SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on March 6, 2012, based on a complaint filed by MT.Derm GmbH of Berlin, Germany and Nouveau Cosmetique USA Inc. of Orlando, Florida (collectively "Complainants") alleging violations of section 337 of the Tariff Act of 1930 (19 U.S.C. 1337), as amended ("section 337"), in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain ink application devices and components thereof and methods of using the same by reason of infringement of certain claims of U.S. Patent Nos. 6,345,553 ("the '553 patent") and 6,505,530 ("the '530 patent"). 77 FR 13351, Mar. 6, 2012. The Commission's Notice of Investigation ("NOI") named T-Tech, Yiwu, and Guangzhou Pengcheng as respondents. The complaint was served on all named respondents on March 1, 2012. The Office of Unfair Import Investigations was named as a party to the investigation.

On April 16, 2012, Complainants filed a motion seeking a determination that respondents T-Tech, Yiwu, and

Guangzhou be found in default based on their failure to respond to the Complaint and Notice of Investigation. On May 1, 2012, the ALJ issued Order No. 5, ordering the respondents to show cause by close of business on May 16, 2012, why they should not be found in default. No response was filed, and on May 31, 2012, the ALJ issued an initial determination ("ID") (Order No. 7), granting the motion for default pursuant to section 210.16(a)(1) of the Commission's Rules of Practice and Procedure (19 CFR 210.16(a)(1)). On June 6, 2012, T-Tech submitted correspondence to the Commission stating that it had not received any prior communication from the Commission and arguing that the ID finding it in default should be reviewed. On June 13, 2012, the IA filed a petition for review of Order No. 7 as to the finding of default against T-Tech. On June 29, 2012, the Commission determined not to review the portion of Order No. 7 finding Yiwu and Guangzhou Pengcheng in default pursuant to section 210.16 of the Commission's Rules of Practice and Procedure (19 CFR 210.16), but reversed the finding of default against T-Tech. Notice (June 29, 2012).

On March 20, 2013, Complainants filed a motion for summary determination of violation of section 337 against T-Tech. On April 17, 2013, Complainants also filed a motion for an ID finding T-Tech in default pursuant to Commission Rule 210.17(e). On April 19, 2013, the ALJ issued Order No. 32, ordering T-Tech to show cause as to why it should not be found in default for failing to comply with deadlines set forth in the procedural schedule. On April 25, 2013, T-Tech filed a response to Order No. 32. On April 29, 2013, the IA filed a response in support of Complainants' motion requesting that T-Tech be found in default. On July 17, 2013, the ALJ issued an ID (Order No. 35), granting-in-part Complainants' motion for summary determination of violation against T-Tech or, in the alternative, granting Complainants' motion for an ID finding T-Tech in default pursuant to section 210.17 of the Commission's Rules of Practice and Procedure (19 CFR 210.17). On August 16, 2013, the Commission determined not to review the portion of the ID finding T-Tech in default. 78 FR 52212-13, Aug. 22, 2013. The Commission found the portion of Order No. 35 granting summary determination of violation moot. *Id.* The Commission also requested briefing from the parties and the public on the issues of remedy, the public interest, and bonding. *Id.*
