

DATES: The collection of information requirement under 33 CFR 155.5023, 155.5025, and 155.5055 through 155.5075 can be enforced beginning November 8, 2013.

FOR FURTHER INFORMATION CONTACT: If you have questions about this document, contact Lieutenant Commander John Peterson, Coast Guard, Office of Commercial Vessel Compliance, Vessel Response Plan Review Team; telephone 202-372-1226, email vrp@uscg.mil. If you have questions about viewing the docket (USCG-2008-1070), call Ms. Barbara Hairston, Program Manager, Docket Operations, telephone 202-366-9826.

SUPPLEMENTARY INFORMATION: On September 30, 2013, the Coast Guard published the Nontank Vessel Response Plans and Other Response Plan Requirements final rule, implementing the statutory requirement for an owner or operator of a self-propelled, nontank vessel of 400 gross tons or greater, which operates on the navigable waters of the United States, to prepare and submit an oil spill response plan to the Coast Guard (78 FR 60100). Among other things, this rule applied vessel response plan requirements to nontank vessels. Under those requirements, a nontank vessel owner or operator needs to prepare and submit to the Coast Guard a nontank vessel response plan in accordance with 33 CFR part 155, subpart J. The content of the response plan includes the requirement to plan for responding to a worst-case discharge and a substantial threat of such a discharge. Additionally, submissions of international Shipboard Oil Pollution Emergency Plans (SOPEPs) for certain U.S.-flag nontank and tank vessels requires alignment with updated SOPEP rules. With the exception of this collection of information, the rule became effective on October 30, 2013.

Under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520), an agency may not conduct or sponsor a collection of information until the collection is approved by OMB. Accordingly, the preamble to the final rule stated that the Coast Guard would not enforce the collection of information requirements occurring under 33 CFR 155.5023, 155.5025, and 155.5055 through 155.5075 until the collection of information request was approved by OMB, and also stated that the Coast Guard would publish a notice in the **Federal Register** announcing that OMB approved and assigned a control number for the requirement.

The Coast Guard submitted the information collection request to OMB for approval in accordance with the

Paperwork Reduction Act of 1995. On September 3, 2013, OMB approved the collection of information and assigned the collection OMB Control Number 1625-0066 entitled "Vessel and Facility Response Plans (Domestic and Int'l), and Additional Response Requirements for Prince William Sound, Alaska". The approval for this collection of information expires on September 30, 2016. A copy of the OMB notice of action is available in our online docket (USCG-2008-1070) at <http://www.regulations.gov>.

Dated: November 1, 2013.

J.G. Lantz,

Director of Commercial Regulations and Standards, U.S. Coast Guard.

33 CFR Part 165

[Docket No. USCG-2013-0060]

RIN 1625-AA00

Safety Zones; Recurring Events in Captain of the Port Boston Zone

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

SUMMARY: The Coast Guard is adding three new permanent safety zones in the Coast Guard Captain of the Port Boston Zone. When subject to enforcement, these permanent safety zones will restrict vessels from portions of water areas during certain annually recurring marine events. These three new permanent safety zones will ensure the protection of the maritime public and event participants from the hazards associated with these annual recurring events.

DATES: This rule is effective December 9, 2013.

ADDRESSES: Documents mentioned in this preamble are part of docket USCG-2013-0060. To view documents mentioned in this preamble as being available in the docket, go to <http://www.regulations.gov>, type the docket number in the "SEARCH" Box and click "SEARCH." Click on Open Docket Folder on the line associated with the rulemaking. You may also visit the Docket Management Facility in Room W12-140 on the ground floor of the Department of Transportation, West Building, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m.

and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: If you have questions on this temporary final rule, call or email Mr. Mark Cutter, Coast Guard Sector Boston Waterways Management Division, telephone 617-223-4000, email Mark.E.Cutter@uscg.mil. If you have questions on viewing or submitting material to the docket, call Barbara Hairston, Program Manager, Docket Operations, telephone 202-366-9826.

SUPPLEMENTARY INFORMATION:

Table of Acronyms

COTP Captain of the Port
DHS Department of Homeland Security
FR Federal Register
NPRM Notice of Proposed Rulemaking

A. Regulatory History and Information

On November 9, 2011, the Coast Guard enacted the current version of 33 CFR 165.118, which establishes several permanent safety zones throughout Captain of the Port Boston zone. On June 14, 2013 the Coast Guard published a notice of proposed rulemaking (NPRM) in the **Federal Register** (78 FR 35798), proposing to amend 33 CFR 165.118 by establishing three new permanent safety zones. No comments were received. No public meeting was requested, and none was held.

B. Basis and Purpose

The legal basis for the temporary rule is 33 U.S.C. 1226, 1231, 46 U.S.C. Chapter 701, 3306, 3703; 50 U.S.C. 191, 195; Pub. L. 107-295, 116 Stat. 2064; and Department of Homeland Security Delegation No. 0170.1, which collectively authorize the Coast Guard to define regulatory safety zones.

Recently, the Coast Guard Captain of the Port, Sector Boston, determined that public safety requires that a safety zone be enforced around three maritime events that recur annually in Captain of the Port Boston zone. Specifically, the Captain of the Port, Sector Boston, determined that a safety zone is required around the Hull Youth Football Carnival Fireworks, the Boston Harbor Triathlon, and the Boston Harbor Sharkfest Swim.

C. Discussion of Comments, Changes and the Final Rule

For the reasons stated above, the Captain of the Port, Sector Boston, is establishing three new permanent safety zones in 33 CFR 165.118. These new safety zones will be listed in 33 CFR 165.118 as (6.5) Hull Youth Football Carnival Fireworks, (8.8) The Boston

Triathlon, and (9.7) Boston Harbor Sharkfest Swim.

The Hull Youth Football Carnival Fireworks safety zone will consist of all waters within a 450-foot radius around the fireworks barge, which will be located at position 42°16.6' N, 070°51.7' W. This safety zone will be enforced between 9:00 p.m. and 11:00 p.m. on the third or fourth weekend of June each year.

The Boston Triathlon safety zone will consist of all waters of Boston Inner Harbor within the following points: from 42°21.7' N, 071°02.1' W to 42°21.6' N, 071°02.8' W to 42°21.7' N, 071°02.8' W and then to 42°21.8' N, 071°02.4' W. This safety zone will be enforced between 7:00 a.m. and 10:00 a.m. on the second or third weekend of August each year.

The Boston Harbor Sharkfest Swim will consist of all waters of Boston Inner Harbor within the following points: from 42°21.7' N, 071°02.1' W to 42°21.8' N, 071°02.4' W to 42°21.3' N, 071°02.9' W and then to 42°21.3' N, 071°02.3' W. This safety zone will be enforced between 10:00 a.m. and 1:00 p.m. on a Saturday during the second or third weekend of September each year.

D. Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on these statutes or executive orders.

1. Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under that Order.

The Coast Guard has determined that this rule is not a significant regulatory action for the following reasons: The three new safety zones established by this rule will be enforced for relatively short periods. Also, vessels may enter or pass through the affected waterway with the appropriate permission. Additionally, notification of the safety zone will be made to mariners through the local Notice to Mariners and Broadcast Notice to Mariners well in advance of enforcement.

2. Impact on Small Entities

The Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601–612, as amended requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this final rule would not have a significant economic impact on a substantial number of small entities. This final rule would affect the following entities, some of which might be small entities: owners or operators of vessels intending to transit, fish, or anchor in the areas where the listed annual recurring events are being held. The final rule will not have a significant economic impact on a substantial number of small entities for the same reasons outlined in the *Regulatory Planning and Review* section above. The Coast Guard received no comments from the Small Business Administration about this rule.

3. Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If you believe that this rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT**, above.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

4. Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

5. Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and determined that it does not have implications for federalism.

6. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

7. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such expenditure, we do discuss the effects of this rule elsewhere in this preamble.

8. Taking of Private Property

This rule will not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

9. Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

10. Protection of Children From Environmental Health Risks

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

11. Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination

with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

12. Energy Effects

This action is not a “Significant energy action” under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

13. Technical Standards

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

14. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA)(42 U.S.C. 4321–4370f), and have concluded that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves the establishment of three new permanent safety zones and thus, is categorically excluded from further review under, paragraph 34(g) of figure 2–1 of the Commandant Instruction. An environmental analysis checklist and a categorical exclusion determination are available in the docket where indicated under ADDRESSES. We seek any

comments or information that may lead to the discovery of a significant environmental impact from this rule.

List of Subjects in 33 CFR Part 165

Marine Safety, Navigation (water), Reporting and Recordkeeping Requirements, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

■ 1. The authority citation for part 165 continues to read as follows:

Authority: 33 U.S.C. 1231; 46 U.S.C. Chapter 701, 3306, 3703; 50 U.S.C. 191, 195; 33 CFR 1.05–1(g), 6.04–1, 6.04–6, and 160.5; Pub. L. 107–295, 116 Stat. 2064; Department of Homeland Security Delegation No. 0170.1.

■ 2. Revise TABLE 1 to § 165.118 to read as follows:

TABLE 1

6.0	June
6.1 Sand and Sea Festival Fireworks	<ul style="list-style-type: none"> • Event Type: Fireworks Display. • Sponsor: Salisbury Beach Partnership, Inc. • Date: A one-night event on Saturday during the last weekend of June, as specified in the USCG District 1 Local Notice to Mariners. • Time: 10:00 p.m. to 10:30 p.m. • Location: All waters of the Atlantic Ocean near Salisbury Beach within a 350-yard radius of the fireworks launch site located at position 42°50.6' N, 70°48.4' W (NAD 83).
6.2 St. Peter's Fiesta Fireworks	<ul style="list-style-type: none"> • Event Type: Fireworks Display. • Sponsor: St. Peters Fiesta. • Date: A one-night event on Saturday during the last weekend of June, as specified in the USCG District 1 Local Notice to Mariners. • Time: 8:00 p.m. to 10:00 p.m. • Location: All waters of Gloucester Harbor, Stage Fort Park, within a 350-yard radius of the fireworks launch site on the beach located at position 42°36.3' N, 070°40.5' W (NAD 83).

BILLING CODE 9110-04-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA-HQ-OAR-2013-0671; FRL-9902-55-OAR]

Extension of Deadline for Action on the Section 126 Petition From Eliot, Maine

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: In this action, the EPA is determining that 60 days is insufficient time to complete the technical and other analyses and public notice-and-comment process required for our review of a petition submitted by the Town of Eliot, Maine pursuant to section 126 of the Clean Air Act (CAA). The petition requests that the EPA make a finding that Schiller Station in Portsmouth, New Hampshire is emitting or would emit air pollutants that contribute significantly to nonattainment and interfere with maintenance of the 1-hour sulfur dioxide (SO₂) national ambient air quality standards (NAAQS). Under the section 307(d)(10) of CAA, the EPA is authorized to grant a time extension for responding to the petition if the EPA determines that the extension is necessary to afford the public, and the agency, adequate opportunity to carry out the purposes of section 307(d)'s notice-and-comment rulemaking requirements. By this action, the EPA is making that determination. The EPA is therefore extending the deadline for acting on the petition to no later than May 8, 2014.

DATES: This final rule is effective on November 8, 2013.

ADDRESSES: The EPA has established a docket for this action under Docket ID No. EPA-HQ-OAR-2013-0671. All documents in the docket are listed on the www.regulations.gov Web site. Publicly available docket materials are available either electronically through www.regulations.gov or in hard copy at the EPA Docket Center (Air Docket), EPA/DC, EPA West, Room 3334, 1301 Constitution Ave. NW., Washington, DC. The Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday

through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744.

FOR FURTHER INFORMATION CONTACT: Ms. Gobeail McKinley, Office of Air Quality Planning and Standards (C504-04), U.S. EPA, Research Triangle Park, North Carolina 27709, telephone number (919) 541-5246, facsimile number (919) 685-3700, email: mckinley.gobeail@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Background and Legal Requirements for Interstate Air Pollution

This is a procedural action to extend the deadline for the EPA to respond to a petition from the Town of Eliot, Maine filed under CAA section 126(b). The EPA received the petition on September 3, 2013. The petition requests that the EPA make a finding under section 126(b) of the CAA that two 50 MW coal-fired electricity generating units at Schiller Station in Portsmouth, New Hampshire are emitting air pollutants in violation of the provisions of section 110(a)(2)(D)(i)(I) of the CAA with respect to the 1-hour SO₂ NAAQS.

Section 110(a)(2)(D)(i)(I) of the CAA prohibits emissions of any air pollutant in amounts which will contribute significantly to nonattainment in, or interfere with maintenance by, any other state with respect to any NAAQS. The petition asserts that emissions from Schiller Station impact Eliot's ability to attain and maintain the 1-hour SO₂ NAAQS and that this impact would be mitigated by regulation of SO₂ emissions from the plant. Section 126(b) of the CAA authorizes states or political subdivisions to petition the EPA to find that a major source or group of stationary sources in upwind states emits or would emit any air pollutant in violation of the prohibition of section 110(a)(2)(D)(i)¹ by contributing significantly to nonattainment or maintenance problems in downwind states.

Under section 126(b), the EPA must make the finding requested in the petition, or must deny the petition within 60 days of its receipt. Under section 126(c), any existing sources for which the EPA makes the requested finding must cease operations within 3 months of the finding, except that the source may continue to operate if it complies with emission limitations and compliance schedules (containing increments of progress) that the EPA

may provide to bring about compliance with the applicable requirements as expeditiously as practical but no later than 3 years from the date of the finding.

Section 126(b) further provides that the EPA must hold a public hearing on the petition. The EPA's action under section 126 is also subject to the procedural requirements of CAA section 307(d). See section 307(d)(1)(N). One of these requirements is notice-and-comment rulemaking, under section 307(d)(3)-(6).

In addition, section 307(d)(10) provides for a time extension, under certain circumstances, for rulemaking subject to section 307(d). Specifically, section 307(d)(10) provides:

Each statutory deadline for promulgation of rules to which this subsection applies which requires promulgation less than six months after date of proposal may be extended to not more than six months after date of proposal by the Administrator upon a determination that such extension is necessary to afford the public, and the agency, adequate opportunity to carry out the purposes of the subsection.

Section 307(d)(10) may be applied to section 126 rulemakings because the 60-day time limit under section 126(b) necessarily limits the period for promulgation of a final rule after proposal to less than 6 months.

II. Final Rule

A. Rule

In accordance with section 307(d)(10), the EPA is determining that the 60-day period afforded by section 126(b) for responding to the petition from the Town of Eliot is not adequate to allow the public and the agency the opportunity to carry out the purposes of section 307(d). Specifically, the 60-day period is insufficient for the EPA to complete the necessary technical review, develop an adequate proposal and allow time for notice and comment, including an opportunity for public hearing, on a proposed finding regarding whether Schiller Station identified in the section 126 petition contributes significantly to nonattainment or maintenance problems in Eliot, Maine. Moreover, the 60-day period is insufficient for the EPA to review and develop response to any public comments on a proposed finding, or testimony supplied at a public hearing and to develop and promulgate a final finding in response to the petition. The EPA has not yet established a proposal date for this action. The schedule must afford the EPA adequate time to prepare a proposal that clearly elucidates the

¹ The text of section 126 codified in the United States Code cross references section 110(a)(2)(D)(ii) instead of section 110(a)(2)(D)(i). The courts have confirmed that this is a scrivener's error and the correct cross reference is to section 110(a)(2)(D)(i). See *Appalachian Power Co. v. EPA*, 249 F.3d 1032, 1040-44 (D.C. Cir. 2001).
