the cash deposit rate will be the “all-others” rate of 15.67 percent established in the LTFV investigation. These deposit rates, when imposed, shall remain in effect until further notice.

Notifications

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(F)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

The Department is issuing and publishing these final results of administrative review in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: October 23, 2013.

DEPARTMENT OF COMMERCE
International Trade Administration
[A–570–901]

AGENCY: Enforcement and Compliance, formerly Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On June 10, 2013, the Department of Commerce (the Department) published in the Federal Register its preliminary results of the sixth administrative review of the antidumping duty order on certain lined paper products from the People’s Republic of China (PRC). The period of review (POR) is September 1, 2011, through August 31, 2012. We invited parties to comment on the Preliminary Results, however, no party submitted any comments.

The current review covers three exporters: Leo’s Quality Products Co., Ltd./Denmax Plastic Stationery Factory (Leo/Denmax), Shanghai Lian Li Paper Products Co., Ltd. (Lian Li), and Hwa Fuh Plastics Co., Ltd./Li Teng Plastics (Shenzhen) Co., Ltd. (Hwa Fuh/Li Teng). For these final results, we made no changes to our preliminary results. We are rescinding the review with respect to Hwa Fuh/Li Teng. We continue to find Leo/Denmax to be part of the PRC-wide entity. In addition, we continue to find that Lian Li made no shipments to the United States during the POR and will retain its separate rate status.

DATES: Effective Date: October 31, 2013.

SUPPLEMENTARY INFORMATION:

Background

On June 10, 2013, the Department published the Preliminary Results. We invited interested parties to comment on the Preliminary Results, but we received no comments. The Department has conducted this administrative review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).

In the Preliminary Results, the Department found that Lian Li made no shipments to the United States during the POR and preliminary determined not to rescind the review with respect to Lian Li, but to issue appropriate instructions to U.S. Customs and Border Protection (CBP) based on the final results of the review. In addition, the Department preliminarily rescinded this review with respect to Hwa Fuh/Li Teng because the questionnaire sent to this company was returned to the Department because of an undeliverable address. Hwa Fuh/Li Teng has no valid address and could not be contacted. In addition, because Leo/Denmax did not respond to the Department’s questionnaire nor did it submit a proper no shipments notification to the Department, we preliminarily determined that Leo/Denmax failed to demonstrate that it operates free from government control. Thus, we preliminarily determined Leo/Denmax to be part of the PRC-wide entity.

As explained in the memorandum from the Assistant Secretary for Enforcement and Compliance, the Department has exercised its discretion to toll deadlines for the duration of the closure of the Federal Government from October 1, through October 16, 2013. Therefore, all deadlines in this segment of the proceeding have been extended by 16 days. If the new deadline falls on a non-business day, in accordance with the Department’s practice, the deadline will become the next business day. The

revised deadline for the final results of this review is now October 24, 2013.

Scope of the Order
The scope of this order includes certain lined paper products, typically school supplies (for purposes of this scope definition, the actual use of or labeling these products as school supplies or non-school supplies is not a defining characteristic) composed of or including paper that incorporates straight horizontal and/or vertical lines on ten or more paper sheets (there shall be no minimum page requirement for looseleaf filler paper) including but not limited to such products as single- and multi-subject notebooks, composition books, wireless notebooks, looseleaf or glued filler paper, graph paper, and laboratory notebooks, and with the smaller dimension of the paper measuring 6 inches to 15 inches (inclusive) and the larger dimension of the paper measuring 8 1/2 inches to 15 inches (inclusive). Page dimensions are measured (not advertised, stated, or “tear-out” size), and are measured as they appear in the product (i.e., stitched and folded pages in a notebook are measured by the size of the page as it appears in the notebook page, not the size of the unfolded paper). However, for measurement purposes, pages with tapered or rounded edges shall be measured at their longest and widest points.

Subject lined paper products may be loose, packaged or bound using any binding method (other than case bound through the inclusion of binders board, a spine strip, and cover wrap) Subject merchandise may or may not contain any combination of a front cover, a rear cover, and/or backing of any composition, regardless of the inclusion of images or graphics on the cover, backing, or paper. Subject merchandise is within the scope of this order whether or not the lined paper and/or cover are hole punched, drilled, perforated, and/or reinforced. Subject merchandise may contain accessory or informational items including but not limited to pockets, tabs, dividers, closure devices, index cards, stencils, protractors, writing implements, reference materials such as mathematical tables, or printed items such as sticker sheets or miniature calendars, if such items are physically incorporated, included with, or attached to the product, cover and/or backing thereto.

Specifically excluded from the scope of this order are:

- Unlined copy machine paper;
- Writing pads with a backing (including but not limited to products commonly known as “tablets,” “note pads,” “legal pads,” and “quadrille pads”), provided that they do not have a front cover (whether permanent or removable). This exclusion does not apply to such writing pads if they consist of hole-punched or drilled filler paper;
- Three-ring or multiple-ring binders, or notebook organizers incorporating such a ring binder provided that they do not include subject paper;
- Index cards;
- Printed books and other books that are case bound through the inclusion of binders board, a spine strip, and cover wrap;
- Newspapers;
- Pictures and photographs;
- Desk and wall calendars and organizers (including but not limited to such products generally known as “office planners,” “time books,” and “appointment books”);
- Telephone logs;
- Address books;
- Columnar pads & tablets, with or without covers, primarily suited for the recording of written numerical business data;
- Lined business or office forms, including but not limited to: Pre-printed business forms, lined invoice pads and paper, mailing and address labels, manifests, and shipping log books;
- Lined continuous computer paper;
- Boxed or packaged writing stationary (including but not limited to products commonly known as “fine business paper,” “parchment paper,” and “letterhead”), whether or not containing a lined header or decorative lines;
- Stenographic pads (“steno pads”).

Gregg ruled (“Gregg ruling” consists of a single- or double-margin vertical ruling line down the center of the page. For a six-inch by nine-inch stenographic pad, the ruling would be located approximately three inches from the left of the book), measuring 6 inches by 9 inches.

Also excluded from the scope of this order are the following trademarked products:

- Fly™ lined paper products: A notebook, notebook organizer, loose or glued note paper, with papers that are printed with infrared reflective inks and readable only by a Fly™ pen-top computer. The product must bear the valid trademark Fly™ (products found to be bearing an invalidly licensed or used trademark are not excluded from the scope);
- Zwipes™: A notebook or notebook organizer made with a blended polyolefin front and rear covers made of a blended polyolefin plastic material joined by 300 denier polyester, coated on the backside with PVC (poly vinyl chloride) coating, and extending the entire length of the spiral or helical wire. The polyolefin plastic covers are of specific thickness; front cover is 0.019 inches (within normal manufacturing tolerances) and rear cover is 0.028 inches (within normal manufacturing tolerances). Integral with the stitching that attaches the polyester spine covering, is captured both ends of a 1" wide elastic fabric band. This band is located 2½" from the top of the front plastic cover and provides pen or pencil storage. Both ends of the spiral wire are cut and then bent backwards to overlap with the previous coil but specifically outside the coil diameter but inside the polyester covering. During construction, the polyester covering is sewn to the front and rear covers face to face (outside to outside) so that when the book is closed, the stitching is concealed from the outside. Both free ends (the ends not sewn to the cover and back) are stitched with a turned edge construction. The flexible polyester material forms a covering over the spiral wire to protect it and provide a comfortable grip on the product. The product must bear the valid trademarks FiveStar™Advance™ (products found to be bearing an invalidly licensed or used trademark are not excluded from the scope);
- FiveStar Flex™: A notebook, a notebook organizer, or binder with plastic polyolefin front and rear covers joined by 300 denier polyester spine cover extending the entire length of the spine and bound by a 3-ring plastic fixture. The polyolefin plastic covers are of a specific thickness; front cover is 0.019 inches (within normal manufacturing tolerances) and rear cover is 0.028 inches (within normal manufacturing tolerances). During construction, the polyester covering is sewn to the front cover face to face (outside to outside) so that when the book is closed, the stitching is...
concealed from the outside. During construction, the polyester cover is sewn to the back cover with the outside of the polyester spine cover to the inside back cover. Both free ends (the ends not sewn to the cover and back) are stitched with a turned edge construction. Each ring within the fixture is comprised of a flexible strap portion that snaps into a stationary post which forms a closed binding ring. The ring fixture is riveted with six metal rivets and sewn to the back plastic cover and is specifically positioned on the outside back cover. The product must bear the valid trademark FiveStar Flex™ (products found to be bearing an invalidly licensed or used trademark are not excluded from the scope).

Merchandise subject to this order is typically imported under the following Harmonized Tariff Schedule of the United States (HTSUS) subheadings: 4811.90.9035, 4811.90.9080, 4820.30.0040, 4810.22.5044, 4811.90.9050, 4811.90.9090, 4820.10.2010, 4820.10.2020, 4820.10.2030, 4820.10.2040, 4820.10.2050, 4820.10.2060, and 4820.10.4000.6 The HTSUS headings are excluded from the scope).

In the Preliminary Results, we are rescinding the review with respect to Hwa Fuh/Li Teng in these final results, in accordance with our practice of rescinding the review of companies when the questionnaires sent to these companies were returned to the Department because of undeliverable addresses.

Company With No-Shipment Assertion
Lian Li timely submitted a certification of non-shipment of subject merchandise to the United States during the POR. In the Preliminary Results, consistent with its practice, the Department stated its intent to continue the review of Lian Li. Because there is no information on the record which indicates that Lian Li made shipments of subject merchandise which entered the United States during the POR, including our analysis of the CBP data, and because we did not receive any comments on our Preliminary Results, we continue to determine that Lian Li had no sales to the United States during the POR. In accordance with the Department’s Assessment of Antidumping Duties 9 and past practice,10 we find it appropriate in this case to instruct CBP to liquidate any existing entries of merchandise produced by Lian Li and exported by other parties at the PRC-wide entity rate. Therefore, the Department will issue appropriate instructions to CBP for any entries made under Lian Li’s name during the POR.

PRC-Wide Entity
In the Preliminary Results, the Department determined that Leo/Denmax failed to demonstrate its eligibility for a separate rate and was considered part of the PRC-wide entity.11 After issuing the Preliminary Results, the Department did not receive any comments from interested parties. Because nothing has changed with respect to these companies since the Preliminary Results, we continue to find Leo/Denmax to be part of the PRC-wide entity.

DEPARTMENT OF COMMERCE
International Trade Administration

[A–570–893]

AGENCY: Enforcement and Compliance, formerly Import Administration, International Trade Administration, Department of Commerce.

DATES: Effective Date: October 31, 2013.

Background

On March 29, 2013, the Department of Commerce (“the Department”) published in the Federal Register a notice of initiation of an administrative review of the antidumping duty order on certain frozen warmwater shrimp (“shrimp”) from the People’s Republic of China (“PRC”) covering the period February 1, 2012 through January 31, 2013. On May 24, 2013, the Department selected Zhanjiang Regal Integrated Marine Resources Co., Ltd., (“Regal”) as a mandatory respondent. On September 12, 2013, the Department published the final results of the seventh administrative review of shrimp (“AR7”) from the PRC, in which the Department revoked the Order with respect to Regal.

Partial Rescission

Because the Department revoked the Order with respect to Regal effective February 1, 2012, entries made by Regal on or after that date are not subject to the Order. Therefore, we are rescinding this review with respect to Regal.

Assessment Rates

Pursuant to the AR7 Final Results, the Department instructed Customs and Border Protection (“CBP”) to terminate the suspension of liquidation for subject merchandise exported by Regal that was entered, or withdrawn from warehouse, for consumption, on or after February 1, 2012, and instructed CBP to refund, with interest, any cash deposits for such entries. We intend to send instructions to CBP to notify them that this review is rescinded with respect to Regal.

Notification to Importers

This notice serves as a final reminder to importers for whom this review is being rescinded, as of the publication date of this notice, of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary’s presumption that reimbursement of the antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective order (“APO”) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

We are issuing and publishing these results and this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: October 25, 2013.

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.
