DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Consent Decree Amendment Under the Comprehensive Environmental Response, Compensation, and Liability Act

On November 5, 2013, the Department of Justice lodged a proposed consent decree amendment with the United

States District Court for the District of South Carolina in the lawsuit entitled *United States of America v. AILS, LLC, as successor-in-interest to ABCO Industries, Ltd., et al.*, Civil Action No. 6:92-cv-0153-20, regarding the remedial action at the Medley Farm Superfund Site located in Gaffney, Cherokee County, South Carolina ("Site").

In 1992, the Court entered a consent decree in the matter of *United States v. ABCO Industries, Ltd., et al.*, ("1992 Consent Decree") under which defendants agreed to perform the remedial action at the Site consistent with the Environmental Protection Agency's ("EPA's") 1991 Record of Decision. The 1992 Consent Decree required defendants to, among other things, utilize a groundwater pump-and-treat system to address contaminated groundwater. The effectiveness of this system declined through time. In 2012, EPA issued an Amended Record of Decision, amending the groundwater component of the remedy to employ enhanced reductive dechlorination as an active treatment process to address groundwater contamination, and selecting monitored natural attenuation as the contingency remedy. The proposed consent decree amendment includes the revised groundwater cleanup remedy and contingency remedy of the 2012 Amended Record of Decision and addresses other changes such as to the names of defendants. The consent decree amendment was signed by the following defendants: AILS, LLC, as successor-in-interest to ABCO Industries, Ltd.; BASF Corporation; Colonial Heights Packaging Inc.; Ethox Chemicals, LLC; Expert Management Inc. on behalf of National Starch and Chemical Company; Henkel Corporation, as successor-in-interest to Tanner Chemicals, Inc., f/k/a/Evode-Tanner; and Milliken & Company.

The publication of this notice opens a period for public comment on the consent decree amendment. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States v. AILS, LLC as successor-in-interest to ABCO Industries, Ltd., et al.*, D.J. Ref. No. 90-11-3-104A. All comments must be submitted no later than thirty (30) days after the publication date of this notice. Comments may be submitted either by email or by mail:

Notice of Lodging of Proposed Consent Decree Under the Comprehensive Environmental Response, Compensation, and Liability Act

On November 6, 2013, the Department of Justice lodged a proposed consent decree with the United States District Court for the District of Rhode Island in the lawsuit entitled *United States v. Estate of Amilio L. Zompa, et al.*, Civil Action No. 3:12–cv–00812–ML–PAS.

The United States filed this lawsuit under Section 107(a) of the Comprehensive Environmental Response, Compensation and Liability Act (“CERCLA”). The United States’ complaint seeks recovery of costs incurred in connection with the Environmental Protection Agency’s cleanup of hazardous substances at the Birch Swamp Road Superfund Site in Warren, Rhode Island. The Consent Decree requires the defendants to pay a total of \$92,000 plus interest, and 82% of the net proceeds from the sale of two properties. The Decree also requires the United States on behalf of the Defense Logistics Agency to pay \$475,000 to resolve a potential counterclaim for contribution under Section 113(f) of CERCLA.

The publication of this notice opens a period for public comment on the consent decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States v. Estate of Amilio L. Zompa, et al.*, D.J. Ref. DEPARTMENT OF JUSTICE

Notice of Lodging of Consent Decree; Pursuant to the Resource Conservation and Recovery Act and the Clean Water Act

On October 28, 2013, the Department of Justice lodged a proposed Consent Decree (“Decree”) in the United States District Court for the Eastern District of Kentucky in the lawsuit entitled *United States of America v. Calgon Carbon Corporation*, Civil Action No. 0:13–cv–00158.

This Decree represents a settlement of claims against the Defendant Calgon Carbon Corporation (“Defendant” or “Calgon”) for violations of Kentucky Revised Statutes (KRS) Title XVIII Chapter 224, Subchapter 46-Hazardous

Waste et seq. (Section 3005 of the Resource Conservation and Recovery Act (“RCRA”), 42 U.S.C. 9625), and the Kentucky Hazardous Waste Management Regulations, as authorized, at Title 401 of Kentucky Administrative Regulations (KAR) Chapters 31 through 38 (40 CFR parts 260 through 270), which account for numerous RCRA hazardous waste permit conditions, RCRA interim status conditions, and other RCRA hazardous waste management requirements at Calgon’s Big Sandy facility located near Catlettsburg, Kentucky, and at Calgon’s Solid Waste Landfill. In addition, the Complaint contains allegations of violations by Calgon of the Clean Water Act (CWA), Sections 301 and 402 of the CWA, 42 U.S.C. SS 1341 and 1311, by not complying with its National Pollutant Discharge Elimination System (NPDES) permit.

Under the proposed Consent Decree, the Defendant will pay a penalty of \$1.6 million, to be allocated as \$1,374,000 as civil penalty for RCRA violations, and \$226,000 for the CWA violations. The Decree provides for stipulated penalties in the event the Defendant fails to comply with the Decree’s requirements.

The proposed Consent Decree provides for injunctive relief sought by the United States that EPA believes is necessary to address Calgon’s violations and bring the facility into compliance with the law. The injunctive relief that Calgon must perform is set forth in Section V. (Compliance Requirements) of the Consent Decree. Calgon has already submitted a Lagoon Solids Stockpile Sampling Quality Assurance Project Plan (QAPP) and Lagoon Solids Stockpile Sampling Work Plan to address sampling and testing of the Phase II Lagoon Solids Stockpile. EPA has already approved this Work Plan and QAPP, which are attached as an appendix to the Consent Decree. Calgon is required to begin to implement its Work Plan within thirty days of the Effective Date of the Consent Decree, which is the date the Decree is entered by the Court.

Within ninety days from the Effective Date of the Decree, Calgon is required to submit a site specific QAPP and Work Plan to address the sampling and testing of groundwater at Calgon’s Residual Solid Waste Landfill. Upon acceptance of the Plan by the Environmental Protection Agency (EPA), Calgon is required to begin to implement the Work within fifteen days.

Calgon must further conduct Corrective Action in accordance with its State-issued RCRA permit and any other applicable Commonwealth rules and regulations for solid waste management
