### Privacy Act of 1974: New System of Records

**AGENCY:** U.S. Office of Personnel Management (OPM).

**ACTION:** Notice of a new system of records.

**SUMMARY:** The U.S. Office of Personnel Management (OPM) proposes to add OPM/Central-19: External Review Records for Multi-State Plan (MSP) Program to its inventory of records systems subject to the Privacy Act of 1974 (5 U.S.C. 552a), as amended. This action is necessary to meet the requirements of the Privacy Act to publish in the **Federal Register** notice of the existence and character of records maintained by the agency. 5 U.S.C. 552a(e)(4).

**DATES:** This action will be effective without further notice on December 9, 2013 unless comments are received that would result in a contrary determination.

**ADDRESSES:** Send written comments to the Office of Personnel Management, ATTN: Padma Shah, U.S. Office of Personnel Management, 1900 E Street NW., Room 2347, Washington, DC 20415.

**FOR FURTHER INFORMATION CONTACT:** Padma Shah by telephone at 202-606-2128, or by email at [mspp@opm.gov](mailto:mspp@opm.gov).

**SUPPLEMENTARY INFORMATION:** The Patient Protection and Affordable Care Act, Public Law 111-148, was enacted on March 23, 2010, and the Health Care and Education Reconciliation Act, Public Law 111-152, was enacted on March 30, 2010 (collectively referred to as “the Affordable Care Act”).

Section 1334 of the Affordable Care Act and its implementing regulations (codified at 45 CFR part 800) direct OPM to establish the Multi-State Plan (MSP) Program to foster competition among plans offering coverage on the individual and small group health insurance markets on the Affordable Insurance Exchanges (referred to as “Exchanges” or “Health Insurance Marketplaces”). Specifically, OPM must contract with private health insurance issuers to offer at least two MSP options on each of the Exchanges in the 50 States and the District of Columbia, in

which issuers may phase in coverage over a period of 4 years.

Under section 1334(a)(4) of the Affordable Care Act, OPM must administer the MSP Program “in a manner similar to the manner in which” it implements the contracting provisions of the Federal Employees Health Benefits (FEHB) Program under 5 U.S.C. 8901 *et seq.* In the MSP Program final rule (78 FR 15560, March 11, 2013), OPM interpreted section 1334(a)(4) of the Affordable Care Act to require implementation of a uniform, nationally applicable external review process for MSP options, consistent with the requirements of section 2719 of the Public Health Service Act and similar to the process administered by OPM under the FEHB Program. This process will ensure that MSP Program contracts are administered consistently throughout all 51 jurisdictions that would be served by an MSP option. Specifically, under 45 CFR 800.503, OPM is authorized to conduct external review of adverse benefit determinations by MSP issuers using a process similar to the FEHB Program disputed claims process. In addition to requests for external review, we anticipate that MSP enrollees may contact OPM about inquiries or complaints regarding MSP options, which may have to be referred to other appropriate entities such as State insurance departments, State consumer assistance programs, and the U.S. Department of Health and Human Services.

The purpose of this system of records is to provide a central database through which OPM may conduct external review of adverse benefit determinations under the MSP Program, refer MSP enrollees to other entities about their inquiries or complaints, and correspond with MSP enrollees. OPM will collect, manage, and analyze health services data that MSP enrollees, MSP issuers, health care providers, and others will furnish through secure data transfer. The information contained in the database will help ensure that (1) MSP enrollees have adequate access to independent review of adverse benefit determinations, (2) MSP enrollees are referred to appropriate entities about their inquiries or complaints, (3) OPM corresponds with MSP enrollees, and (4) OPM collects the information necessary for the enforcement of MSP Program contracts and implementation of the program.

OPM will use identifiable data to create records that are necessary to facilitate external review of MSP issuer adverse benefit determinations by OPM analysts and independent review organizations. Likewise, OPM will use

identifiable data to create records about MSP enrollee inquiries or complaints, which may have to be referred to other State and Federal Government agencies. However, OPM and external analysts using the database for analysis purposes will have access only to de-identified data.
