Proposal to approve under OMB delegated authority the extension for three years, with revision, of the following report:

Report title: Domestic Finance Company Report of Consolidated Assets and Liabilities.

Agency form number: FR 2248.

OMB control number: 7100–0005.

Effective Date: January 31, 2014.

Frequency: Monthly, Quarterly, and Semi-annually.

Reporters: Domestic finance companies and mortgage companies.

Estimated annual reporting hours: 750 hours.

Estimated average hours per response:

Monthly, 20 minutes; Quarterly, 30 minutes; Semi-annually, 10 minutes.

Number of respondents: 150.

General description of report: This information collection is authorized

pursuant the Federal Reserve Act (12 U.S.C. 225(a)). Obligation to respond to this information collection is voluntary. Individual respondent data are confidential under section (b)(4) of the Freedom of Information Act (5 U.S.C. 552).

Abstract: The FR 2248 is collected monthly as of the last calendar day of the month from a stratified sample of finance companies. Each monthly report collects balance sheet data on major categories of consumer and business credit receivables and on major short-term liabilities. For quarter-end months (March, June, September, and December), additional asset and liability items are collected to provide a full balance sheet. A supplemental section collects data on securitized assets. The data are used to construct universe estimates of finance company holdings, which are published in the monthly statistical releases Finance Companies (G.20) and Consumer Credit (G.19), in the quarterly statistical release Flow of Funds Accounts of the United States (Z.1), and in the *Federal Reserve Bulletin* (Tables 1.51, 1.52, and 1.55).

Current Actions: The Federal Reserve proposes to revise the FR 2248 by: (1) Separating Other Consumer Loans into three data items: Government-guaranteed Student Loans, Private Student Loans, and Other Consumer Loans, (2) combining Non-recourse debt associated with financing and Notes, bonds and debentures into Notes, bonds, debentures and other debt, and (3) increasing the panel size from 70 to 150 finance companies. The proposed changes to the FR 2248 would be effective with the January 31, 2014, report date.

Board of Governors of the Federal Reserve System, November 1, 2013.

Robert deV. Frierson,

Secretary of the Board.

AGENCY: Board of Governors of the Federal Reserve System.

ACTION: Notice.

SUMMARY: The Board of Governors of the Federal Reserve System (Board) has approved the private sector adjustment factor (PSAF) for 2014 of \$23.4 million and the 2014 fee schedules for Federal Reserve priced services and electronic access. These actions were taken in

DATES: The new fee schedules become effective January 2, 2014.

FOR FURTHER INFORMATION CONTACT: For questions regarding the fee schedules: Susan V. Foley, Associate Director, (202/452–3596); Samantha J. Pelosi, Manager, Retail Payments, (202/530–6292); Linda S. SUPPLEMENTARY INFORMATION:

I. Private Sector Adjustment Factor and Priced Services

A. Overview—Each year, as required by the Monetary Control Act of 1980, the Reserve Banks set fees for priced services provided to depository institutions. These fees are set to recover, over the long run, all direct and indirect costs and imputed costs, including financing costs, taxes, and certain other expenses, as well as the return on equity (profit) that would have been earned if a private business firm provided the services. The imputed costs and imputed profit are collectively referred to as the PSAF. From 2003 through 2012, the Reserve Banks recovered 99.5 percent of their total expenses (including imputed costs) and targeted after-tax profits or return on equity (ROE) for providing priced services.^{1 2}

¹ The ten-year recovery rate is based on the pro forma income statement for Federal Reserve priced services published in the Board's *Annual Report*. Effective December 31, 2006, the Reserve Banks implemented Statement of Financial Accounting Standards (SFAS) No. 158: *Employers' Accounting for Defined Benefit Pension and Other Postretirement Plans* [Accounting Standards Codification (ASC) 715 *Compensation—Retirement Benefits*], which resulted in recognizing a cumulative reduction in equity related to the priced services' benefit plans. Including this cumulative reduction from 2006 to 2012 in equity results in
