

significant property damage to NDK Crystal and to an adjacent business.

At the meeting, CSB staff will present to the Board the results of the investigation into this incident. Key issues identified in the investigation include pressure vessel design and material selection requirements, learning from previous incidents, and routine and thorough inspections of equipment. Following the staff presentation on proposed findings and safety recommendations, the Board will hear brief comments from the public.

Following the conclusion of the public comment period, the Board will consider whether to approve the final case study and recommendations. All staff presentations are preliminary and are intended solely to allow the Board to consider in a public forum the issues and factors involved in this case. No factual analyses, conclusions, or findings presented by staff should be considered final.

Only after the Board has considered the staff presentations, listened to public comments, and adopted a final investigation report and recommendations will there be an approved final record of the CSB investigation of this incident.

Additional Information

The meeting is free and open to the public. If you require a translator or interpreter, please notify the individual listed below as the "Contact Person for Further Information," at least five business days prior to the meeting.

The CSB is an independent federal agency charged with investigating accidents and hazards that result, or may result, in the catastrophic release of extremely hazardous substances. The agency's Board Members are appointed by the President and confirmed by the Senate. CSB investigations look into all aspects of chemical accidents and hazards, including physical causes such as equipment failure as well as inadequacies in regulations, industry standards, and safety management systems.

Public Comment

Members of the public are invited to make brief statements to the Board at the conclusion of the staff presentation. The time provided for public statements will depend upon the number of people who wish to speak. Speakers should assume that their presentations will be

limited to five minutes or less, and may submit written statements for the record.

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Alaska Region Gear Identification Requirements.

OMB Control Number: 0648-0353.

Form Number(s): NA.

Type of Request: Regular submission (extension of a current information collection).

Number of Respondents: 980.

Average Hours per Response: 15 minutes.

Burden Hours: 1,838.

Needs and Uses: This request is for extension of a current information collection.

Regulations at 50 CFR 679.24(a) require that all hook-and-line, longline pot, and pot-and-line marker buoys carried onboard or used by any vessel regulated under 50 CFR part 679 shall be marked with the vessel name and Federal fisheries permit number or Alaska Department of Fish and Game (ADF&G) vessel registration number. The regulations also specify the size and color of markings. The marking of gear aids law enforcement and enables other fishermen to report on misplaced gear.

Affected Public: Business or other for-profit organizations.

Frequency: Annually.

Respondent's Obligation: Mandatory.

OMB Desk Officer: OIRA
Submission@omb.eop.gov.

Copies of the above information collection proposal can be obtained by calling or writing Jennifer Jessup, Departmental Paperwork Clearance Officer, (202) 482-0336, Department of Commerce, Room 6616, 14th and Constitution Avenue NW., Washington, DC 20230 (or via the Internet at *Jjessup@doc.gov*).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to *OIRA_Submission@omb.eop.gov*.

Dated: October 28, 2013.

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.

International Trade Administration

Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Advance Notification of Sunset Reviews

AGENCY: Enforcement and Compliance, formerly Import Administration, International Trade Administration, Department of Commerce.

Background

Every five years, pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act"), the Department of Commerce ("the Department") and the International Trade Commission automatically initiate and conduct a review to determine whether revocation of a countervailing or antidumping duty order or termination of an investigation suspended under section 704 or 734 of the Act would be likely to lead to continuation or recurrence of dumping or a countervailable subsidy (as the case may be) and of material injury.

Upcoming Sunset Reviews for December 2013

The following Sunset Reviews are scheduled for initiation in December 2013 and will appear in that month's Notice of Initiation of Five-Year Sunset Review ("Sunset Review").
