DEPARTMENT OF VETERANS AFFAIRS

Discontinuance of Annual Financial Assessments

AGENCY: Department of Veterans Affairs.

ACTION: Notice.

SUMMARY: This Notice informs the public that the Department of Veterans Affairs (VA) will no longer request that certain veterans enrolled in the VA health care system annually submit income and asset information. VA uses such information to verify a veteran's continuing eligibility for certain health care benefits; however, VA is now able to get similar information through a means less burdensome on veterans. Moreover, annual, routine collection of this information has not significantly impacted veteran enrollment, and places an unwarranted burden on affected veterans. Therefore, VA will discontinue requesting that veterans submit an annual financial assessment following initial enrollment.

FOR FURTHER INFORMATION CONTACT: Kristin J. Cunningham, Director Business Policy, Chief Business Office (10NB6), Department of Veterans Affairs, 810 Vermont Avenue NW., Washington, DC 20420; (202) 461–1599. (This is not a toll-free number.)

SUPPLEMENTARY INFORMATION: The Veterans Health Care Eligibility Reform Act of 1996, Public Law 104–262, made major changes in the laws governing eligibility for VA health care benefits. This law added a new section 38 U.S.C. 1705, which established a patient enrollment system to manage the provision of health care services. This statute requires VA to place an enrolled veteran into a defined priority group. Veterans enrolled in the VA health care system are placed in priority groups based on criteria found in 38 U.S.C. 1705, 1710 and 38 CFR 17.36. Enrollment in three of these priority groups is based on the income of the veteran. Priority Group 5 includes, among others, veterans who are determined by VA to be unable to defray the expenses of necessary care. Priority Group 7 includes veterans with incomes below the geographic means test income thresholds and who agree to pay the applicable copayment. Priority Group 8 includes veterans with gross household incomes above the VA national income threshold and the geographically-adjusted income threshold for their resident location and who agree to pay copayments.

VA has established a means test program to determine when a veteran's income would meet the requirements for enrollment in one of the priority groups mentioned above. The means test developed by VA requires a veteran to submit a financial assessment (38 CFR 17.36(d)(3)(iv)) using the Application for Health Benefits, VA Form 10–10EZ. VA verifies that self-
