

rulemaking under the CEA. CEA section 15(a) further specifies that the costs and benefits shall be evaluated in light of five broad areas of market and public concern: (1) Protection of market participants and the public; (2) efficiency, competitiveness and financial integrity of futures markets; (3) price discovery; (4) sound risk management practices; and (5) other public interest considerations. The Commission considers the costs and benefits resulting from its discretionary determinations with respect to the section 15(a) factors.

As is explained above, the amendment to Regulation 23.22(a) makes a clarifying change to the text of one of the Commission's regulations adopted to reflect changes made to the CEA by the Dodd-Frank Act, by specifying that the prohibition against an SD or MSP permitting a statutorily disqualified person to associate with it does not include a person employed in a clerical or ministerial capacity.

Costs. With respect to costs, the Commission believes that adoption of the amendment to Regulation 23.22(a) will not impose any costs. This is because the amendment clarifies that an SD or MSP need not consider whether CEA section 4s(b)(6) applies to employees performing clerical or ministerial duties. Thus the Commission does not believe that any new costs will be imposed.

Benefits. With respect to benefits, as discussed in the Proposal, the Commission believes that the amendment to Regulation 23.22(a) will benefit SDs and MSPs by reducing the search costs associated with determining whether a clerical or ministerial employee is statutorily disqualified. This, in turn, mitigates the existing cost of compliance with CEA section 4s(b)(6). As such, it is an "other public interest consideration" under CEA section 15(a), referred to above.

Public Comment. The Commission invited public comment on its cost-benefit considerations, but no such comments were received.

This waterway is used by both commercial and recreational vessel traffic. No previous coordination was made with the waterway users though the closure dates were chosen to minimize the impact to these users.

Vessels able to pass through the bridge in the closed positions may do so at anytime. The bridge will not be able to open for emergencies and there is no immediate alternate route for vessels to pass. The Coast Guard will also inform the users of the waterways through our Local and Broadcast Notices to Mariners of the change in operating schedule for the bridge so that vessels can arrange their transits to minimize any impact caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.
