I. Background on the Montana Program

Section 503(a) of the Act permits a State to assume primacy for the regulation of surface coal mining and reclamation operations on non-Federal and non-Indian lands within its borders by demonstrating that its State program includes, among other things, “a State law which provides for the regulation of surface coal mining and reclamation operations in accordance with the requirements of this Act . . . ; and rules and regulations consistent with regulations issued by the Secretary pursuant to this Act.” See 30 U.S.C. 1253(a)(1) and (7). On the basis of these criteria, the Secretary of the Interior conditionally approved the Montana program on April 1, 1980. You can find background information on the Montana program, including the Secretary’s findings, the disposition of comments, and conditions of approval of the Montana program in the April 1, 1980, Federal Register (45 FR 21560). II. Description of the Proposed Amendment

By letter dated August 20, 2013, Montana sent us a proposed amendment to its program (Administrative Record Document ID No. OSM–2013–009–0001) under SMCRA (30 U.S.C. 1201 et seq.). Montana sent the amendment to include the changes made at its own initiative.

Specifically, Montana proposes changes to the Montana Strip and Underground Mine Reclamation Act (MSUMRA) that pertain to permit application requirements, coal prospecting application requirements, annual reporting requirements for coal permittees, and lawsuits for damages to water supplies. Montana intends to revise its program to comply with changes made in the Montana Legislature as a result of the passage of Senate Bills 286 and 92. These statutory changes are codified at Montana Code Annotated (MCA) 82–4–222, 82–4–226, 82–4–237, and 82–4–253. Additionally, Montana is proposing to implement rule changes at ARM 17.24 subchapter 10 regarding a modified coal prospecting permitting process. The full text of the program amendment is available for you to read at the locations listed above under ADDRESSES.

This priority will allow the Department and, by extension, program participants to focus limited Federal resources in designated Promise Zones. The Secretary recognizes that this priority will not be appropriate for all discretionary grant programs.

Collaborative efforts among private businesses and Federal, State, and local officials; faith-based and non-profit organizations; and families, children, and students can help change these odds and ensure that all children have the opportunity to earn a decent living when they reach adulthood.
