SUPPLEMENTARY INFORMATION: This ICR is to obtain OMB approval for changes to the Annual Refiling Survey (ARS), which is used in conjunction with the Unemployment Insurance tax reporting system in each State. The primary purpose of the ARS is to verify or to correct the North American Industry Classification System (NAICS) code assigned to establishments, as well as to obtain accurate mailing and physical location addresses of establishments. As a result, changes in the industrial and geographical compositions of the economy are captured in a timely manner and reflected in BLS statistical programs. Federal, State, and Local Governmental officials, as well as private researchers, depend on accurate geographical and industrial coding based on the 2012 North American Industry Classification System Manual. This ICR has been classified as a revision, because of minor changes to the notification letters and collection instruments.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1220–0032. The current approval is scheduled to expire on December 31, 2013; however, the DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. New requirements would only take effect upon OMB approval. For additional substantive information about this ICR, see the related notice

published in the **Federal Register** on July 23, 2013 (78 FR 44160).

SUPPLEMENTARY INFORMATION: The DOL administers the Fair Labor Standards Act (FLSA), 29 U.S.C. 201, et seq. The FLSA generally requires covered employers to pay employees at least the Federal minimum wage for all hours worked and overtime premium pay of time and one-half the regular rate of pay for all hours worked over forty (40) in a workweek. However, the FLSA includes a number of exemptions from the minimum wage and overtime requirements, requiring employers to classify employees to ensure adherence to proper practices. The DOL intends to administer a survey to collect information about employment

experiences and worker knowledge as to basic employment laws in order to understand employee experiences with worker classification issues. More specifically, the DOL plans to compile an analytical research report on the findings and results of a nationally representative survey of workers. The DOL will also report on a qualitative study of employers that includes results from in-depth employer interviews.
