ARCHITECTURAL AND TRANSPORTATION BARRIERS COMPLIANCE BOARD

36 CFR Part 1191
RIN 3014-AA22

Americans With Disabilities Act (ADA) Accessibility Guidelines for Buildings and Facilities; Architectural Barriers Act (ABA) Accessibility Guidelines; Correction

AGENCY: Architectural and Transportation Barriers Compliance Board.

ACTION: Final rule; correction.

SUMMARY: The Architectural and Transportation Barriers Compliance Board (Access Board) is correcting a document that appeared in the Federal Register of September 26, 2013 (78 FR 59476). The document issued a final rule that amended the Architectural Barriers Act Accessibility Guidelines by adding scoping and technical requirements for camping facilities, picnic facilities, viewing areas, trails, and beach access routes constructed or altered by or on behalf of federal agencies. The document set out the Architectural Barriers Act Accessibility Guidelines in their entirety, as amended by the final rule, and also set out the Americans with Disabilities Act Accessibility Guidelines in their entirety as word searchable text since both sets of guidelines were previously issued as “camera ready” images that could not be amended.

DATES: Effective November 25, 2013.

FOR FURTHER INFORMATION CONTACT: James Raggio, Access Board, 1331 F Street NW., Suite 1000, Washington, DC 20004–1111. Telephone: (202) 272–0040 (voice) or (202) 272–0062 (TTY). Email address: raggio@access-board.gov.

SUPPLEMENTARY INFORMATION: In FR Doc. 2013–22876 appearing on page 59476 in the Federal Register of Thursday, September 26, 2013 (78 FR 59476), the following corrections are made:

Appendix B to Part 1191—Americans With Disabilities Act: Scoping [Corrected]

2. On page 59500, in the third column, and continuing on page 59501, in the first column, Table 208.2—PARKING SPACES is corrected to read as follows:

<table>
<thead>
<tr>
<th>Total number of parking spaces provided in parking facility</th>
<th>Minimum number of required accessible parking spaces</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 to 25 .......................... 1.</td>
<td></td>
</tr>
<tr>
<td>26 to 50 .......................... 2.</td>
<td></td>
</tr>
<tr>
<td>51 to 75 .......................... 3.</td>
<td></td>
</tr>
<tr>
<td>76 to 100 ................................ 4.</td>
<td></td>
</tr>
<tr>
<td>101 to 150 ................................ 5.</td>
<td></td>
</tr>
<tr>
<td>151 to 200 ................................ 6.</td>
<td></td>
</tr>
<tr>
<td>201 to 300 ................................ 7.</td>
<td></td>
</tr>
<tr>
<td>301 to 400 ................................ 8.</td>
<td></td>
</tr>
<tr>
<td>401 to 500 ................................ 9.</td>
<td></td>
</tr>
<tr>
<td>501 to 1000 ................................ 10.</td>
<td></td>
</tr>
<tr>
<td>1001 and over ................................ 20, plus 1 for each 100, or fraction thereof, over 1000.</td>
<td></td>
</tr>
</tbody>
</table>

3. On page 59507, in the first column, in 233.2 Residential Dwelling Units Provided by Entities Subject to HUD Section 504 Regulations, “Where facilities with residential dwelling units are provided by entities subject to regulations issued by the Department of Housing and Urban Development (residential dwelling units with mobility features complying with 809.2 through 809.4 in a number required by the applicable HUD regulations.” is corrected to read “Where facilities with residential dwelling units are provided by entities subject to regulations issued by the Department of Housing and Urban Development (HUD) under Section 504 of the Rehabilitation Act of 1973, as amended, such entities shall provide residential dwelling units with mobility features complying with 809.2 through 809.4 in a number required by the applicable HUD regulations.”

Appendix C to Part 1191—Architectural Barriers Act: Scoping [Corrected]

4. On page 59509, in the second column, remove F104.3 Figures.

**Appendix D to Part 1191—Technical [Corrected]**

6. On page 59529, in the second column, in 404.3 Automatic and Power-Assisted Doors and Gates, “Full-powered automatic doors shall comply with ANSI/BHMA A156.10 (incorporated by reference, see ‘Referenced Standards’” in Chapter 1).” is corrected to read “Full-powered automatic doors shall comply with ANSI/BHMA A156.10 (incorporated by reference, see ‘Referenced Standards’” in Chapter 1).”

7. On page 59529, in the third column, in 404.3.7 Revolving Doors, Revolving Gates, and Turnstiles, “Revolving doors, revolving gates, and turnstiles shall not be part of an 405 Ramps” is corrected to read “Revolving doors, revolving gates, and turnstiles shall not be part of an accessible route.”

8. On page 59529, in the third column, 405 Ramps and 405.1 General are corrected to read as set forth below.

### 405 Ramps

- **405.1 General.** Ramps on accessible routes shall comply with 405.

9. On page 59530, in the first column, in 406.1 General, “Curb ramps accessible routes shall comply with 406, 405.2 through 405.5, and 405.10.” is corrected to read “Curb ramps on accessible routes shall comply with 406, 405.2 through 405.5, and 405.10.”

10. On page 59530, in the second column, in 407.1 General, “Elevator hoistway doors shall comply with 407 and with ASME A17.1 (incorporated by reference, see ‘Referenced Standards’ in Chapter 1).” is corrected to read “Elevators shall comply with 407 and with ASME A17.1 (incorporated by reference, see ‘Referenced Standards’ in Chapter 1).”

11. On page 59530, in the third column, in 407.2.2.1 Visible and Audible Signals, “A visible and audible signal shall be provided at each hoistway entrance to indicate which car is answering a call and the car’s direction of travel.” is corrected to read “A visible and audible signal shall be provided at each hoistway entrance to indicate which car is answering a call and the car’s direction of travel.”

12. On page 59530, in the third column, in 407.2.2.2 Visible Signals, “Destination-oriented elevators shall be permitted to have signals visible from the floor area adjacent to the hoistway entrance.” is corrected to read “Destination-oriented elevators shall be permitted to have signals visible from the floor area adjacent to the hoistway entrance.”

13. On page 59530, in the third column, 407.2.3 Hoistway Signs is corrected to read as follows:

```
407.2.3 Hoistway Signs. Signs at elevator hoistways shall comply with 407.2.3.
```

14. On page 59530 in the third column and continuing on page 59531 in the first column, in 407.2.3.1 Floor Designations, “Floor designations complying with 703.2 and 703.4.1 shall be provided on both jambs of elevator hoistway entrances.” is corrected to read “Floor designations complying with 703.2 and 703.4.1 shall be provided on both jambs of elevator hoistway entrances.”

15. On page 59531, in the first column, in 407.3 Elevator Door Requirements, “Destination-oriented elevators shall provide tactile car identification complying with 703.2 on both jambs of the hoistway immediately below the floor designation.” is corrected to read “Destination-oriented elevators shall provide tactile car identification complying with 703.2 on both jambs of the hoistway immediately below the floor designation.”

16. On page 59531, in the first column, in 407.3.2 Operation. Elevator hoistway and car doors shall open and close automatically. EXCEPTION: Existing manually operated hoistway swing doors shall be permitted provided that they comply with 404.2.3 and 404.2.9. Car door closing shall not be initiated until the hoistway door is closed.

17. On page 59531, in the first column, 407.3.2 Operation is corrected to read as follows:

```
407.3.2. Operation. Elevator hoistway and car doors shall open and close automatically. EXCEPTION: Existing manually operated hoistway swing doors shall be permitted provided that they comply with 404.2.3 and 404.2.9. Car door closing shall not be initiated until the hoistway door is closed.
```

18. On page 59531, in the first column and continuing in the second column, in 407.3.3 Reopening Device, “Elevator doors shall be provided with a reopening device complying with 407.3.3 that shall stop and reopen a car door and hoistway door automatically if the door becomes obstructed by an object or person.” is corrected to read “Elevator doors shall be provided with a reopening device complying with 407.3.3 that shall stop and reopen a car door and hoistway door automatically if the door becomes obstructed by an object or person.”

19. On page 59531, in the second column and continuing in the third column, in 407.3.4 Door and Signal Timing, “T = D/(1.5 ft/s) or T = D/(455 mm/s) = 5 seconds minimum where T equals the total time in seconds and D equals the distance (in feet or millimeters) from the point in the lobby or corridor 60 inches (1525 mm) directly in front of the farthest call button controlling that car to the centerline of its hoistway door.” is corrected to read “T = D/(1.5 ft/s) or T = D/(455 mm/s) = 5 seconds minimum where T equals the total time in seconds and D equals the distance (in feet or millimeters) from the point in the lobby or corridor 60 inches (1525 mm) directly in front of the farthest call button controlling that car to the centerline of its hoistway door.”

20. On page 59531, in the first column, 407.4.3 Platform to Hoist-way Clearance is corrected to read as follows:

```
407.4.3 Platform to Hoistway Clearance. The clearance between the car platform sill and the edge of any hoistway landing shall be 1/4; inch (32 mm) maximum.
```

21. On page 59532, in the first column, in 407.4.7.1.3 Symbols, “The control button for the emergency stop, alarm, door open, door close, main entry door, and phone shall be identified with tactile symbols as shown in Figure 407.4.7.3 at the end of this document.” is corrected to read “The control button for the emergency stop, alarm, door open, door close, main entry door, and phone shall be identified with tactile symbols as shown in Figure 407.4.7.1.3 at the end of this document.”

22. On page 59532, in the first column and continuing in the second column, in 408.1 General, “Limited-use/limited-application elevators shall comply with 408 and with ASME A17.1 (incorporated by reference, see ‘Referenced Standards’” in Chapter 1).” is corrected to read “Limited-use/limited-application elevators shall comply with 408 and with ASME A17.1 (incorporated by reference, see “Referenced Standards” in Chapter 1).”

23. On page 59532, in the second column, 408.2.3 Hoist-way Signs is corrected to read as follows:

```
408.2.3 Hoistway Signs. Signs at elevator hoistways shall comply with 407.2.3.
```

24. On page 59532, in the second column, in 408.3 Elevator Doors, “Elevator hoist-way doors shall comply with 408.3.” is corrected to read “Elevator hoistway doors shall comply with 408.3.”

25. On page 59532, in the second column, in 408.3.1 Sliding Doors, “Sliding hoist-way and car doors shall comply with 407.3.1 through 407.3.3 and 408.4.1.” is corrected to read “Sliding hoistway and car doors shall comply with 407.3.1 through 407.3.3 and 408.4.1.”
35. On page 59543, in the third column, in 810.9 Escalators, “Where provided, escalators shall comply with the sections 6.1.3.5.6 and 6.1.3.6.5 of ASME A17.1 (incorporated by reference, see “Referenced Standards” in Chapter 1) and shall have a clear width of 32 inches (815 mm) minimum.” is corrected to read “Where provided, escalators shall comply with the sections 6.1.3.5.6 and 6.1.3.6.5 of ASME A17.1 (incorporated by reference, see “Referenced Standards” in Chapter 1) and shall have a clear width of 32 inches (815 mm) minimum.”

36. On page 59546, in the third column, in 1008.2.6.1 Accessibility, “Ground surfaces shall comply with ASTM F1951 (incorporated by reference, see “Referenced Standards” in Chapter 1). Ground surfaces shall be inspected and maintained regularly and frequently to ensure continued compliance with ASTM F1951.” is corrected to read “Ground surfaces shall comply with ASTM F1951 (incorporated by reference, see “Referenced Standards” in Chapter 1). Ground surfaces shall be inspected and maintained regularly and frequently to ensure continued compliance with ASTM F1951.”

37. On page 59552, Figure 407.4.7.1.3 is corrected to read as set forth below.

### TABLE 703.5.5—VISUAL CHARACTER HEIGHT

Environmental Protection Agency

40 CFR Part 52

Approval and Promulgation of Implementation Plans; Tennessee; Infrastructure Requirements for the 2008 Lead National Ambient Air Quality Standards; Correction

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule; Correcting Amendment.

SUMMARY: On June 18, 2013, EPA published a final rule approving certain infrastructure requirements of the Clean Air Act (CAA) for Tennessee's State Implementation Plan (SIP) for the 2008 Lead national ambient air quality standards (NAAQS). The CAA requires that each state adopt and submit a SIP for the implementation, maintenance, and enforcement of each NAAQS promulgated by EPA, which is commonly referred to as an "infrastructure" SIP. Further, in the June 18, 2013, final rule, EPA explained that the Agency was not taking action on the prevention of significant deterioration (PSD) elements of Tennessee's infrastructure SIP, and that action on those infrastructure elements for the 2008 Lead NAAQS would occur in a subsequent action. This action corrects a typographical error in the regulatory language in paragraph (c) of EPA's June 18, 2013, final rule related to the status of EPA's action on these PSD elements for Tennessee's 2008 Lead NAAQS infrastructure SIP.

DATES: This action is effective November 12, 2013.

ADDRESSES: Copies of the documentation used in the action being corrected are available for inspection during normal business hours at the following location: U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street SW., Atlanta, Georgia 30303–8960. The Regional Office’s official hours of business are Monday through Friday, 8:30 to 4:30, excluding federal holidays.

FOR FURTHER INFORMATION CONTACT: Ms. Lynorae Benjamin, Chief, Regulatory Development Section, Air Planning Branch, Air, Pesticides and Toxics Management Division, U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street SW., Atlanta, Georgia 30303–8960. Ms. Benjamin can be reached at 404–562–9040, or via electronic mail at benjamin.lynorae@epa.gov.

SUPPLEMENTARY INFORMATION: This action corrects a typographical error in the regulatory language that appears in paragraph (c) of Tennessee's Conditional Approval section at 40 CFR 52.2219. This typographical error stems from a June 18, 2013, final rule that approved in part, and conditionally approved in part, portions of Tennessee's October 19, 2009, SIP revision addressing the infrastructure requirements for the 2008 Lead NAAQS. See 78 FR 36440. In that June 18, 2013, final rulemaking, EPA described that no action was being taken on the PSD-related requirements of sections 110(a)(2)(C), 110(a)(2)(D)(ii) and 110(a)(2)(f) of Tennessee's 2008 Lead NAAQS infrastructure submission. Inadvertently, however, EPA included a revision to the regulatory language in
